Fire Chief Saves Drowning Girl, 3

Mouth-to-mouth breathing today saved the life of a 3-year-old Mill Valley girl after she tumbled into the family swimming pool.

Carol Lamb, daughter of Mill Valley Planning Commissioner Frank Lamb, lay apparently lifeless for nearly a half hour after her mother snatched her from the water, despite resuscitation efforts by Mrs. Lamb and Fire Chief Leslie A. Armager.

Then, some 15 minutes after Chief Armagar had begun mouth-to-mouth breathing to revive the child, she emitted a first feeble cry.

"Thank God for that cry!" exclaimed Police Officer Dan Terzich, who was at the fire chief's side.

Ten minutes later, revived but still crying, Carol was placed in a police car to be taken by Terzich and Mrs. Lamb to Kaiser Hospital in San Francisco. Dr. R. B. Hartman, who had arrived on the scene, pronounced her out of danger.

Mrs. Lamb said she and the brown-haired 3-year-old had been in the back yard when the telephone rang about 11:25 a.m. Mrs. Lamb entered the house to answer the phone.

"It couldn't have been more than two or three minutes," she said.

She returned to the yard and was horrified to see Carol lying in the water at the deep end of the pool. She leaped in at once,

PT. REYES INSPECTION

Udall, Brown Eye 'Park' Tomorrow

Secretary of the Interior Stewart L. Udall and Gov. Edmund G. Brown will inspect the Point Reyes Peninsula tomorrow from the air and on the ground.

Udall will arrive at San Francisco Airport shortly before noon to inspect the proposed Point Reyes National Seashore area and speak to the Science Club's annual Wilderness Conference in San Francisco tomorrow night.

Included in the secretary's party are to be Reps. J. T. Rutherford of Texas, chairman of the House Committee on National Parks, and Clement W. Miller of Corte Madera, both Democrats, and John Saylor, Pennsylvania Republican.

At 1:45 p.m. Udall, Brown and the party will board three Army helicopters at International Airport. They will fly to Point Reyes and land at the mouth of Bear Valley Creek, on Bear Valley Ranch. They will be met there by automobiles which will carry them into the wooded areas of the southern part of the peninsula.

The helicopters will fly to the old rodeo grounds near the ranch headquarters, where they will pick up the party and fly north over the rest of the peninsula.

The 'copters will return the party to Crissy Field in San Francisco from whence they will go to the Palace Hotel for the evening's program.

Udall has been an outspoken proponent of the proposed 53,000-acre seashore area at Point Reyes. He warned senators last month that quick action is necessary to save the peninsula from subdividers for recreational purposes.

Johnson Says NATO Needs Arms Buildup

PARIS (AP) — Vice President Lyndon B. Johnson said today the North Atlantic Treaty Organization needs an effective nuclear force but the building up of the alliance's non-nuclear strength is a "high priority task."

In a speech marking the 10th anniversary of the founding of NATO military headquarters here, Johnson served notice that the Kennedy administration intends to press first for greater conventional forces to bolster the alliance.

Johnson added that "an effective NATO nuclear capability is also needed to achieve our goal, and the United States stands ready to consult with all members of the alliance on the best ways and means of maintaining this capability in the future."

Bay Area's Heat Wave Tapers Off

The U.S. Weather Bureau reported today the jolt of warm weather is apparently over for Marin and the rest of the Bay Area.

A coastal fog is expected to move inland tomorrow, bringing with it more cool air.

San Anselmo was again the warmest spot of the county yesterday with a high reading of 86 degrees. San Rafael, Woodacre and Novato all had 82-degree maximums. Fairfax had 80 degrees.

Plaudits Given I-J At 100th Birthday Fete

The Independent-Journal and its publishers last night received framed resolutions of commendation from the State Senate and the plaudits of more than 200 fellow citizens of Marin.

The occasion was a 100th birthday party for the I-J hosted by the Marin Industrial Development Foundation at the Meadow Club in Fairfax.

Fred F. Enemark, foundation president who was master of ceremonies, commented that it was appropriate for the industrial foundation to honor the I-J because, "although we seldom think of it that way, the Independent-Journal is one of Marin's biggest industries." He pointed out that the I-J has 135 fulltime employees plus nearly 600 boys who are learning the rudiments of business as newspaper carriers.

The senate scrolls were presented to co-owners Roy A. Brown and Justus F. Craemer by Marin Sen. John F. McCarthy.

The senator praised the Independent-Journal as always forthright and deeply interested in what is best for Marin. "More than that you cannot ask of the press," he declared.

Brown, in accepting the scrolls on behalf of himself and Craemer, recalled that when he arrived in San Rafael and Jan. 4, 1937, as publisher of what was then the San Rafael Independent, the editorial staff consisted of two em-

THEY'RE OPTIMISTIC

JFK, Macmillan Focus On Laos

WASHINGTON (AP) — President John F. Kennedy and British Prime Minister Harold Macmillan focused their allied policy charting on the crisis in southeast Asia today, planning particularly for negotiations with Russia and Red China on a permanent settlement in Laos.

While the two leaders worked separately at the White House and the British Embassy, their foreign policy chiefs met at the State Department to review the progress of the British-American talks so far and and get ready for the final rounds this afternoon and Saturday morning.

At a Potomac River dock, the 92-foot presidential cabin cruiser was made ready for this afternoon's Kennedy-Macmillan meeting. The two men and their advisers were scheduled to board the cruiser in mid-afternoon and spend two to three hours conferring on the Laotian crisis, the Communist threat in south Viet Nam, nuclear tests, disarmament and other issues in the cold war conflict between the Communist bloc and the Western powers.

The two Western leaders, in the second day of their Washington conference, were reported optimistic about Soviet agreement to a guaranteed cease-fire in the Laotian civil war.

They were expected to agree that once the fighting ends they should focus their efforts on unifying and neutralizing Laos, seeking that objective in a forthcoming international con-

North Marin School Merger Gains Backing

A tentative proposal to unify the San Jose and Novato Unified School Districts was approved last night by the Marin County Committee on School District Organization.

The proposal was put into a motion by Mrs. Jean Ansley after a two-hour hearing. Mrs. Ansley, a member of the San Jose district board, also proposed that the new unified district have a seven-member governing board. The county committee agreed.

The seven-member board would mean trustees would be elected from specific trustee districts; for a five-member board, trustees may be elected at large or from districts.

Members of the committee stressed that the proposal is only tentative and that it can be changed at any time during

Order Revised Figures For County Hospital

By RANDALL GOULD

A break in the log-jam of Marin County hospital crisis came yesterday at a conference session of the board of supervisors.

Members decided to vote Monday for a resolution applying for 300 federal housing units suitable for ambulatory cases and elderly persons in need of nursing care.

They also asked Auditor-Controller Leon A. deLisle to get up revised figures by their 2 p.m. Monday meeting, giving up-to-date ideas on cost of a new hospital which need not provide accommodation for those put in the new housing units.

An otherwise calm conference was enlivened by a fast verbal sparring-match between Dr. Bruce R. Merrill of Belvedere, who recently charged county physician Rafael G. Dufficy Jr. with "apathy" on rehabilitation, and Dr. Dufficy, who displayed no apathy in repudiation of the charge.

The session was divided into two periods, with the first devoted to a housing authority report on the recent survey of need, and the second given over to reading and discussion of the report of hospital needs compiled by the Marin Council for Civic Affairs hospital committee, headed by Merrill.

Biggest disclosure by E. M. Schaffran, who conducted the housing needs survey, was that it had turned up 275 low-income elderly families or individuals who "would be interested in moving into a project in Lucas Valley in close proximity to a medical center."

Schaffran said his figure was a minimum and that it could be taken for granted that more would show up, so an application for 300 housing units was deemed advisable. It was brought out that these won't necessarily be in Lucas Valley, however.

Dr. Merrill's part of the program consisted primarily in reading aloud his committee report urging speed in provision of a new county hospital before disaster overwhelms the

TRAFFIC PAINTED INTO A CORNER

A San Anselmo street crew started painting stripes and markings on Red Hill and Greenfield Avenues at the Hub and Sequoia Avenue intersections at 5 a.m. today, expecting to get the job done before commute traffic began. But the crew, under Public Works Director William Rowe, ran into trouble. As traffic began to pour through after 7 a.m., both routes were partially blocked with cones set up to guard the new paint. The tieup above resulted. City Administrator Douglas Flautt said the crew "got caught with its wash on the line," and promised steps to see that it doesn't happen again. (Independent-Journal photo)

TRIAL NEAR—Adolf Eichmann, whose trial opens next week in Jerusalem, is shown in a place of detention in this picture made available in Jerusalem today by the Israeli government. Eichmann will stand trial on war crimes charges. (AP Wirephoto via radio)

Israel Moves Eichmann To Special Trial Area

JERUSALEM, Israel (UPI) — Adolf Eichmann has been transferred to a heavily guarded cell on the top floor of the five-story building in the heart of Jerusalem where he will be tried next week for the murder of six million Jews in Nazi Germany, it was disclosed today.

Eichmann was transferred yesterday from a super-secret cell in a fortress-jail near Haifa under conditions of strictest security. The move went unnoticed in an Israel bustling with conventions, rallies, conferences and the closing days of passover.

But starting next Tuesday the Beit Haam Community Center, which contains both jail and courtroom for Eichmann, will become the focal point of world news interest when the long-awaited trial of the former SS colonel begins.

Robert Servatius, Eichmann's German attorney who will handle the defense, flew in from West Germany and went directly to the ex-Nazi's cell for last-minute talks.

The trial itself may become one of the longest in Israel's short history, and it may be a week before the prosecutor makes his opening statement.

Move To Fire Westinghouse Heads Fail

PITTSBURGH (AP)—A proposal to oust the top three executives of Westinghouse Electric Corp., which was fined recently for anti-trust violations, has failed by a wide margin in a vote by stockholders.

Stockholder C. A. Olsen of Cleveland, Ohio, introduced a resolution at the annual stockholder meeting yesterday asking the immediate removal of the president, Mark W. Cresap Jr.; board chairman, Gwilym A. Price, and executive vice president, John K. Hodnette.

Last Feb. 11 Westinghouse executives pleaded guilty or no defense to charges of price-fixing and bid-rigging in the heavy electrical equipment field.

Three other resolutions introduced by Olsen were voted down.

They were dismissal of all officials prosecuted, filing of suits against all persons in the corporation responsible for the indictments and the recovery of fines against the company amounting to $372,500, and appointment of investigators to see if similar practices are still being carried on.

Dag Says He's Willing To Quit Anytime

UNITED NATIONS, N. Y. (AP)—Secretary-General Dag Hammarskjold left his fate in the hands of the United Nations General Assembly today with a standing offer to resign, but there seemed no prospect that a majority of the members would accept.

Hammarskjold made his showdown move during the sembly's Congo debate yesterday in an obvious maneuver to take the sting out of repeated Soviet bloc demands that he step down. Judging from the applause he received at the close of his unscheduled address, most delegates want him to stay on.

WON'T YIELD

Hammarskjold, who has been under mounting Communist attack since Soviet Premier Nikita Khrushchev demanded his resignation last fall, stood by his previous vow not to yield to the Red demand unless the assembly asks him to quit.

The U.N. executive also made clear he would consider silence from the assembly to mean he should remain in office.

He told the delegates: "I do not consider that I am entitled to present the General Assembly with a fait accompli by resigning because I have been requested to do so by a big power and its like-minded supporters.

"On the other hand, I regard the will of the General Assembly in this respect as my law . . ."

TERM OF OFFICE

Hammarskjold's term of office does not expire until April 1963.

Elsewhere in the U.N., Yugoslavia and 14 Asian-African nations proposed that the General Assembly threaten Belgium with punitive action if she does not pull all Belgian military men and political advisers out of the Congo within three weeks.

Under the U.N. charter the punitive action could take the form of economic boycott, diplomatic quarantine or even force.

The proposal was submitted despite the fact that the U.N. announced earlier yesterday Belgium had agreed to carry out a Feb. 21 resolution of the Security Council calling for immediate withdrawal of Belgian military and political personnel from the Congo.

Two officers with two highly trained dogs on leash arrived to break up a band of students who had been dancing at a street intersection early yesterday. But a short time later students again began congregating at an intersection to protest the use of dogs.

Police and their canine colleagues returned to the scene in riot cars and were met by catcalls and water bombs. Order was finally restored with the help of C. Burton Grand, executive dean of the school.

They were condemned by separate military tribunals Wednesday night.

The two tribunals also sentenced 24 persons to prison for terms ranging from 9 to 20 years on charges of counter-revolutionary activities.

Congo Leftist Leader Agrees To Conference

LEOPOLDVILLE (UPI) — Antoine Gizenga, leader of Oriental Province's leftist regime, has agreed to meet with Congolese leaders, but remains bitterly opposed to a federation of Congo states, it was disclosed today.

Leopoldville provincial Premier Cleophas Kamitatu, who called on Gizenga in Stanleyville Monday, told a news conference the leftist chief was willing to meet delegates from the central government at Stanleyville or at some point on the border of Oriental Province.

Gizenga specifically suggested the village of Bunduki, 186 miles northwest of Stanleyville. He named Vice Premier Jean Bolikango and Minister of Interior Cyrille Adoula of the central government as acceptable negotiators and guaranteed their safety.

Kamitatu said Congolese Premier Joseph Ileo also has agreed to the talks and is now making a final decision as to their site and date.

U.N. Troops Still Buffeted About In Elisabethville

ELISABETHVILLE, Katanga (AP)—The Katanga government and black and white residents of Elisabethville kept up an economic war today against United Nations troops despite President Moise Tshombe's truce with the U.N. command.

All business places, including garages and cafes, still refused to serve U.N. personnel.

The chief U.N. spokesman in Katanga, Michel Tombelaine, was ejected from a towntown hotel last night by the hotel manager and a Belgian police officer as a crowd of whites jeered.

The Belgian officer and Marcel Tignee, Belgian adviser to Interior Minister Godefroid Munongo told Tombelaine that Tshombe's order to impose economic sanctions on U.N. troops had not been rescinded.

A U.N. spokesman said yesterday that after a conference with U.N. officials, Tshombe had agreed that sanctions would be "suppressed but not lifted."

The U.N. military commander in the Congo, Gen. Sean McKeown of Ireland, warned Tshombe during the two-hour conference he would reinforce his garrison in Elisabethville with Indian troops if there was repetition of Tuesday's mob violence against the U.N. force. Tshombe violently opposes use of Indians in Katanga.

WESTERNS HIT

British Lay Teen Crime To Yank TV

LONDON (UPI) — A group of educators today blamed "brutal" and "savage" American television westerns for contributing to the wave of juvenile crime sweeping Britain.

Teen-agers in widely scattered sections of the country have made shambles of theaters and railway cars.

The National Assn. of Schoolmasters, meeting at Blackpool, said part of the blame was due to violence on TV screens.

The American TV favorites "Wagon Train," "Rawhide," and "Tenderfoot" were described by the educators as "brutal and barbarous."

"Life in the wild west may have been rough, crude and savage," said delegate Wilfred Ridealgh, "but brutality begets brutality. It cannot be a good thing to condition young minds to it.

"Those bringing up children by Christian standards must often shudder at the portrayal of death, destruction and lack of emotion on the screen."

Commercials were criticized by delegate Jack Campbell, who said they "unfairly and without integrity encourage people to smoke, to drink and to use cosmetics."

Carole, Finch Vow To Fight Life Imprisonment Sentences

LOS ANGELES (UPI)—Dr. R. Bernard Finch and Carole Tregoff, spared by a jury from death in the gas chamber, vowed today to fight their life imprisonment sentences.

The penalty fixed yesterday by the 10-man two-woman jury meant the lovers, who were found guilty of killing the surgeon's wife, will be eligible for parole after serving seven years.

Attorneys for the convicted murderers said they will appeal the case if motions for a new trial are turned down at formal sentencing April 17.

Finch, 43, and Carole, 24, were convicted 10 days ago at their third trial of the shot-in-the-back murder of the surgeon's wife, Barbara Jean, 33, on July 18, 1959.

The state board that rules on parole can withhold it for an indefinite length of time or refuse it completely, depending on the nature of the crime and a convict's behavior in prison.

Of those male prisoners sentenced to life and later paroled, the average length of sentence in California is 11 years, four months. But some are never released.

The same jury that returned the guilty verdicts pronounced its sentence at 4:35 p.m. yesterday after receiving orders from Judge David Coleman that there were only two alternatives—the gas chamber or life.

The lovers reacted with tearful relief and at the same time the shock that came from knowing they might spend the rest of their lives in jail.

"No, no, no," Carole said. "I'll be an old woman when I get out."

She started to sob. Finch, separated from her at the counsel table by her lawyer, Don Bringgold, reached his left hand to touch her right arm and said:

"We'll fight it, darling. We're still alive."

Carole recovered her composure quickly and walked firmly from the courtroom. But Finch, suddenly overcome, put his hands palm down on the table, hung his head and wept for nearly three minutes.

Finch was sentenced to life on both his convictions: For first-degree murder and conspiracy to murder. Carole, his mistress, was sentenced for conspiracy, which, like first-degree murder, carries a punishment of the gas chamber or life.

She also was convicted of second-degree murder, but the judge told the jury to ignore its automatic penalty of five years to life since the conspiracy sentence made it meaningless.

"We'll go as high as the supreme court if necessary," said Bringgold. He said he "thanked God" the jury had spared Carole but added:

"We will free this girl and prove her innocence to the world. If she is granted a new trial, it will be the beginning of a long, hard fight."

Bringgold said Carole was placed in the care of the county jail physician after the sentencing and that she was "obviously shaken" and "highly disturbed."

Finch's lawyer, Maxwell Keith, said the surgeon felt "vastly relieved" by the life term. He said he thought the sentence was "wonderful" and that "justice has been served."

Co-prosecutor Clifford Crail, who had demanded the death penalty, said, "I'd be the last person to quarrel with a duly-appointed jury. We certainly will accept the verdict."

Said Bringgold of Carole and Finch: "They're still very much in love." And Keith added: "They sure appear to be."

Thus ended three trials that began in December, 1959, took up more than 10 months and cost the taxpayers an estimated $305,000.

Henry Siedel Canby, Noted Editor, Dies

OSSINING, N.Y. (AP) — Henry Seidel Canby, noted editor, teacher, and a leading figure in American literary criticism for many years, died here yesterday. He was 82.

Canby was a founder of the Saturday Review of Literature, and the first editor in chief of the Book-of-the-Month Club. He left the club in 1958 after an association of 32 years. He had been in poor health for the past six years.

Born in Wilmington, Del., Canby was graduated from Yale University and took his doctorate there. His first book, "The Short Story in English," written in 1909, for many years was a standard text on the literary form of the short story.

He became a member of Yale's faculty, and also taught at Dartmouth College, the University of California and England's Cambridge University.

After World War I, during which he saw service abroad with the British Committee of War Information, Canby joined the New York Post and became editor of the newspaper's literary review supplement. Several years later, he aided in establishing the Saturday Review, serving as editor from 1924 to 1936 and then as chairman of its board of editors.

CASTRO UNDISCIPLINED

Disgusted Reds Held Pulling Out Of Cuba

HAVANA (UPI)—Communist technicians sent here to train Cubans in their specialties were reported today to be heading for home, disgusted with the inefficiency of Premier Fidel Castro's government.

Seven aviation instructors from Czechoslovakia left Monday, telling friends they had found it impossible to work under "inefficient direction."

A dozen other Czech flying instructors left some time ago.

Another group of Czechs assigned as advisers to the National Bank of Foreign Commerce left recently, saying they could not work with the "undisciplined Cubans."

A Russian team overseeing the construction of a cement factor near Matanzas pulled out without explanation, leaving the job half done.

The exact duties of the aviation instructors never had been made clear, although their presence was linked with reports that Russian MIG jets are being assembled at San Julian Air Base in western Cuba.

Friends said the Czech fliers complained that their Cuban superiors failed to keep appointments, that requisitioned supplies never arrived on time and that their students were pulled out of class without notice, sometimes for days at a time.

George Washington served as a vestryman in Christ Church in Alexandria, Va.

Businessman Released By Reds Near Death

HONG KONG (AP)—Robert McCann of Pasadena, released after nearly 10 years imprisonment in Communist China, hovered near death here today.

Doctors canceled plans to fly him to a U. S. Air Force hospital in Manila unless his condition, which they described as extremely grave, improves. McCann, 60, long a businessman in China, is dying of lung cancer.

Attendants at St. Teresa's Hospital said he was semiconscious and tossing restlessly.

McCann was carried across the Chinese Communist border into Hong Kong on a stretcher at noon today. He was half conscious then, apparently under heavy sedation. His eyes were glazed, his body emaciated.

His wife, who flew 9,000 miles last week to be at his side, said his condition took a drastic turn for the worse during their grueling 1,500-mile journey by plane and train from Tientsin, in North China.

She herself was on the point of exhaustion, having had only two hours sleep in the last 48 hours. Doctors ordered her to bed.

A delay in transferring McCann across the border contributed to his critical condition, an attending doctor here said.

Lew Wallace served as territorial governor of New Mexico while he was writing his famed novel, "Ben Hur."

Mosk Ruling Favors Teachers Who Defied House Probers

SACRAMENTO (AP)—California's chief legal officer says the state cannot revoke the credentials of two teachers who refused to answer questions before the House Un-American Activities Committee.

The attorney general's opinion given the State Board of Education yesterday all but restored the teaching rights of Tillman Erb of Campbell and John W. Mass of San Francisco.

Board president Louis Heilbron moved to restore the credentials, but the board delayed action until it could study the 30-page opinion.

Attorney General Stanley Mosk held that though local school boards could fire teachers solely for their refusal to answer legislative questions, the state could not revoke their teaching credentials without going beyond the bare fact of refusal.

It said the state could have revoked the credentials only if hearings had been held, the teachers found guilty of unprofessional conduct, and the findings upheld by a state hearing officer—or possibly a court.

Erb and Mass, however, were fired solely on the grounds they pleaded the Fifth Amendment before the House committee—to avoid subjecting to harassment people they had been asked about, the teachers said.

Erb was fired from Campbell High School last year, and Mass from City College of San Francisco several years before that.

They said they could have moved to other jobs, but credentials were denied them on the advice of the State Education Department. It later recommended renewal of Mass' credential, on orders of a state court.

Both Erb and Mass said they could get permanent jobs in September if their credentials were restored.

Latin Fellowship

Paul Schwarzbart, Tamalpais High School language instructor, has received a fellowship to study Latin this summer at Stanford University. Schwarzbart lives in San Francisco.

CHAMBER HEAD—Richard Wagner, new president of the U.S. Chamber of Commerce, calls himself "a potbellied, sawed-off little man with a big voice." Wagner, 64, is board chairman and chief executive officer of the Champlin Oil and Refining Co., Chicago. He started to work at 14 for 12 cents an hour, and now makes $70,000 a year. He spurns the traditional Horatio Alger story. Born to poor parents, he said, "In my day a lot of fellows started with nothing and got somewhere. It wasn't unusual." (AP Wirephoto)

Bill To Test On Statewide Basis Gains

SACRAMENTO (AP)—The Assembly Education Committee has approved statewide testing of all public school pupils, but postpone until April 19 a decision on stricter training standards for teachers.

The testing bill, by Assemblyman Gordon Winton Jr., (D-Merced), requires all school children to be given intelligence and achievement tests approved by the State Board of Education.

Average district scores would be made public, but not the scores of individual students or schools. However, it would permit parents to compare the average performance of students in their school district to other districts in the state.

On April 19, the committee will choose between two teacher training bills, or possibly reject both.

One version, by Sen. Hugo Fisher (D-San Diego), has already passed the Senate. It would require most teachers to take academic majors and minors in college, thus reducing their how-to-teach training.

The other bill, by Assemblyman Carlos Bee (D-Hayward), would add a fifth year of college training for elementary teachers, but leave it up to the State Board Board of Education to specify how much academic training to require.

The board prefers Fisher's bill. Board president Louis Heilbron said the rules should be enduring, not subject to changes in personnel on the board.

Vet Homes Inquiry Demand Is Renewed

SACRAMENTO (AP)—A demand was renewed today for a full-scale legislative inquiry into the operation of the California Veterans Home and who is boss of the Yountville facility.

Assemblyman Robert L. Leggett (D-Vallejo), said he will introduce a resolution asking the Assembly Rules Committee to hold hearings that will include an investigation of why the institution's commandant, Col. Stanley Dunmire, was replaced.

Leggett said he hoped both Dunmire and the man who dismissed him, State Veterans Director Joseph M. Farber, would voluntarily testify before the committee.

Tuesday, the rules committee killed a resolution by Assemblyman Don Mulford (R-Oakland) asking the Assembly Committee on Military and Veterans Affairs to look into the Napa Valley home.

Democrats outvoted Republicans 4-3 in turning down the request.

Leggett said several Rules Committee members had assured him his resolution will meet with more success because it was more "specific."

Leggett said the committee should look into:

Farber's reorganization of the home to make it more like a hospital than a barracks; the "summary dismissal" of Dunmire; and whether the State Veterans Board or Farber has the right to determine how the home will be operated.

State Sells Big Stack Of Bonds

SACRAMENTO (AP) — California sold 190 million dollars worth of state construction and veterans farm and home loan bonds yesterday — the largest single bond sale in the state's history.

A syndicate headed by the Bank of America bought both blocks of bonds on a bid of 3.8723 per cent net interest on 140 million dollars of veterans bonds and 3.8474 per cent on 50 million dollars of building bonds.

The board of directors of the League of Women Voters of Central Marin today announced its unanimous support of the Tamalpais Union High School District's proposed three-million-dollar bond issue, which is to go before voters April 18.

The action was taken by the board at its March meeting, after presentation of findings by the league's social study workshop headed by Mrs. Joel Nemschoff of Kentfield.

The board also announced plans for its spring luncheon at Sabella's on April 26. After election of officers and presentation of yearly reports, school unification will be discussed.

The children found the eggs, but the sheriff hasn't been able to find Tylor, who was serving a nine-month sentence for failure to provide for his family.

Big Trucks' Speed Limit Now 50 M.P.H.

SACRAMENTO (AP) — California's new speed limit for big trucks is 50 miles an hour on four-lane highways.

Legislation boosting the limit from 45 m.p.h. was signed yesterday by Acting Gov. Glenn M. Anderson. It goes into effect in September.

The bill, by Sen. Randolph Collier (D-Yreka), applies to trucks or truck tractors with three or more axles or any truck pulling another vehicle. It retains the 45 m.p.h. speed limit for buses with three or more axles.

Parking Problems

ORLANDO CONTI SAYS:

We need more parking and longer parking areas. We could use some four hour parking areas.

I talked about ramp parking in 1957, because the parking would be closer to the shopping center also with the high cost of the land, also we would not take away all the commercial buildings. But in 1957, ramp parking was a big joke, now they are saying we need ramp parking, because of the high cost of the land. We have used land for our parking lots, and we will use more land. But never in all this time have they replaced our present commercial area that we have used for parking.

We must expand our commercial areas so we may have more and more stores for shoppers, which is one of our great sources of taxes.

PART OF MASTER PLAN

Mill Valley Approves North Ridge Proposal

The north ridge plan—setting up circulation, land use and drainage for 1,500 acres rimming Mill Valley's developed area to the north and west—was adopted by the Mill Valley City Council last night to become a part of the city's master plan.

The vote was 4-0 with Councilman George Blackwell absent.

Described by Mayor Robert D. Huber as "a guide, not a law," the plan sets up densities on the ridge and steep slopes and has lots of 20,000 square foot average, running from 15,000 foot minimum up to two and three acres.

After objections from citizens early this year to the plan's proposed Tamalpais Parkway, as well as possible development of 500 acres of Marin Municipal Water District land, the council decided the water district should be left "open area." It decided that the parkway, originally to run from Camino Alto to Panoramic Highway along the ridge, would end at the water district land, and be a two-lane road.

About two-thirds of the land is outside of Mill Valley, mostly in unincorporated areas bounding Corte Madera and Larkspur. The vast acreage touches Fairfax at one end.

"If county properties were to come into the city," Huber said, "then only would they fall under jurisdiction of this plan."

The plan was drawn by Mill Valley planning consultant Robert Cornish.

After plan adoption, the council voted 4-0 to adopt an interim zoning map of the north ridge area to "freeze" the densities until the zoning ordinance can be amended. The move also keeps the land as residential.

Mill Valley Approves Cost Of Recreation

"Mill Valley's "miracle" recreation budget of $4,689—only $50 more than last year's budget and promising a year-round program—so overwhelmed city councilman Joseph E. Sheeks last night that he said he would forego his annual complaints against the city's "hiring baby-sitters."

The council approved unanimously the budget which recreation director Ronald A. Samet said offers an expanded program to reach more members of the community.

Samet said the reason for the light increase was mainly because the assistant director's job for the summer would be eliminated. He said all services of last year would be given and that the golf program would be expanded.

Sheeks said the budget was "a miracle" but that it upset him since he was prepared to make the speech he has made for the past three years in which he called the summer recreation program a glorified baby sitting program.

Sheeks moved the budget be passed but, late in the evening when the council was discussing money for building baseball facilities on Project 17, Sheeks weakened and said:

"I would prefer to see $4,600 go into baseball facilities at Project 17 than to the summer recreation program and stop providing baby services."

Weapon Charge Brings Jail

A/2c Rodolfo Cantu, 23, of 328 G Street, San Rafael, must spend a day in county jail and remain on six months probation for wielding a dangerous weapon in an angry manner last month in Novato.

He was sentenced yesterday by Judge Joseph G. Wilson of Marin Municipal Court.

Franklin B. Teixeira, 24, who works on the Pinheiro Ranch near Novato, told police Cantu came at him with a knife or a bayonet and slashed the top of Teixeria's convertible. The incident occurred on the night of March 11.

Contractors License To Be Given Three

SACRAMENTO (CNS) — The Contractors' State License Board announced it plans to issue contractor' licenses to three Marin County firms, if no protests are received by April 19.

Birthday party reservations may be made with Mrs. L. S. Young, 185 Via Lerida, Greenbrae. Tickets will be available at the door.

Art Show To Open

Hopeful Quits School Race In Fairfax

The field of candidates for three openings on the Fairfax Elementary School District board dropped to seven today.

John J. Hourihan of 61 San Gabriel Drive wrote Supt. Homer Sisk of the Fairfax district:

"This is to advise you that I wish to withdraw my name as a candidate for the Fairfax School Board.

"I find that pressure of work, much of it having to be done in the evening, would preclude my being able to devote the proper amount of time and attention to the board, if elected."

School Bonds Action Taken

Trustees of the Lagunitas Elementary School District last night passed a motion to send the $77,000 from the sale of bonds to the state, where it will be re-allocated back to the school district. The board also tentatively scheduled a special meeting for Tuesday when the board expects to hear from the Allocations Board on the district's proposed building program.

Hiring a charter bus to take 28 students of the eighth grade to observe one session of the state legislature in Sacramento was approved by the board.

Persistent Parkers Flout Law—Legally

The City of Larkspur has a parking problem at the Bon Air Shopping Center. People insist on parking in front of the buildings.

The city painted the curbs red. People sill parked there.

The city painted "no parking" signs on the curb. The people still parked there.

The city has its fire hydrants at the edge of the building. The people parked by them.

The city issued traffic tickets, but couldn't enforce them.

That was the problem the Larkspur City Council faced at its meeting last night. The reason the city cannot enforce the parking regulations is that the area is private property.

"Parking regulations cannot be enforced unless it is a dedicated public street," City Atty. Samuel W. Gardiner told the council.

The council instructed Gardiner to enter into negotiations to see if the city could obtain at least a five-year dedication to the section of the street that is widened on private property.

A special meeting was set for 7:30 p.m. next Wednesday, to pass on specifications for the Greenbrae Fire Station.

The council had scheduled passing on the specifications at last night's meeting, but soil tests had not arrived. The council plans to call for bids on the fire station at its April 19 meet. Cost not including equipment, is estimated at $43,444.

In other action, the Larkspur council:

1. Set a public hearing for May 3 on adoption of the fire code of the State of California and the 1960 fire prevention code of the National Board of Fire Underwriters.

2. Set for the same May 3 meeting a second public hearing on the proposed zoning of Bon Air for administrative and professional zone.

Sale Of Lots Planned By Larkspur

The City of Larkspur has four lots on Baltimore Avenue which it would like to sell.

Mayor Arthur E. Storhaug asked the city council last night how it wanted to sell them, by sealed bids or by auction?

City Manager Ronald E. Piper recommended the city get the lots appraised before it proceeded to sell them. At that point, Councilman James Lienkaemper dropped a little bomb on the proceedings.

"For the sake of a few pesos, we are going against our own ordinance," Lienkaemper said.

"These losts do not have enough frontage. We won't let others get by with less than a minimum frontage by our own ordinance. If we do it ourselves, we are letting the bars down. Anyone else can then do the same thing."

Lienkaemper suggested that the city sell the land as two big lots, which might bring more than four small lots. Councilman Daniel Allen thought the property could be divided into three 50 foot lots.

The council asked City Manager Piper to get appraisals on the property as four lots, as three lots and also two lots.

Alpine Gift Shop Changes Owners

The Alpine Gift Shop on Panoramic Highway adjacent to the Mountain Home Inn on Mount Tamalpais has been sold by Mr. and Mrs. Nicholas A. Lopina of 321 La Verne Avenue, Mill Valley, to Mr. and Mrs. Paul Morehouse of 3 Annie Lane, Mill Valley.

Morehouse, retired terminal trainmaster for the Southern Pacific railroad in San Francisco, said he will add to present middle European imports such as Liederhosen, German clocks and hiking equipment.

Hours at the shop are from 11 a.m. until dark daily except Monday.

School Bond March Set In Corte Madera

Dr. Paul Kingsley, chairman for the Larkspur-Corte Madera area, today announced a "Family March for Education" for 2 p.m. Saturday.

The march, directed by Edward Sabo of Corte Madera, will be to call attention to the Tamalpais Union High School bond drive which will culminate in the election, April 18 at which voters of the district will decide the fate of a proposed three million dollar bond issue.

Dr. Kingley announced the group will form at the Corte Madera Recreation Center and march throughout the Larkspur-Corte Madera area. A volunteer band, made up of students from the three high schools in the district, will join the parade.

GOALS TO MEET

Goldberg Says Upturn Won't Solve Problem

WASHINGTON (AP) — Secretary of Labor Arthur J. Goldberg said today economic improvement will still leave the nation with a grave and urgent unemployment problem.

Goldberg said 10.5 million new jobs must be created in the next year if full employment is to be achieved in the light of the growing population and worker displacement by machines.

He told a news conference he wanted to put the job problem in its "proper perspective in terms of the challenges ahead and the goals we have to meet."

Goldberg said seven million new jobs will be needed even if the unemployment rate falls from its present level of nearly 7 per cent of the work force to 4 per cent a year from now. The 4 per cent rate is one mentioned by President John F. Kennedy as a manageable level.

The latest job figures show there were 5,495,000 workers idle and 65,516,000 employed in March—both records for the months.

Goldberg cited estimates that 1.3 million new workers will be seeking jobs within the year, 1.8 million present jobs will disappear because of better production methods, and 1.9 million jobs will be needed to provide fulltime work for people now working at part time.

Adding these figures to the number now unemployed shows a need for 10½ million new jobs, he said.

On other matters he said:

BENEFITS—All 50 states, plus Puerto Rico and the Virgin Islands, have now signed up to provide temporary extended unemployment compensation benefits of up to 13 weeks. Many states will start paying benefits during the week of April 17.

ETHICS—The secretary announced that he had prohibited Labor Department employees from taking fees from outside firms doing business with the Labor Department, even for spare time work.

Swallows Returning To Sausalito Bank

For the fourth spring in a row the swallows are returning to Sausalito's Bank of America.

Manager Frank Bosl counted 96 nests under the roof overhang at 750 Bridgeway yesterday. He said the birds, which build nests of mud from the sandspit, disappear in midsummer.

Boasting about your home, Higgins? Well, that's understandable. Most men who have worked hard through the years to buy good homes for their families are proud of them.

Nice as your home is, its location in a progressive community, with all the public facilities needed for modern living, adds greatly to its attractiveness.

Someday—perhaps years from now—you may sell your home. When you do, the good schools, well-equipped fire department, modern hospitals, ample supply of pure water and other community assets can make a difference of *several thousand dollars cash in your pocket.*

Of course, you share the cost of these community assets. But the cost is spread over a long period of time to keep taxes at a reasonable rate. This is done by sale of *municipal bonds* on a competitive bid basis.

The Bank of America and its associated investment dealers bid on virtually all municipal bonds issued in the State. That's because we have confidence in the future of California and communities like yours.

Being right there on the scene, you know the business, industry and people in your community as well as anybody does. You've watched it grow and improve as the years went by. You've helped by voting for needed bond issues.

But have you ever thought of *buying* the municipal bonds issued in your area? They're available in denomination of $1,000. Municipal bonds pay you a good return and the income you get is *tax free.* The manager of your local branch of the Bank of America will be glad to give you full information — or you may write to

Bay Area Council Officers Support Gate Commission

The nine-county Bay Area Council's officers went on record yesterday in favor of the proposed Golden Gate Transportation Commission to operate the bridges, airports and seaports of the San Francisco Bay Area.

The commission is proposed in a bill (SB 853) submitted to the legislature by Marin Sen. John F. McCarthy after a study by the Golden Gate Authority Commission had made a two-year study and recommendations on the problem.

The council, which was one of the moving spirits in first proposals for a united transportation operation, voted almost unanimously for the new commission. There was only one negative vote, George Johns, secretary of the San Francisco Labor Council, although the proposed commission is much less than the council had first envisioned.

Under McCarthy's bill the new commission would take over immediate operation of the Golden Gate Bridge and the San Francisco-Oakland Bay Bridge. Other bridges would come under their control only as their bonded debt is paid off or reserves set up to pay them off. Operation of the seaports and airports could come only through negotiations with the individual agencies being acquired.

Contract Awarded For Classrooms At Marin Church

H. S. Meinberger and Son Inc. of San Rafael has won a $55,208 contract to put up a six-classroom addition to Terra Linda Presbyterian Church by this summer, Charles L. Convis, chairman of the church building committee, announced today.

Architects Campbell and Wong designed the new Christian education building for the church. Construction will be wood frame, with radiant heated floor. The church is located on Del Ganado Road near Freitas Parkway.

The church building committee members estimate that the new addition with six classrooms and an office, plus landscaping, will be a $69,000 project.

Several Candidates' Meetings Set Tonight

Many political words will be directed at Marin audiences tonight.

At 8 o'clock in San Rafael's E Street School, the five candidates for two seats on the San Rafael City Council, along with John F. McInnis, unopposed for re-election as mayor, are scheduled to speak on a forum sponsored by the San Rafael Chamber of Commerce's public affairs committee.

At the same hour, just over three blocks away at West End School, the seven candidates for two San Rafael Board of Education seats are scheduled to appear at a similar affair arranged by the West End School Parent-Teacher Assn. Moderator for this forum will be Douglas Godfrey, not Mrs. Douglas Godfrey as mistakenly announced in the Independent-Journal on Tuesday.

The busiest candidates will be the 11 contending for four places on the Tamalpais Union High School District board.

They are scheduled to speak at a candidates' night at 8 p.m. at Deer Park School in Fairfax, then rush to Mill Valley for appearance at a similar event in Ruby Scott auditorium of Tamalpais High School.

The Fairfax forum, sponsored jointly by Deer Park, Central and Manor Parent-Teacher Assns. will follow the Tam high board candidates with aspirants for election to the Fairfax School District board, of whom there are eight seeking three positions.

At Tam high, candidates for Mill Valley School District board, which has five seekers after three positions, will open the program, followed by the high school district candidates. This event is sponsored by the Mill Valley League of Women Voters.

'EMCEE' AND SPEAKER—Fred F. Enemark (left), master of ceremonies at a 100th birthday party for the Independent-Journal, introduces speaker Carroll Parcher, publisher of the Glendale News-Press, who lauded the roles of I-J owners Roy A. Brown and Justus F. Craemer in California newspaper history. (Independent-Journal photo)

ployees—one of whom, women's editor Florence Donnelly is still at work. Mrs. Donnelly, recalled Brown, at that time covered the courthouse, put out the sports page, and did sundry other chores besides editing a society column.

Also among I-J employees present last night who were with the paper then was mechanical superintendent Gordon Dixon, of whom Brown recalled that "in those days he frequently came into the office with ink smudges on his hands and face, but that doesn't happen any more." The I-J's mechanical equipment, he said, is now "the finest in Northern California."

Guest speaker Carroll Parcher, editor-publisher of the Glendale News-Press, wove into a humorous speech many incidents of California newspaper history. He paid tribute to the roles of Craemer and Brown in press organizations, noting that both are past president of the California Newspaper Publishers Assn., that Craemer is now president of the California Press Assn. and Brown a director of the Audit Bureau of Circulation.

"Now the second generation is taking over, promising even greater expansion and activity for this 100-yesar-old newspaper," said Parcher, alluding to Brown's previous announcement of appointment of his son, business manager Wishard A. Brown, and Craemer's son, managing editor Jack Craemer, as assistant publishers.

Open house for Marin residents will be held at the Independent-Journal at 1040 B Street, San Rafael, tomorrow from 7 to 9 p.m., with conducted tours of the plant.

Muir Services Board Elects

Allison E. Schofield was elected president of the Muir Beach Community Services District by the directors last night to succeed Charles A. Borden.

Schofield, a retired attorney, lives on Sunset Way at Muir Beach. W. R. (Russ) Brown was elected vice president.

Secretary-manager John White said the contract for drilling the district's new well in Franks Valley will be awarded May 3. Drilling is to start in June.

Bid On School Is Withdrawn

Herrero Brothers, San Francisco contracting firm, was allowed last night to withdraw its bid on a projected Terra Linda school because it had made a $16,000 mistake in calculation.

The Dixie School Board trustees at a special meeting passed a resolution permitting this, in pursuance of a policy decision a week earlier after advice from county counsel. Herrero had made a base bid of $265,000 with a service site development bid of $7,038 on the Don Timoteo School to be built on Trellis Drive.

By the same motion the trustees rejected five other bids.

On a basis of revised plans prepared by the architect and Supt. Dennie B. Willis the trustees asked for new bids to be opened at 4 p.m. April 26. More alternates were allowed, including choice of tile and cabinet work, in an effort to bring bids within state authorization.

Spitsbergen, an island group 400 miles north of Norway, is believed to have been discovered by Vikings in 1194.

Glenwood Seeks History Writer

Anyone who wants to write the history of Glenwood should notify the Glenwood Home Owners Assn., it was decided last night at a meeting of that group.

The association went on record as wanting someone to to serve as a historian for the area.

The group also wants people to serve on the welcoming committee to greet newcomers to Glenwood.

The membership committee reported that it had ended the membership drive with 78 per cent of households joining the association.

The association voted $50 to landscape the fence along Knight Drive at the drainage ditch.

Sonoma Board Against Gate Plan

The Sonoma County Board of Supervisors has went on record against the Golden Gate Transportation Commission bill which would place the Golden Gate Bridge and other Bay crossings under a single authority.

"Revenues of the Golden Gate Bridge would be diverted to projects outside the bridge district and would be detrimental to the welfare of the people of Sonoma County," said the Sonoma resolution. It also rapped the Golden Gate Authority Commission, sponsors of the legislation, for failure to hold hearings in Sonoma County.

The resolution requested Sen. Joseph Rattigan and Assemblyman William T. Bagley, the legislative representatives of the county, to amend the bill and to delete all reference to the Golden Gate Bridge and Sonoma County.

Lutheran Church Low Bid Given; Construction Set

H. S. Meinberger and Son, Inc., of San Rafael has submitted the low bid for construction of the new Trinity Evangelical Lutheran Church on a three and three-quarter acre site on Woodland Avenue off B Street in San Rafael.

Rev. Fred C. Braunschweiger said a contract will be awarded and construction will start in 30 days.

Meinberger submitted a base bid for the church proper plus site work of $144,000; $68,300 for the Sunday school and $37,276 for the parish house. The church plus either the Sunday school or parish house will be built now, and the third structure deferred to a later date.

The church has outgrown its present building at 1415 Fifth Avenue. The new church will triple capacity to about 350 persons.

BRITISH ROYALTY ADMIRE MARIN PORTRAIT

A portrait by artist Erwin Manheim of Bolinas is admired by the Duchess and Duke of Bedford, owners of one of the finest collections of art treasures in the world. The duke and duchess, who have part of their famous collection now on exhibition at the M. H. de Young Museum in San Francisco, had a sneak preview of the coming Society of Western Artists 21st annual exhibition which runs at the museum April 19-21.

Young GOP Asks Miller's Stand

Marin County Young Republicans have demanded an answer from Rep. Clement W. Miller of Corte Madera as to his stand on reapportionment of the First Congressional District.

The Young Republicans passed a resolution opposing "any plan to gerrymander Marin County out of the present Redwood Empire Congressional District" and demanded that Miller "reveal his intention or lack of intention to reside in Marin County, and his position regarding the partisan political removal of Marin County" from the district.

Gordon L. Ness, president, said the vote was unanimous on the resolution.

The group also discussed arrangements for the luncheon visit to Marin on Saturday of former Vice President Richard M. Nixon.

NEW TELEPHONE BOOK

It's White, Yellow, Green, Read All Over

BY THERON NEWELL

From "A Big 4 Rent" to Donald Zyski, the new Marin telephone directory was being distributed to users today. A word of caution, users in San Rafael, Bolinas and Stinson Beach are not supposed to use the directory until 11:01 p.m. Saturday. Not 11 or 11:02, but 11:01 p.m.

Aside from the regular listing of phones in the normal directory, there is that invention of the phone company called the yellow pages. The reason for this name is that it is printed on yellow paper.

This lucrative source of advertising income for the phone company has grown so over the years, that instead of simplifying finding a number in the directory, it has become more confusing.

So to eliminate to the confusion, the new book contains a green index to the yellow pages. All that is lacking is a purple explanation to the green index of the yellow pages, simplifying the white pages in a book with a blue cover.

The first listing in the green index left me cold. It was for abattoir equipment. Now, never having any desire for any, I didn't know what it was, but in case I ever did, I was supposed to look under butchers equipment.

For those that have long wanted to patronize one, it tells that apothecaries can be found under druggists—retail.

Most of my life I have been going to the post office for stamps. It has been routine and I took it for granted that that was the proper place to get them.

Now this new green index lists 10 different headings for stamps, and not a one of them lists the post office. I wonder if Uncle Sam would let them send the directory through the mails after such a slighting.

In my single days, I used to ask girls up to my apartment to see my zinc etchings. Of course I never had any, nor did anyone else that I ever heard about, but lo! the new green index gives a listing where these etchings may be obtained.

Did you know that when the Declaration of Independence was signed on July 4, 1776 it was a Thursday? However, in 2,000 A.D. it will fall on Tuesday. That startling piece of information is derived from the calendar in the back of the directory for the years from 1776 to 2,000.

Carpenters Vote Revised Bylaws

Members of Carpenters Local 35 in San Rafael has voted adoption of revised by laws after final reading.

LAUGH WEEK APPROVED BY ASSEMBLY

SACRAMENTO (CNS) — When you see this, start laughing.

The State Assembly has approved a resolution designating April 3-10 as California Laugh Week.

The measure by Assemblyman James L. Holmes (R-Santa Barbara) noted that the laugh week came at an appropriate time, "so close to the last day for filing of income tax returns, when people who have just learned that they owe Uncle Sam three times what they anticipated and need laughter."

The resolved clause of the resolution required the Assembly to join with the people in five Ha's, three Ho's, five Ha's, six Ho's, three Ha's, three Ho's, two Ha's, four Ho's, two Ha's, one Haaa, one Haa, two Ho's and a Ha.

Chinese Restaurant To Open At Bon Air Shopping Center

A new restaurant will open in the Bon Air Shopping Center, Greenbrae, about the middle of June.

Horace Fong, owner of the Confucius Restaurant on Lakeshore Avenue, Oakland since 1938, today announced he will take over the premises occupied by the Bon Air Cocktail Lounge since last fall. The new establishment will be known as Confucius of Greenbrae.

Complete remodeling is now in progress. The entire restaurant will be given an Oriental decor patterned after the Imperial courtyard of old Peking, Fong said. Rearrangement of the facilities will give the dining room a capacity of 90 persons, with additional space for about 40 in the cocktail lounge.

The restaurant will specialize in Chinese dinners and also will serve American food. Food will also be prepared to take out.

Confucius of Greenbrae will be open seven days a week from 11:30 a.m., closing at 2 a.m. through the week and at 4 a.m. on Saturdays and Sundays.

The cocktail lounge will specialize in tropical drinks and hot hors d'oeuvres and will feature music at a piano bar six nights a week.

The restaurant will have about 20 employees, headed by Fong as manager.

Fong was born in Hong Kong and came to this country at the age of 18 months. He has resided in Oakland most of his life, is married and has two daughters, 12 and 8.

you can't tell a tire by its price tag!
Do you know what those $10, $11, $12 nylon tires are *really* worth?

The best way for you to find out what a tire is really worth? Use it. But then it may be too late. How can you find out *before* you buy? The price tag won't tell you. There are so-called "bargain" tires, "cheapie" tires, "discount" tires and other tires you've never heard of. Most of them have one thing in common. They do a lot of shouting about price. But there's a big difference in what goes into them, as compared to a Goodyear tire. We took nine "bargain" nylon cord tires priced at $10, $11, $12 or more to the lab for analysis and matched them to our $12.88 3-T Nylon All-Weather.

What a difference! The Goodyear tire had a 23.2% *stronger* tire body than the average rating of the rest. And the tread strength rating of our 3-T Nylon All-Weather was also actually greater than the average of the others.

Price tags never tell the full story! Get a genuine Goodyear tire. A Turnpike-Proved tire. It costs no more than "bargain" tires.

3-T Nylon All-Weather $12.88
6.70 x 15 black tube-type, plus tax and any old tire off your car.
NO MONEY DOWN with your old tire. Pay as little as $1.25 a week.

Goodyear nation-wide guarantee

1. ROAD HAZARD GUARANTEE—All new Goodyear automobile tires are guaranteed by written certificate against normal Road Hazards—i.e. blowouts, fabric breaks, cuts—except repairable punctures. Guarantee limited to original owner for number of months specified.

2. LIFETIME GUARANTEE—All Goodyear tires are guaranteed against any defects in workmanship and material without limit as to time or mileage.

Remember, any Goodyear tire dealer (in all 50 states, there are over 60,000 of them) will repair your tire without charge, or make an allowance toward the purchase of a new tire, based on the original tread depth remaining and the current "Goodyear Price."

PAINTINGS FOR ARTS AWARDS AUCTION

The Marin Society of Artists will hold its second annual Fine Arts Awards Auction at 2 p.m. Sunday in the Frances Young Gallery in the Marin Art and Garden Center in Ross. The public auction which features paintings, ceramics, sculpture and other original works, will be held silently. Preparing for the auction are (from left) Mrs. Lotte McWalters, William B. Mathews and Henry Rasmusen.

Sports Car Hits Trees; Two Land In Hospital

Two San Anselmo youths were in Ross General Hospital today with injuries suffered when the sports car in which they were riding struck a parked car and two trees in front of the hospital yesterday.

Michael J. Muir, 18, of 29 Oak Avenue, San Anselmo, the driver, was being held for observation in the hospital. He was treated for scrapes on his left knee.

His passenger, Fred Pfeifer, also 18, of 169 Crescent Road, San Anselmo, suffered a broken jaw when he was thrown from the auto. Both boys were in good condition, hospital authorities said.

A witness told Ross Police Chief Joseph A. Regoni the sports car was northbound on Sir Francis Drake Boulevard when another car came out of the hospital parking lot and made a sweeping left turn. The sports car swerved and struck a parked car, owned by Mrs. Alida Forbes of 41 Alvarado Avenue, Mill Valley, throwing Pfeifer out. It then careened against a tree and bounced off against another tree.

Regoni said the 3:10 p.m. accident tied up traffic in both lanes of Sir Francis Drake Boulevard for about 20 minutes.

A driver suffered minor hurts and an automobile burned in a freak three-car mixup at 11:35 last night on Sir Francis Drake Boulevard in Kentfield, only a few blocks from the earlier crash.

Leonard S. M. Beckett, salesman of 16 Glenwood Avenue, Ross, eastbound just west of Butterfly Lane at 11:35 a.m., rammed into the parked car of Audrey Winslow in front of the Winslow home at 1035 Sir Francis Drake Boulevard, the California Highway Patrol reported.

The Winslow sedan in turn hit the car of Herman L. Bence, parked in front of his home at No. 1033. The Winslow vehicle caught fire and was destroyed, despite efforts of the Kentfield Fire Department.

Beckett, who had no explanation for the accident, declined hospitalization for small cuts and bruises.

A two-car collision yesterday in Novato sent school teacher Mrs. Barbara Soetaert to Novato Hospital with whiplash neck injuries.

Mrs. Soetaert, 39, is a teacher at Lu Sutton School in Novato. The car she was driving collided at First and Vallejo streets with a car driven by Novato Postmaster James M. Morris of 775 Sun Lane, police reported.

Mrs. Soetaert was cited for failure to yield right of way.

JAYS CAUSE RUMBLE IN FIREPLACE

Mrs. Frank Pett of 81 Via la Cumbre, Greenbrae, called the Larkspur Fire Department at 9:10 a.m. today to complain that a couple of flighty visitors were making an awful racket in her fireplace.

The visitors were two blue jays which came down the chimney.

Fireman William Lellis essayed the role of bird catcher. He caught one blue jay handily, but the second took off on a flying tour of the house. Lellis finally captured it after it knocked itself out by flying against the picture window.

Released outdoors, both birds flew away without so much as a "thank you."

The Emperor Charlemagne (742-814) founded many cathedral and monastery schools although he himself was illiterate until his old age.

Juvenile Hall Tantrum Lands Youth In Jail

A 16-year-old inmate of Marin Juvenile was cooling off his temper today in an isolation cell in county jail after tearing up his room at the juvenile hall and battling two supervisors last night.

Juvenile Hall Supt. David Fogel called the sheriff at 6:15 p.m. to report the youth was uncontrollable. Sheriff's deputies locked him in jail for the night.

The youth, who is from Novato, is one of two boys who drove a stolen car to Nevada several weeks ago.

Probation Officer Paul Dowdall said the youth had been reprimanded yesterday by the school teacher and a supervisor at the hall.

He had been ordered to his room but balked. The supervisors had to put him in his room forcibly.

The youth then proceeded to kick out two windows and began tearing up the wall. When the supervisors went in to control him, he threatened them with a piece of iron from the window.

Two supervisors used force to restrain him, take off his shoes, and turn him over to sheriff's deputies.

Flag Saluting Bill Passed By Committee

SACRAMENTO (AP)—Assembly-passed legislation requiring a daily flag salute in all public school classes, from kindergarten through junior college, was approved by the Senate Education Committee yesterday.

Assemblyman Louis Francis (R-San Mateo), author of the bill, said the pledge of allegiance is now required by rule of the State Board of Education but that it is not observed in some schools.

Depot Selling 'Junk' Books, Council Told

Mill Valley City Manager A. E. Almcrants was directed last night by the city council to look into ordinances which govern the type of literature sold at the city-owned bus depot.

Councilman George D. Monardo charged that some of the offerings are "junk" and "trashy."

Monardo asked if the city has an ordinance to control the type of literature sold. "It is a lot of junk and in poor taste. I find that grade school kids go there and pick up this trashy literature," he declared.

Although the depot is city-owned, the book and magazine concession is operated by Maggie Grant, who is also an agent for Western Greyhound Co.

Monardo said today that he recently bought up all six copies of an issue of the magazine Californian which, he said, attacked the character background of San Francisco Mayor George Christopher.

Pet Hospital Plans

The Tamalpais Pet Hospital at 691 East Blithedale, Mill Valley, will hold open house from 2 to 4 p.m., Sunday and open for regular business on Monday.

It was announced erroneously in yesterday's Independent-Journal the open house would be Saturday.

Sonoma State Classes Plan Opposed By Epler

SACRAMENTO (AP)—The College of Marin and Santa Rosa Junior College have protested plans to start lower division classes at the new Sonoma State College in September, 1962.

Stephen E. Epler, director of the Marin school, and Randolph Newman, president of SRJC, appeared yesterday before the State Board of Education.

They were joined by Dr. Henry Tyler of the California Junior College Assn., who said the master plan for higher education envisaged only upper division courses at new state colleges.

Marin Jury Ponders Charges Of Bigamy

The fate of a San Francisco engineer, accused of marrying two wives at one time and then making plans for wife No. 3, was in the hands of a four-man, eight-woman jury today in Marin Superior Court.

Richard Taylor Wilcox, 31, also known as Richard William Taylor, took the stand in his own defense today before Judge Thomas F. Keating. Under questioning by his lawyer, George Walker of San Francisco, Wilcox insisted he thought his first marriage to Virginia Wilcox of San Rafael had ended in divorce before he married Jeanne Taylor of Sausalito. Mrs. Wilcox had received an interlocutory decree from him in 1953, and Wilcox says he thought that had become final.

Jeanne Taylor, a trim brunette, told the jurors Wilcox married her under the name of Richard W. Taylor on May 17, 1958.

Jeanne told the jurors he led her to believe he had been a bachelor all his life, although he did jokingly tell her that he had had an affair in San Rafael and may have an illegitimate child.

Asst. Dist. Atty. Bruce B. Bales, prosecutor, says Wilcox had five children by his first wife and a child by his second. He produced court records that show Wilcox's divorce from his first wife became final in December of last year, more than two years after he married wife No. 2.

Wife No. 2 said she learned about his five children and went to court for a divorce, only to learn that her marriage was invalid because her husband's first marriage had not yet been dissolved.

To complicate matters further, Wilcox took out another marriage license in Sacramento with a Judy Moloney, 30, of San Francisco. They were to be married last Nov. 23. When the announcement of that wedding reached wife No. 1, she decided "that was the last straw" and marched in to see the district attorney.

Two Children Drink Gasoline

Two Greenbrae children were treated in Marin General Hospital yesterday after drinking gasoline.

Kenneth Mollison, 2-year-old son of Mr. and Mrs. Allan R. Mollison of 430 Via Hidalgo, and his playmate, 3-year-old Derrick Harman, son of Mr. and Mrs. L. M. Harman of 444 Via Hidalgo, drank the gasoline while playing near their homes.

The children apparently tasted the gasoline leaking from a truck parked on a hill. A neighbor took the children to their mothers and both took a trip to the hospital where they were treated and sent home with no ill effects.

Benefit Breakfast Slated In Novato

Members of Novato High School Parents Club will cook and serve breakfast outdoors to all comers Saturday.

Proceeds from the breakfast will go toward the two scholarships the clubs gives each year to graduates of the high school. Club members will begin serving at 8 p.m. at the Nave Shopping Center.

The 50-cent breakfast will include sausages, hot cakes, coffee and fruit juice, prepared by members of the club and donated by Brice Brothers Market. Jake W. Keeley is chairman.

Marin Firm Gets $272,000 Contract

A $272,130 contract for the general work in an addition to the Napa State Hospital was awarded to the W. J. Kubon Co., of 39A Mary Street, San Rafael, the State Department of Public Works announced today.

This was one of four contracts totaling $528,074 for an addition to the administration building and alterations of the existing building.

Meeting Planned On Harbor Loan

Mill Valley City Councilman George D. Monardo and City Engineer Stanley M. Bala will meet with Lachlan M. Richards, chief of the State Division of Small Craft Harbors, in Sacramento tomorrow to work out details on the status of the city's small craft harbor loan.

Negotiations, according to Bala, are continuing between city Atty. Thomas C. Nelson and property owners along the Saucelito Canal in efforts to get the channel dredged so that Mill Valley will be eligible for a $300,000 state loan.

Spills From Bike

David E. Swanson Jr., 13-year-old son of Mr. and Mrs. David E. Swanson Sr. of 4 Echo Avenue, Corte Madera was in good condition today at Marin General Hospital after a spill on his bicycle while delivering copies of the Independent-Journal. David suffered abdominal injuries in the fall yesterday shortly before 6 p.m. on Sorna Way, Corte Madera.

present state-condemned facility.

At its conclusion Dr. Dufficy rose to say he had been "shocked" at a news story covering this report (in the Independent-Journal of March 21), that he'd hoped the story erred in mention of his alleged apathy about rehabilitation, but that to his regret the news report was now proved accurate.

He declared the committee statement was "not true" in several particulars and moreover the supervisors hadn't investigated. He voiced surprise that Merrill could be so far wrong as to say that a dynamic rehabilitation program could increase the number of ambulatory patients at the county hospital to 30 to 40 per cent.

On the contrary, said Dufficy, he himself had screened everyone at the farm, found three subject to rehabilitation, and two of those were now walking.

This drew fire from both Supervisor Chairman William D. Fusselman, who said "we're not here to let you punch at the board which has acted in good faith," and Merrill, whose entry into the fray was greeted by Fusselman with—"shall we set up a squared ring for you gentlemen?"

Dufficy said the board was "forgetting senior citizens who need nursing care around the clock" . . . Although we do not need an acute hospital facility, these old people have to be nursed 24 hours a day and we need beds for them right now."

He charged that Merrill had compiled his report without meeting Dufficy and emotionally declared: "This is my hobby, my life, taking care of these old people."

"You have met me, you expressed your apathy over the telephone to me," Merrill retorted. "I arrived at the figures from a doctor who made a survey of your patients."

"You were too busy to go out with me," said Dufficy bitterly, "but twice you went out to the hospital during the night."

Fusselman urged that the business of the meeting get on and elicited from deLisle that interest rates are down on both lease-purchase and general obligation bonds, the latter having dropped perhaps as low as 3 per cent as against a previous 3¾ per cent. Administrator Alan Bruce reported corresponding decline in the earlier 5¼ per cent for lease-purchase.

"We may not need as much building, under the new plans, as we had thought," said Fusselman. "Will your department work for a new picture under these new circumstances?"

DeLisle said that if the architect could give him revised plans, new financial figures could be ready for next Monday.

"We might reduce need by 33⅓ per cent but it wouldn't reduce the cost of the building that much," Fusselman said. "We don't expect an accurate picture, just something to give us an idea."

Schaffran had said that the first need was to make application for the federal housing, in the form of a supervisors' authorization for the Marin County Housing Authority to ask reservation of 300 units.

Later the board would have to call for a county referendum to get a showing of majority approval of the project by the people of the county. Following that, the federal government would provide permanent financing through sale of long-term bonds to finance the home construction.

"These bonds are fully guaranteed by the federal government, tax exempt, and eagerly sought," he said. Fusselman brought out that there would be no charge on the local taxpayer.

Rents, it was explained, are kept low and are based on income which doesn't as a rule provide for interest and principle of the bonds, so the federal government gives a subsidy to make up the difference.

ARMAGER

lifted the child out and began to try artificial respiration.

"She was blue in the face and her eyes looked funny," said Mrs. Lamb. "I started pumping her chest and breathing into her mouth.

"It didn't seem to do any good."

The terrified mother than snatched up the child and carried her next door to the William S. Hogan home at 276 Oakdale. Mrs. Hogan called the fire department at 11:35 a.m.

Chief Armager, on reaching the scene, decided to try mouth-to-mouth breathing rather than a resuscitator.

While the mother stood on the Hogans' front porch, weeping and praying, he continued the effort for what firemen estimated as 15 minutes. Then came the first cry of life.

It was followed quickly by other cries as the child regained consciousness.

Lamb, an insurance broker, was at work in San Francisco. The Lambs' two sons, Steven, 10, and Douglas, 8, were at Our Lady of Mount Carmel School.

ference on the future of the Southeast Asian kingdom.

Kennedy and Macmillan, in fact, were described as substantially agreed in their positions on a wide range of world problems—with one notable exception in the case of United Nations membership for Red China.

The second day of British-American talks on worldwide problems got under way today with a forenoon meeting between Secretary of State Dean Rusk and British Foreign Minister Lord Home.

Macmillan spent the morning at the British Embassy attending to British government business, aides said.

The prime minister attended a Congressional luncheon before resuming his meeting with Kennedy.

Tiburon Volunteers Plan Honor Barbecue

Tiburon volunteer firemen last night made plans for a barbecue honoring Belvedere volunteer firemen, tentatively scheduled for May, according to President Allen A. Olson.

On Saturday morning volunteers will repair the Tiburon school flagpole, Olson said. Members discussed the techniques of heart massage as a resuscitation method.

MERGER

Continued from page 1

discussion sessions still to come.

Mrs. Ansley and William Kirk, a member of the Novato board, both jumped to their feet to put a motion before the county committee last night, meeting in the Marion School in Novato district.

Mrs. Ansley spoke first. Kirk said later he would have moved that no action on a tentative proposal be taken, noting that discussion last night had not touched on any academic phase of unification.

"I'm for unification, but I don't know if this is the right time," he said after the meeting.

"I think the entire group has been too hasty," he told the committee during discussion on Mrs. Ansley's motion.

Asked why she had proposed a seven-trustee district, Mrs. Ansley answered that it would guarantee representation from throughout the new unified district, if it is approved by voters.

Alan Swabacker, also a San Jose trustee, suggested that the new board might be changed to five members after about three years, when the new district has become fully organized.

Seven members would make it more palatable to the electorate . . . so each little portion feels they are represented," said James Gibson of Novato, a member of the county school organization group.

The vote on the tentative proposal found all members of the county committee present approving, including Earl Marshall, a member of the county committee and of the Novato board. But Marshall indicated before his "yes" vote that the tentative proposal won his approval only to get concrete action before the county group and that he may want to change the proposal or his vote later.

The two representatives of the San Jose board at the meeting voted approval, as did the four members of the Novato board in the audience, though Kirk at first favored abstaining. The San Jose board has gone on record as favoring unification; the Novato board has done so twice before when elections failed.

The two members of the College of Marin Board who were present abstained, as did Supt. Frank L. Lucas, representing San Rafael High School District.

Under county committee procedures, each committee member has a vote, in addition to one vote from each of the school districts involved.

The San Jose elementary district is in the San Rafael High School and College of Marin districts. Unification of San Jose and Novato would mean the new unified district would be out of both high school and college districts. The Novato district includes elementary and high schools.

Mrs. Ansley was named to head a committee from both districts to draw up a tentative trustee district map to be presented at the next meeting of the county organization committee at 8 p.m. April 12 at Meadow Park School in the San Jose district.

Points brought out during discussion last night included:

1. The vote on merger of the two districts could come in September at the earliest, and if approved by a majority in both districts would make unification effective for students beginning in fall of 1962.

2. After the merger officially were approved, the new district would have to operate without funds until July 1 of the fiscal year. The new district would borrow from funds of the two old districts.

3. Bonds outstanding in both districts could be "leveled" across the new district with approval of two-thirds of the voters in the new district after the unification vote; or the proposal could be brought up with the unification question and then would need two-thirds approval in each district.

4. San Jose students now attending San Rafael high could be "phased in" to Novato high if unification is approved, to allow for Novato high expansion, Lucas promised.

5. If unification loses at the polls, students from San Jose ultimately will attend Terra Linda High School. In addition, another high school is planned near the southern San Jose boundary, Lucas said.

"Our children will be the teachers by then," countered Mrs. Michael Doran, chairman of a citizens' unification committee.

Bowman Firm Starts $252,000 Housing Job

Bowman Electric Co., 2100 Redwood Highway, Larkspur, began work today on a $252,411 contract for remodeling of Wherry Housing Project at Travis Air Force Base, Fairfield.

The bid submitteed by the firm was the lowest of 10, according to Joel P. Bowman, owner of the electrical firm.

Labor Council Acts On Authority Bill

The Marin County Labor Council last night referred to its executive board, for study and recommendations, state Senate Bill 853 which would create a Golden Gate Authority.

Members of the council indicated that they felt the measure required amendment to protect workers' benefits and to prevent job jeopardy in case there is bridge unification under a new authority.

Causes Of Insanity

CINCINNATI (AP)—Longview, a state mental hospital, is marking its 100th year of service. Among its records, present staff members found these "Supposed Causes of Insanity" listed in 1902:

Death of president (James Garfield, who was assassinated), death of lover, opium eating, religious excitement, disappointed affections, intemperance, war excitement or fear of draft (Spanish-American War of 1898), cigarette habit, laughing gas, excessive use of tobacco, slander, political excitement and women's rights (a woman).

Great Golf Tourney Slated Sunday; Marin Keglers Post Top Efforts

For the bargain price of one thin dollar, which will go to a good cause, you will be able to see some of California's greatest non-professional golfing talent in action right here in Marin County Sunday.

A field of approximately 150 amateurs, about one third of whom carry handicaps of five strokes or less, will be blasting away in the first annual Ames Invitational Tournament at the Marin Golf and Country Club. Doug Cowan, boss at Ames Ford Co. in San Rafael, is hosting the affair.

JOHNNY WEISMULLER
In Marin tourney

The entry list reads like a who's who of California links artists, some of whom have national championships to their credit. Like former two-time U.S. amateur king Harvie Ward and National Public Links champion Verne Callison, just to mention two.

The veteran Johnny Dawson, former U.S. seniors king, is flying here from Southern California to join the fun. And he'll bring former public links titlist Gene Andrews and Johnny Weissmuller with him.

WHILE DAWSON will represent the class of the seniors, one foursome should attract some attention — teen-agers who dominate northern California junior competition. They include Steve Whitman, who recently won the nor-Cal title; the runnerup, Jim Johnson; the medalist, Bob Graham, and Ron Cerrudo, another ranking teener.

Just glancing down the entry list we can pick out names like Bob Roos, George Archer, Bill McCool, Eli and Jack Bariteau, Cy Donaldson and Gary Mialocq, each of whom has won more than his share of hardware, just to mention a few.

Sports notables Frank "Lefty" O'Doul and Ernie Nevers will be among the old warhorses in the field.

Sounds like a great day at the Marin club—and, with proceeds going to the Crippled Childrens and Adults, Inc., the event is even better.

Congratulations to Doug Cowan for assemblying this fine field of talent.

A COUPLE of brilliant bowling performances have exploded on the local scene in recent competition.

Tuesday night Ted Wolcott, an employee of the Marin County Humane Society, fired a blistering 749 series of three games while warming up for league play at Greenbrae Lanes. Wolcott's games were 249, 244 and 256. Each game had eight strikes and he didn't leave a frame open in the series.

Wolcott cooled off when league play started and had to settle for a 551 total. His 749 equalled the county's high for the year set earlier by the great Don Bickford.

The other great score was turned in by the veteran master, Paul Gottlieb. In Greenbrae's "900" league Paul clipped off a 721 on lines of 257, 221 and 243.

Greenbrae also reports a fine 558 series by Lee Golsch in recent women's league play. Her games were 184, 192 and 182.

GARY DAHL, the former Tam High swim star, has been elected captain of the University of Oregon swim team, reports his proud former coach, George Gustafson.

TAM HIGH'S Pete Dornbach, a fine versatile athlete, is slowly recovering from the badly broken leg he suffered in a recently ball game with Vallejo. It was a tough break for Pete, who figured to be a star for Coach Ray Bell's horsehiders.

DON'T FORGET Sunday's March of Dimes benefit ball game in San Rafael, featuring past, present and future stars. Promoter Don Lauters says television personality Dick Stewart, host of a teen dance show, has agreed to pitch a couple of innings.

State Sen. John F. McCarthy was slightly pushed out of shape when he was asked to throw out the first pitch for the benefit game. Being a former professional hurler, McCarthy figures he could go the distance on the mound, rather than just one pitch.

Bums May Retire Sore-Arm Roebuck

PHOENIX, Ariz. (AP) — The Dodgers have cut eight players from their squad and are just about to place sore-armed relief pitcher Ed Roebuck on the voluntary retired list.

Carl Warwick, a fleet outfielder, is to replace Roebuck on the roster, which is down to 28 players.

Whittled from the squad yesterday was Phil Ortega, sent to Spokane. Also going to Spokane, a Dodger farm club, are first baseman Tim Harkness, pitcher Rick Warren and outfielder Al Norris. The Omaha club got shortstop Dick Tracewski, outfielder Shellby Brodsky and pitcher Bill Hunter. Thad Tillotson, another pitcher, went to Atlanta.

DOZEN ERRORS LOSE GAME FOR NOVATO '9'

Novato High School baseball coach Marlin Olsen was looking for a baseball with a handle on it after yesterday's game with Sonoma High.

His Hornets committed 12 (TWELVE) errors in losing a 9-5 decision to the Dragons. All nine of Sonoma's runs were unearned.

Lu Haas' triple was the big blow for Novato.

The varsity game wasn't too bad, though. Novato's junior varsity was clobbered by a 25-2 margin by Sonoma. The Dragon junior varsity banged out 30 hits.

Giants In High Gear For Fast Getaway

By U.P. INTERNATIONAL

If you're looking for a team geared for a fast getaway in next week's pennant races, look no further than the San Francisco Giants.

It's clear that new manager Alvin Dark looks for a fast start to make San Francisco fans forget the sour finishes of 1959 and 1960, and the team seems ready to provide just that. It has reeled off eight victories in its last 11 games and it's getting that encouraging smooth blend of solid pitching and robust hitting.

The Giants "said it" with pitching yesterday when Mike McCormick and Stu Miller combined in a six-hitter that gave them a 2-0 victory over the Los Angeles Dodgers. McCormick, the National League's earned run leader with a 2.70 mark in 1960, allowed five hits for the firsts even innings and Miller pitched out of an eighth-inning jam and went on to protect the shutout.

Don Blasingame, mentioned prominently in a possible trade with the Cincinnati Reds this spring, homered for the Giants in the fifth inning and they added another run in the seventh on Tom Haller's double, a sacrifice and an error. Stan Williams and Larry Sherry pitched for the Dodgers.

The Chicago White Sox, another 1960 disappointment, got an important lift when Early Wynn and Gerry Staley hurled them to a 3-1 decision over the Kansas City Athletics. The White Sox broke a 1-1 tie in the eighth inning with the aid of Ed Rakow's wildness.

The world champion Pittsburgh Pirates saw one of their front-line pitchers "bombed" again when the Detroit Tigers clubbed out a 12-8 triumph. Wilmer (Vinegar Bend) Mizell was ripped for 11 runs and 14 hits in six innings by Detroit's 15-hit attack, which included homers by Bubba Morton, Dick Gernert and Rocky Colavito. Jim Bunning went the distance for the Tigers though tagged for 12 hits.

The New York Yankees shaded the St. Louis Cardinals, 5-4, in 11 innings, the Los Angeles Angels downed the Cleveland Indians, 5-3, the Boston Red Sox beat the Chicago Cubs, 4-3, the Cincinnati Reds topped the Milwaukee Braves, 5-4, and the Baltimore Orioles and Minnesota Twins split a double-header in other exhibition activity.

Roger Maris singled home the decisive run for the Yankees, who beat the Cardinals for the first time in five tries this spring. Moose Skowron drove in four runs for the Yankees with a homer and a double while Ralph Terry, Art Ditmar, Ryne Duren and Bill Stafford held the Cardinals to five hits. Ken Boyer homered for St. Louis.

U.S. Blessed With Great Track Coaches

By HAL WOOD

SAN FRANCISCO (UPI) — Track and field performances in United States will reach their healthiest peaks in history for a non-Olympic year this spring and summer.

And most of the thanks can go to a small band of young, energetic track and field "nuts" who are busy coaching as if their lives depend upon the results.

"We're not even looking ahead to the Olympic Games," says handsome young Payton Jordan of Stanford. "Most of us have travelled around the world enough already. But we just love the sport and we like what we are doing for the kids."

Besides Jordan, a man who makes track and field meets interesting even for an uninformed spectator, the other top young coaches who are getting the job done include:

Ducky Drake, UCLA; Jim Elliott, Villanova; Chuck Coker, Occidental; Bill Bowerman, Oregon; Bill Carroll, Oklahoma; Bud Winter, San Jose State; Oliver Jackson, Abilene Christian; Sam Bell, Oregon State and Bill Easton, Kansas.

RECORD-BOUND

These men have developed fine track and field teams this year and they have a flock of youngsters heading for national and world records. These same lads may be the boys who do a comeback for Uncle Sam in the 1964 Olympic Games in Tokyo.

Among the standouts are Dennis Johnson of San Jose State, a Jamaican who twice has been clocked in record-equalling 9.3 in the 100-yard dash; Jim Cerveny, 880-yard man from Occidental; Darol Burleson, the great miler from Oregon; Harold Horne, Oregon State broadjumper; pole vaulters J. D. Martin of Oklahoma and Rolando Cruz of Villanova; decathlon man C. K. Yang and high hurdles star Jim Johnson of UCLA; and quarter miler Earl Young of Abilene Christian.

Some of the other more firmly entrenched coaches also have some fine performers going for them. These include Jesse Mortenson at USC, who has the great Dallas Long putting the shot.

But the young brand of coaches lives and dies by the times and distances for each one of his youngsters. For most of them, their idea of a big night is to sit for hours and hours talking about ways and means of improving the sport.

"We're not looking for any special rewards," says Jordan. "We get our kicks out of life watching the kids improve. If they turn into world champions —so much the better."

It happens that Jordan right now doesn't have anything resembling a world champ. Most of the other young mentors are better fixed for talent. But that doesn't stop the Stanford coach from plugging away trying to develop a winner.

HE'S OUT—Giants' Jim Marshall is tagged out by catcher Norm Sherry of Dodgers as he tried to score from second base on hit by Felipe Alou in yesterday's exhibition game. Giants won, 2-0. (AP Wirephoto)

Tam Swimmers Defeat Lowell; Redwood Loses

Tamalpais Indians swept every first place and almost every second place yesterday in running up a 79-15 victory over Lowell of San Francisco in a dual swimming meet at Tam's pool. In another interleague swim meet yesterday, Las Lomas' High's outstanding squad defeated the Redwood Giants, 60-35.

At Tam, Indian Rick Snow chalked up a double by winning the 100-yard butterfly in 1 minute, 1.8 seconds and the individual medley in 2:-45.9. Other Tam winners were Tony DePrado, 50 free, 24.8; Jeff McCreary, 100 back, 1:-04.2; Steve Deutch, 100 breast, 1:13.8; Jack Martin, 200 free, 2:10.2; Jack Mosher, 100 free, 57.6; and both relay teams.

Tam also won Class B, 46-22.

Redwood's Dick Chambers and Ken Frost set new pool records in their meet, Chambers with a 4:27.8 clocking in the 400 free and Frost with 1:07.0 in the 100 breast. Chambers also won the 200 free.

Las Lomas also won Class B, 57-28.

TWO-DAY SCHEDULE

Drake, S.R. Picked In Marin Tourney

By PAUL MILLER

Marin County Athletic League's second annual baseball tournament, rained out two weeks ago, is rescheduled to open tomorrow with a triple-header at Albert Field in San Rafael.

Marin Catholic High will open against Redwood at 4 p.m. and play again Saturday, but because of other activities at the Catholic high school, Coach Harry Moore was not sure whether his club will finish the tournament.

At 6 p.m. tomorrow Sir Francis Drake and San Rafael, the two prospective contenders for the tourney title, will clash. That big game will be followed by the Tamalpais-Novato High game at 8 p.m.

SATURDAY SCHEDULE

Four games are scheduled for Saturday at noon, 2 and 8 pm., said host school chairman Al Endriss, Redwood's baseball coach.

The three losers of tomorrow's games will draw to see which one advances into the Saturday winner's bracket by luck. The two clubs that don't make the semi-finals set for noon and 2 p.m. Saturday and the finals at 8 p.m. the same day, will meet for the consolation game at 4 p.m. Saturday.

The next important games these Marin prep teams will have with each other subsequent to the tourney competition, will be in the round-robin openers April 18.

After a sampling of participating coaches, San Rafael and Drake seems to be favored, followed by Redwood. Drake, coached by Veryl Sorgen, has two strong hitters. Jerry Ard, shortstop this season has a .385 average. But if an early season .429 means what it should, the Pirate to watch this weekend is right fielder Vince Pallavicini. Both these returning ball breakers are seniors, and

AIR FORCE BOXING ACTION AT HAMILTON

These pictures prove the action is hot and heavy these nights at Hamilton Air Force Base where the World Air Force Boxing Championships are taking place. Semi-finals will fill the air with leather tonight and the champions will be decided tomorrow night. Above, left, Hamilton's Ralph McCoy is shown landing a stiff right to the whiskers of Samuel Dancy in their torrid battle earlier this week. McCoy, two-times Golden Gloves champion, won by decision. are among the club's 10 returning lettermen.

Drake's two regular strong men on the mound will be Nino Geminiani and Dave Le Beck. Sorgen doesn't know yet whether he will use Geminiani's fast ball to start against the Bulldogs.

"We have not been playing well at all," said Sorgen. "The average of four errors a game is too many to result in wins. Last year we finished last. I figure we can't do any worse this weekend. (Sorgen's club went on last year however, to win the MCAL championship).

Bulldog coach Jack Sims said his boys are out for the tournament title, and "although we have a long way to go we have a good chance to win it."

The bad weather and Easter vacation has plagued all the clubs, and San Rafael is no exception. They have had only four games thus far, which is about average for all towns.

HARD HITTERS

The hitting Bulldogs to watch in the tournament are centerfielder Tom Mork, and football all-leaguer Bill Roberts, who this year will be earning his way to bat in left field.

The fire on the infield for the Bulldogs will be second sacker Rich Curry, the all-league basketball player.

San Rafael's real power to put the club in orbit Friday will be its solid pitching staff. All three are senior letterman. No starter has been named from the three prep veterans: Denny Hall, Ken Becker and Jack Sovereign.

For the Novato Hornets the big playmaker both over the dish and behind it is all-league gridiron king, Lou Haas. Another big hitter for Novato is Joe Colfer, the club's first bagger. Ron Grayson is the hurler to watch. An outstanding hitter who also rules shortstop is Jim Corriea.

"He has a fine fast ball and a lot of junk," said Hornet head coach Marlin Olsen, who said he was as curious as the Independent-Journal to know what his club will do this weekend. "We've got a lot of JVs and some returners that did not hit all last year. What will happen this season is the real unknown quantity."

Coach Harry Moore at Marin Catholic has a couple of real headaches. The school's junior prom is set for Saturday night and a third of his team are juniors.

"We will probably play Friday and Saturday morning, but I have not received word yet (from school authorities) whether we will complete the tournament," said Moore.

The Marin coach's other headache is the fact that he doesn't have "one strong hit." His statement is backed up by facts. The Wildcats have not had more than four hits in any of nine ball games. The club will show some good fielders however in shortstop Jerry Smith and second baseman Frank Ubhaus.

TAM'S STANDOUTS

The hitting stars for Tamalpais High will be center fielder Chip Collins, pitcher and first baseman Russ Adams and Norm Kreuter, who normally plays in the outfield but will start at third base Friday. Kreuter is all league football and basketball player. A real steady man behind the plate is Steven Long.

Coach Raymond Bell, who has most of last year's varsity returning, would not go out on a limb in predicting the prospects for his club in the tournament, but said his boys "look good." Last year Tam took the tournament title. Runner up was Redwood.

"Redwood High is the host team and Coach Al Endriss feels that "any thing can happen."

His two big hitters are center fielder Steve Joses and Mike Walsh, who owns left field. Joses is considered one of the best baseball players among preps in northern California and has a lot of panting scouts sniffing his trail which reads "average .365" last year.

While the Giant team is relatively young, one of its real cubs, 14-year-old Jimmy Troppmann, is its most sparkling worker. On the hill will be all league hard court man Butch Brear. Last year he roared through the league with 93 strikeouts.

Another dangerous hurler is Mike Cooney.

Santa Clara Club Favored In Nat'l. Indoor Swimming

MIAMI, Fla. (AP) — The national AAU Women's Indoor opened today with Santa Clara Swim Club favored to fight off strong bids for its title by Michigan and Pennsylvania teams.

Two Olympic champions will compete in the crowded opening event. Chris Von Saltza of the Santa Clara club and Carolyn Wood of Portland, Ore., Multnomah Athletic Club are among 90 entrants in the 100-yard freestyle.

Miss von Saltza is defending her national titles in that event and the 200-yard backstroke.

Giants Still May Make Last-Minute Trade For Southpaw Relief Pitcher

HANLEY

PHOENIX, Ariz.—Possibility of a last minute trade that would bring a reliable southpaw relief man into the Giant camp still exists but it is remote. However, this is the critical period when eleventh hour key swaps usually are made.

Neither Horace Stoneham nor Chub Feeney would make any premature comment two years ago when they were engaged in trade talks with the Cardinals, talks that would have made some of the long winded United Nations negotiations on much more vital subjects seem abrupt.

The ultimate outcome of those 1959 talks resulted in The Toothpick Man, Sam Jones, coming west and Bill White going to the midwest with Ray Jablonski. That was called a "dream deal" for both Giants and Cardinals. And it wasn't completed until Easter Sunday of '59.

Now, neither Stoneham nor Feeney will admit anything is going on behind the scenes and their new freshman manager of the Giants, Alvin Dark, says that as far as he is concerned the 28 men on the squad are the ones who will open the season April 11 in Candlestick Park against the world champion Pirates.

HOWEVER, THERE is a growing feeling that Cincinnati's new general manager, Bill DeWitt, might part with southpaw stopper Bill Henry if the consideration were right. A fortnight ago there definitely was substantial reason to believe the Giants' hierarchy and DeWitt almost had reached the point of saying "it's a deal—Don Blasingame for Henry."

Then Powel Crosley Jr. died of a heart attack at the age of 74. The president and owner of the Reds since 1934 was the only one who could have approved such a deal, just as it would have taken Stoneham's approval to make official any understanding reached by Feeney and DeWitt.

IF ASKED whether he discussed a Blasingame-Henry deal, Feeney replies "I won't be drawn into any discussion of personalities, and you know we never mention players by name."

But if asked whether he discussed any possible trade with Cincinnati, Feeney, whose legal background in the Ivy League forbids him from being trapped in a lie, reluctantly acknowledges "Yes, we have had talks with Cincinnati about possible trades."

With Jones always available for a relief role in addition to his regular starting assignments, and with the two rookie right handers Bob Bolin and Jim Duffalo also pegged for the bullpen, Dark believes he is in pretty good shape in that department. If Bolin and Duffalo fail to come through, there still is Jack Sanford who, like Jones, is strong enough to start and relieve.

THAT LEAVES the southpaw relief job up to Billy O'Dell and this spring Baltimore Billy has been the same in-and-out pitcher he was last season.

Henry would be just the kind of man Dark would like to have. But what team in the league wouldn't?

Cousy Spectacular In Celtic Triumph

BOSTON (AP)—Bob Cousy, the old master of pressure play, says no collection of all stars could beat the Boston Celtics when they play their top game.

"We played as a team in the second half," the weary Cousy said last night after his 26 points and 14 assists keyed a 116-108 victory over St. Louis.

Though Boston leads the best-of-seven National Basketball Assn. championship playoff series 2-0, the players are unanimous in the feeling they will not be able to win in four straight. The next two games are in St. Louis Saturday and Sunday afternoons and will be televised nationally.

"We'll be lucky to win one out there because St. Louis is playing such good ball," said Tommy Heinsohn.

"It's a long way from being over," chimed in Bill Sharman.

"We were hurting without the big guy," was the opening utterance of Hawks' Coach Paul Seymour referring to center Clyde Lovellette who is sidelined by a back injury. Though there is a chance Lovellette can play this weekend, "I won't dress him unless he's 100 per cent okay," Seymour said.

BOB SPECTACULAR

Known for peak performances in the "big ones" throughout his 11 year NBA career, Cousy had never been a more spectacular playmaker.

"It's pride," Cousy explained. "The playoffs are like a command performance before royalty. Not many get the chance and here it is facing you. So you stuff up with pride and get yourself fired up to a pitch. Yeah, it's still a great challenge."

Cousy was taken out of the game with 2½ minutes to play and slumped over on the bench while the 13,909 Boston Garden spectators roared a tribute to his performance.

"I was choked up with a chest congestion and couldn't breathe," Cousy said. "I was making frantic signals to the bench to get me out. The crowd? It was more of a eulogy than an ovation—they probably thought I was going to die," he added with a laugh.

Top Seeds Expect Tough Matches In Masters Tennis

ST. PETERSBURG, Fla. (AP)—The quarter-finals of the second annual Masters Tennis Tournament opened today with the going figured to be a little tougher for the seeded players.

Neale Fraser of Australia, top seeded in the tournament, faces Jon Douglas, an unseeded player on leave from the Marine Corps.

Douglas made the quarter-finals by defeating Ed Turville Jr. of St. Petersburg 6-0, 6-2, yesterday.

Fraser defeated Rodney Mandelstam of South Africa, 8-6, 6-3. Rod Laver of Australia, No. 2 seed, meets Jerry Moss of Miami, one of the top rated Americans in the event.

Roy Emerson, No. 2 seed from Australia, drew Miguel Olvera of Ecuador. Olvera defeated John Hammil of South Africa 6-2, 6-0.

The opponent for quarter-finalist Luis Ayala, No. 4 seed, will be determined in a delayed second round match today.

No action was scheduled today in the women's matches. Semi-finals will be held Friday.

St. Bonnie Standouts Sign With New York

NEW YORK (AP)—Tom Stith and Whitey Martin, stars for the 1961 St. Bonaventure College team, signed contracts yesterday with the New York Knicks of the professional NBA.

FILMS SHOW SPRINT CHAMP'S START O.K.

SAN FRANCISCO (AP)—Is San Jose State College sprinter Dennis Johnson getting an illegal start on other runners in his world record tying efforts?

Track Coach Chuck Coker of Occidental College said yes Monday and drew a storm of criticism from northern California track officials and sports writers.

A group of the latter saw films of Johnson's starting form at a San Francisco restaurant yesterday and concluded it may be unorthodox but it is legal.

That's what Johnson's coach, Bud Winter of San Jose State, had been saying. Others who watched Johnson run the 100 in 9.3 at Stanford Saturday agreed.

Johnson rises more slowly than other runners and is lower when the gun sounds, Winter said.

But, he added, Johnson does not rise in one continuous sweep as Coker charged.

SLOW RISE

"The movies show that Johnson rises more slowly than other runners on the 'get set' signal. This is not illegal. He is perfectly still for at least two seconds before the gun sounds, and this is the area of disagreement," commented Sports Editor Art Rosenbaum of the San Francisco Chronicle after viewing the films.

Ray Dean, former Stanford sprinter was starter for the controversial race Saturday, said Johnson was motionless for more than half a second and less than two seconds. "It was a fair start. Otherwise I would have called the runners back."

Coker declared Johnson should be "disqualified or taught a lesson with a few fast guns."

Johnson has stayed out of the dispute.

BENEFIT GAME FOR CAL POLY GRID VICTIMS

LOS ANGELES (UPI)—The Helms Athletic Foundation today announced a benefit game for the relatives of players killed in and the survivors of the plane crash last Oct. 29 with the Cal Poly (San Luis Obispo) football team and official party aboard.

The game will be played Thanksgiving Day, Nov. 23, 1961, in the Coliseum. It will bring together two conference champion teams, one from California and one from the midwest.

Announcement of the conferences will be made late in April, but the teams to compete will not be known until early November.

In the Toledo, Ohio, crash, 16 Cal Poly players died and 21 of the 26 survivors needed extended hospital care.

Cage Scandal Probe

NEW YORK (AP)—The grand jury will hear testimony on the college basketball point-shaving scandal today for the third straight day.

Jurors adjourned yesterday after two-and-a-half hours of testimony. Frank S. Hogan, district attorney, again declined to divulge the names of any witnesses.

The FISHIN' FOOL

By RALPH STEVENS,
I-J Fish and Game Writer

Striper Striving Slows; Bass, Like Humans, Seek Relief From The Heat

STEVENS

Fish and humans have one thing in common. When the temperature rises, they hunt for shade. Of course the fish hunt deeper, cooler water which is shade for them. Right or wrong, that is the theory advanced by many old timers. Seems logical, too.

Certainly the extremely fast action had with striped bass in the shallows off the Marin shore slowed down a great deal from Sunday until last night. For example: At Joe's Launching at Santa Venetia, 400 stripers came in on Saturday; 100 only on Sunday, 50 on Monday and 10 on Tuesday.

Almost as many avid anglers were on the job Monday and Tuesday as on Saturday and Sunday. But there were a flock of fishing fans who will long remember what happened "yesterday." Take the Lauchenauers — Mrs. Elenor, son "Whitey" and hubby Nickey. The queen of the clan took her limit of stripers and then hooked, played and landed a 54-inch, 44-pound sturgeon. Whitey and Nickey each had a bass limit. Or Joe Salz, aged 11, who had a limit of bass and a 53-inch sturgeon. Joe's brother, John had no sturgeon, but did have his legal limit of bass. Jack Reeves and friend displayed six nice stripers to 10 pounds. John Segale's limit was topped by a 12-pounder and Donald Balch was happy with his bass that weighed in at 15¾ pounds.

THE STORY of the lessening of action in the China Camp sector, where it was hard to toss out a baited hook without getting a bass for several days until Sunday afternoon, tallied with that of Joe Nerviani at Santa Venetia. And, like Joe, Grace Quan is convinced that the smooth water and the hot sun caused the bass to seek cooler quarters. Both Grace and Joe stressed the fact that on Monday and Tuesday, the fish were working close to the surface. "Jumping and rolling all over the place, but not biting," explained Grace. Then she added: "The boats that went out very early in the morning when the water was cooler, did much better than later in the day."

OUR BAROMETER has dropped from 30.2 to 29.7. The weather bureau predicted a wind storm on its way. Could be that the change to cooler, rougher water will bring back the fast and fancy bass fishing in the entire areas both west and east sides of the San Pablo Bay. No question but what the fish are still around somewhere.

BY THE WAY, the warm water theory may also account for the sudden increase in the flounder activity on the Flats. Even with large hooks and large pieces of bait the flounders seem to be especially hungry.

CATFISHING in the Old River-Grant Line Canal area continues to yield beaucoup of the tasty smooth-skins. Joe Navarro of the Sportsmen's Center in Castro Valley called to tell me of a quartet from his part of the country, Florence and Fred Johnson and John Marra and wife, taking 80 beauties a couple of days ago.

Joe also reported Earl McDonald and Mary Meyers casting black eels and Hootchie lures into the waters of Berryessa and taking limits of black bass two days in succession.

Harold Wilson made his debut as a salmon troller aboard the Sea Horse and collected one 20-pound salmon and one of 10-pounds.

AS I MENTIONED yesterday, some big salmon have been taken outside the past few days. A number of Schenley fish were boated. Tony Caruso of Caruso's Bait Shop, Sausalito, reported William Price, aboard the Maybe, off Duxbury, landing a 36-pound salmon, and —hold everything—Emil Hallen, aboard the Bluefin, landed a beautiful king salmon weighing 50 pounds, one ounce. That was on Tuesday. Yesterday I heard the skippers talking over my Halicrafter and learned that several large fish to 30 pounds had been netted.

Volleyball League

Groups interested in entering a men's volleyball league in San Rafael are invited to attend an organizational meeting tonight at Albert Field, 7:30 p.m., the San Rafael Parks and Recreation Department announced this morning.

STURGEON

186-Pounder Caught By Marin Woman

Mrs. Terrie Ellerman of San Anselmo, who recently won a prize for catching a large striped bass, hit an even larger jackpot this week when she hooked, fought, and finally landed a 186½-pound sturgeon.

The exciting action took place on San Pablo Bay Sunday, moving from Marin Island to McNear's Point and back again to the San Rafael channel marker. With Mrs. Ellerman were her husband, Wayne, and Robert Smith of Loch Lomond Marina. They were fishing for bass on the Ellermans' 23-foot cabin cruiser, "Prelude."

The whopping sturgeon, which measured eight and a half feet in length, gave Mrs. Ellerman the fight of her life—and I have bruises on my arms to prove it," she said.

LONG FIGHT

After the strike, about 300 yards off Marin Island, the sturgeon took the "Prelude" and party on a ride that covered about four miles in the two-hour battle. At times the huge creature streaked out of the water and appeared to be dancing on its tail in its fight for life. It finally ran out of fight near the San Rafael channel marker, but still another hour was required to harness the whopper to the boat.

While Mrs. Ellerman fought the exciting battle, the male members of the crew just stood by without lifting a helping hand. "I begged them to help," the proud angler said, "but they told me, I hooked it, so I had to bring it in."

Mrs. Ellerman was using the Penn reel prize she was awarded by the Schenley Sportsmen's Club for catching a large bass last month.

The Ellermans are proprietors of Tiny Tots Studio in San Anselmo.

WHOPPER—Mrs. Terrie Ellerman is dwarfed by the 186½-pound, 8½-foot long sturgeon she caught in a hectic two-hour battle on San Pablo Bay Sunday.

Drake Swimming Classes Saturday

Openings are still available in swimming classes for elementary school aged children in the Drake High School Saturday morning recreation program, director Bob Fitzhenry announced today.

Boys and girls interested in enrolling in the program may do so at 9 a.m. Saturday at the Drake pool.

Champ Moore, Valdez End Training For Title Bout

LOS ANGELES (AP) — The training grind was behind today for champion Davey Moore of Springfield, Ohio and Danny Valdez of Los Angeles, who fight for the world featherweight title Saturday night.

The 27-year-old champion finished conditioning at his camp in the mountain country east of Los Angeles and the 21-year-old challenger eased off here.

The 15-round bout will not be broadcast nor telecast.

Moore, beaten but once in the past five years, remains a heavy favorite to retain the title. He has scored 22 knockouts in 54 matches.

Valdez has had only 22 professional fights but has been boxing since he was 9. He got the title chance by twice whipping Ricardo Gonzales of Argentina, then rated the No. 1 contender.

Concern has been reported over Moore's weight. But his manager, Willie Ketchum, expressed confidence the boxer would make the required 126 pounds at weigh-in time Saturday.

Novato Beats Tam Spikers

Jim Sewell and Don Klapperich were leading point getters Tuesday as they paced the Novato High School track and field team to a 64⅓ to 48⅔ upset victory over the Tamalpais Indians.

Sewell won the high jump at 5-feet-10, placed second in the shot and anchored the winning relay team while Klapperich was first in the high hurdles and second in the broad jump.

Novato's Mike French set a school record in the 880 with a 2 minute, 5.8 seconds clocking and John Miller won the shot with a 45-foot, 7½-inch effort.

Lon Carter was a double winner for Tam in the 100 and 220-yard sprints.

Tam salvaged some pride in the lighter divisions, winning Class B 65-44 and Class C 37-35.

Project 17 Plan Rejected Again

Baseball players on Mill Valley's Project recreation area 17 face another season of clothes-changing in nearby gasoline stations.

The Mill Valley City Council last night turned down the latest plans for construction of shower rooms, restrooms and bleachers on the project.

It was the second set of plans submitted by the Mill Valley Optimist Club, which is doing work on the recreational area in a community effort, and rejected by the council.

The vote was 2-2 with councilmen Joseph E. Sheeks and George D. Monardo voting "no" and Councilman George Blackwell absent.

Lew Tyrrell, vice chairman of the planning commission, told the council the players now "dress in the service stations two blocks away. It's quite a trip."

Plans had been approved by the planning commission as a "temporary expedient." Councilmen Sheeks and Monardo took objection to anything "temporary" which might last 25 years. Mayor Robert D. Huber and Councilman Michael Wornum spoke in favor of the building.

TURNED DOWN

The Optimists were turned down last year when the council said it wanted over-all "harmonious planning" for the area.

The council continued to April 19 an appeal from planning commission denial of Manuel Gomez's request to rezone his Garden Hill Unit 2 from one acre to 15,000 square foot lots. Gomez, who complained he has waited one year and nine months for the rezoning, said he could wait until April 19 when a new ordinance setting up two new lot sizes—15,000 and 30,000 square feet—would be effective.

Gomez's nephew, J. Robert Gomez, who has a separate request to rezone 17 acres of Mesa Heights land, told the council vehemently that the planning commission continued his request without his consent. This "invades our rights and is a move to block any subdivision we request," he declared.

TIME LIMIT GIVEN

The council said the commission could continue a matter but that if it did not act within 30 days, approval would go to Gomez automatically.

A resolution was adopted 4-0 to abandon a seven-foot portion of Dot's Lane, approximately 60 feet in length, to allow Mathew P. Dillingham to build over the foundation of his house, recently destroyed by fire. The foundation encroaches on the lane by five feet.

The council also:

1. Appointed to the parks and recreation commission Mrs. William E. Searles of 4 Wainwright Place, to fill the term of William A. Daegling, and Raymond J. Bell of 29 Ryan Avenue, to fill the term of Roger Leschohier. Daegling and Leschohier are moving from Mill Valley.

2. Reversed, with councilman Monardo voting "no," planning commission denial of a variance to David B. Gardner to build a home on his substandard lot at 160 Monte Vista Avenue.

3. Approved plans for a shoeshine stand in the Arcade of the city-owned bus depot on Lytton Square.

4. Heard a report from City Manager A. E. Moslems Raid Paris Hospital, Kill 1, Hurt 10

PARIS (UPI)—A band of Algerian terrorists invaded a hospital today in an assassination attack on a rival Moslem. In a gun battle that followed, they killed a police sergeant and wounded two other policemen, four patients, a hospital attendant and three visitors.

The attack in suburban Montfermeil, outside Paris, was the latest incident in a week of terrorist violence. Five persons were killed last weekend when terrorists attacked police stations in the Paris region where Moslems are employed as auxiliaries.

Fourteen persons were injured when extreme right wing terrorists opposed to peace talks with Algerian rebels set off a bomb in the Paris stock exchange Tuesday.

Paris police canceled all leaves yesterday and government security agents were alerted throughout the country in an effort to head off the increasing violence.

The latest attack came as President Charles de Gaulle refused to make any further concessions to the Algerian National Liberation Front rebels to get the peace talks started on time at Evian tomorrow. The talks have been delayed.

Marin Woman Appointed To State Group

Mrs. Dewey J. Forry of 2615 Heatherstone Drive, Marinwood, was appointed to the State Recreation Commission for a four-year term yesterday by Gov. Edmund G. Brown.

For the past two-years, Mrs. Forry has served as secretary of the California Assn. of Recreation and Park Districts.

A native of Sacramento, Mrs. Forry recently moved to Marinwood. In Sacramento, she served as director and secretary of the Fulton-El Camino Recreation and Park District. She has been active in the Catholic Youth Organization and the Parent-Teachers Assn.

At present, she is serving on an advisory recreation commission in Marinwood.

'MY DADDY'S NAME IS HUSBAND'

The little girl found wandering down Grant Avenue near Reichert Street in Novato yesterday wouldn't give her name to police.

At the city hall, secretaries had no better luck. Asked her father's name, the little girl answered "Husband."

But once in a police car, she was able to point the way to her home, more than six blocks away, at 699 Plum Street.

Right Of Way Purchase For Beach Requested

Sightseers who drive to Muir Beach Overlook for a view of San Francisco and the Pacific Ocean will soon get a better access road from Highway 1.

The Marin County Parks and Recreation Commission yesterday decided to recommend the county buy about a quarter acre right of way land for $435 from Mrs. Lucia Harris and her son Mark Harris, who represent Muir Beach Inc. The purchase would widen the access road from the present 20 feet to 40 feet.

Gibbs Lawson, chairman of the commission, presided at yesterday's meeting at 1711 Grand Avenue.

Mrs. Wayne Tharp, secretary, reported that dressing rooms at Drake's Bay are almost completed and will be ready for use this summer. A concrete block building will house the dressing rooms. The parking area has been improved and the access road widened to some extent.

Avoid the mistake of using a single lamp to light a reading area, leaving the rest of the room dark. The contrast between the dark and lighted areas will cause eyestrain and fatigue.

SAN RAFAEL BROWNIE Scout Caroline Langlais of Troop 225 and Intermediate Scout Sharon Thompson of Troop 216 receive Cookie Sale posters from Mrs. Lewis Deu Pree, Cookie Sale chairman. Girl Scouts all over Marin distributed the posters to business establishments in their neighborhoods this week to publicize the Cookie Sale which starts tomorrow, April 7.

SADLY RELINQUISHING the Girl Scout perpetual cookie trophy are members of Novato Troop 326 who earned the right to keep the trophy for a year by selling more cookies than any other troop last year. Mrs. James W. Gowen, chairman of the Girl Scout Cookie Committee, received the trophy from left, Jacqueline Shedivetz, Cynthia Dunn and Marsha Coontz, members of Troop 326, who hope they can outsell the rest of Marin's troops again this year. Doorbells To Ring Tomorrow Girl Scouts Annual Cookie Sale

With posters in store windows and cookies distributed to local depots, the members of the Marin Girl Scouts will hold their annual Cookie Sale from April 7-24.

According to Mrs. Lewis Deu Pree, Cookie Sale chairman, doorbells will start ringing right after school tomorrow, when Brownies, Intermediate and Senior Scouts begin to sell the 48,000 boxes of Mother's Cookies ordered by the Marin Council.

In addition to the familiar Danish assorted cookies sold by the Council for the past two years, chocolate mint cookies and sandwich cookies (chocolate and vanilla assortment) will be offered for sale this year. Each type is attractively packaged in a Girl Scout green box, and will sell for 50 cents.

As the cookies were baked at the Oakland plant of Mother's Cake and Cookie Company and delivered to local depots yesterday, their freshness is guaranteed and can safely be kept in their original wrapping over two months. All three varieties can be frozen without repackaging.

To enable the Council to carry out a complete Scouting program, it is necessary to raise additional monies other than that contributed by the United Bay Area Crusade, which does not furnish the full amount of the Council's working budget. It also assists in developing the established Sierra camp, Treasure Mountain, and in developing and maintaining Arequipa, the Council's newly acquired property in Fairfax. According to Mrs. James W. Gowen, chairman of the Cookie Committee, the proceeds from the sale will supplement the funds received from the United Crusade for operating the Council.

A perpetual trophy, awarded to the Girl Scout troop selling the most cookies, per capita, will be presented at the end of the sale. It was awarded last year to Novato Troop 326. A ribbon award for the troop flag will be given to those troops selling two cases of cookies per girl, while "Busy Bee" pins will be earned by each Girl Scout who sells two cases of cookies.

Be sure to try all three varieties of Girl Scout Cookies when a local Girl Scout calls on you. Each box of cookies promises to be a taste treat for the whole family, and assures the availability of Girl Scouting to every girl in Marin.

A call to the Girl Scout office will bring a "salesman" to your door, if your house is overlooked or if you wish to reorder.

Spanish Crests, Coins, Stamps Among Antique Show Highlight

One doesn't have to be an antiques collector to enjoy the Marin County Antique Show, opening April 20 at the IDES-ST Hall in Sausalito.

Actually, the Show, in addition to allowing collectors to find that "special something" is a source of afternoon and evening entertainment. With salads, sandwiches, and pastries available at Mrs. Herbert B. Marsh's snack bar, one is fortified for several hours of wandering and looking.

From Laguna Beach come the Billy Gilberts with coins and stamps, one of the largest such collection. In addition to jewelry, the Gilberts feature a couple of rare pewter figurines, depicting the Kate Greenaway children's stories, unique enough for the Smithsonian Institute to have asked for them.

Jeanne Davis of Sausalito will include colorful Spanish crests from 1700, that could be mounted for wall-hangings, and original Holbein prints.

Don Badertscher of San Francisco has established a precedent of unpacking his recent arrivals from Europe right at the show, so is able to present unusual and interesting items to patrons, directly from abroad.

The $1 silver table has permitted many a show-goer to complete an obsolete silver pattern; Beverly Antiques from Los Angeles features this service. Canary, white, ruby, emerald and aquamarine are the colors of the Sumatra Stone jewels shown by Zenobia's Antiques of San Francisco; they are jewels from the Tower of Jewels of the Panama Pacific International Exposition in San Francisco, and were made in Austria.

Entrance admission to the Show, continuing from the 20th through the 23rd of April, will permit re-entrance at any time during the four days. Grandmother's Cupboard, headed by the Mesdames Dashwood Darling and John Richardson, offers chutneys, preserves, pickles, jams made by parish women of the Church of Our Saviour, Mill Valley, sponsors of the show. Mrs Eugene W. McGeorge is chairman of this ninth annual show.

The Redwood Empire District of BPWC includes 23 member clubs from Marin County north to the Oregon line, and there are more than 1,000 members.

Registraton will be Saturday morning, April 15, with a business meeting until noon, when polling for the 1961-62 district officers will begin.

A smorgasbord will be served in the main dining room with a fashion show presented. Commentator on "Fashions For and By Beeps" will be Mrs. Dorothy Petersen of Petaluma. Models will be members of the Petaluma and Novato clubs.

An installation banquet will be held at 7:00 p.m. for the new officers of the district with Miss Wilson as installing officer. Retiring Redwood District president is Mrs. Helen Johnson of Santa Rosa. Mrs. Marie E. Seiler, president of the Petaluma club, will preside.

Welcoming addresses will be made by Mayor Arthur W. Parent of Petaluma and John Baget, city administrator of Novato. Mrs. M. Cravens Douglass of El Segundo, and second vice president of the California Federation of BPWCs, will give the principal address on "BPWC Dimensions." PROPOSING A TOAST following their wedding at the St. Francis Yacht Club are Mr. and Mrs. Thomas C. Marks. The bride, the former Angela Rosalie Sabella, is the daughter of the Angelo Sabellas of San Francisco and Marin. (Vano, Wells, Fagliano photo)

Angela Sabella Weds Thomas C. Marks

White lilac blossoming trees, Easter lilies and white stock, formed the altar at the St. Francis Yacht Club when Angela Rosalie Sabella of San Francisco became the bride of Thomas C. Marks of Sausalito on April 1.

Judge Joseph Karesh performed the 3 o'clock single ring ceremony.

Mr. and Mrs. Angelo Sabella of San Francisco and Marin are parents of the bride. Mrs. Claire M. Marks of Oakland and the late Mr. Marks are parents of the bridegroom.

Given in marriage by her father, the bride wore a full length gown of white organza with seed pearls and scalloped lace details. Her fingertip veil of matching material fell from a petaled and pearl headdress and she carried a bouquet of lilies of the valley.

Honor attendants, Mrs. Luciano Sabella of San Anselmo as matron of honor, Rosalina Sabella, the bride's sister, as bridesmaid, and Lisa Sabella, as flower girl, had gowns of embroidered apricot linen with white overlay. They carried bouquets of apricot carnations.

Master Mark Angelo Sabella of San Anselmo was ringbearer.

Norman Lonvan of Salt Lake City served as best man and usher was the bride's brother, Luciano Sabella.

For her daughter's wedding, Mrs. Sabella wore a gray-blue coat dress ensemble in peau de soie with matching accessories. The mother of the bridegroom chose a blue-green patterned silk print frock.

A reception for 250 guests followed at the Yacht Club.

The bridegroom is employed at Station KFRC in San Francisco.

Following a wedding trip to the Southwest, the newlyweds will make their home in Sausalito.

Barbara Dupuis Will Wed George Cagwin

Twin Cities Unit Plans An Election

A nominating committee slated to bring in the first considerations for new officers of Twin Cities Unit 313 of the American Legion Auxiliary was nominated at the Unit's recent meeting.

Participating on the committee are Mesdames Maurine Lynch and Bryce Florence of Larkspur; William Wagner, Ruth Monathan and Frances Fugate of Corte Madera.

The Unit's second one-day spring rummage sale for the year was announced for April 24 at the Larkspur Legion Hall. Proceeds will benefit the Legion and Auxiliary's general programs of community services prior to the organizations' fiscal period ending June 30.

The Claremont Hotel in Berkeley will be the setting where Auxiliary members within driving distance of the Bay Area will host the National President, Mrs. Henry Ahnemiller of Wenatchee, Wash., during her Northern California appearance, on April 19, according to Unit President Mrs. James Green of Twin Cities.

Over 600 American Legion Auxiliary members are expected to attend the gala state luncheon program to hear the address of the national president, who guides the activities of nearly 1,000,000 Auxiliary members in 14,000 Units throughout the United States, Hawaii, Panama and Alaska.

Representatives planning to attend from Twin Cities Unit include Mesdames Wagner, Florence, James Green and Fugate.

Next meeting for Twin Cities members has been called for April 11 at the Larkspur Legion Hall.

Rummage Sale Set To Open Tomorrow

Articles ranging in size and function from a bird bath to safety pins will be found at the rummage sale which the Grace Lutheran Women's Society will hold in the social hall of Grace Lutheran Church, Novato, tomorrow and Saturday.

Doors will be open at 9 a.m. tomorrow and will remain open throughout the evening for the convenience of late shoppers. The sale will continue through Saturday afternoon.

Nomination Meet For St. Rita's

The Women's Guild of St. Rita's Parish, Fairfax, will meet on Monday, April 10, in the parish hall at 8:15 p.m.

At the business meeting, nomination of officers will be held and final plans made for the fashion show and luncheon which will take place at the Meadow Club on April 12. Dr. Roy Pasqueletti will be the guest speaker of the evening.

Refreshments will be served following the meeting. Second Grade mothers will be in charge of food and decorations. All the women of St. Rita's Parish and mothers of children in the school are invited to attend.

BRIDE-ELECT HONOR GUEST

Marilyn Templeman, who will be married to Dale Aaron Le Neve on Sunday afternoon at the Chapel at Hamilton Air Force Base, was honored recently at a shower given by Mrs. Robert Brossier at her home in Santa Venetia. The bride-elect is the daughter of Mr. and Mrs. Robert Templeman of Santa Venetia. The future benedict, son of Mr. and Mrs. Arnold Duboise of Richmond, is stationed at Hamilton Air Force Base.

Guests at the shower were: Mesdames Robert Templeman, Ralph Hill, Arthur Carpenter, Harry Pepoon, James Nichelini, Joseph Patten, Doyle Sower, Edgar Rowland, Ruth Jump, Merle Cozad, Misses Kay Donovan and Donna Templeman (younger sister of Marilyn).

Mill Valley Dance Pupils To Entertain

Mill Valley students will entertain others from 11 Bay Area communities at a program Saturday morning to be followed by lunch in Old Mill Park.

The program starting at 9:30 a.m. will consist of demonstrations at the Dick Ford Studio in Mill Valley by pupils in various classes. After a demonstration of technique by the advanced class pupils of all age groups will work on the creative problem of interpreting paintings by the 12 local artists who exhibit regularly at the Ford Gallery.

Experience in the past has shown that younger children prefer realistic paintings and older ones like the abstracts.

Also on the program will be a dance by Mill Valley girls in the advanced class interpreting the instruments of a symphony orchestra and a master class in which Ford will instruct all children present from first graders to high school students.

Assisting during the morning will be instructors Marian Melberg, Judith Modell, Nancy Gimbal and Marguerite Ford and accompanist Leroy Miller.

The children will conclude the day by taking their lunches to Old Mill Park. Parents and friends are welcome.

TODAY'S EDITORIAL

'Our Columns Are Open To All Parties To Discuss . . .'

(Ed. Note: As President Fred F. Enemark of the Marin Industrial Development Foundation observed last night at the I-J "100th birthday party," this newspaper zealously exercises its right to speak out on public questions and just as zealously supports the right of its readers to agree or disagree.

There is nothing new about this policy as former Marin Journal publisher T. Fred Bagshaw noted recently when he came across the following in a 100-year-old copy of the old Journal:)

"We have received a communication from Bolinas stating that a petition is now in circulation in that portion of the county for signers, praying the Legislature for a law to remove the County Seat from San Rafael to Olema.

"The removal of the County Seat has been discussed in this county ever since its organization 12 years ago. An attempt was made 10 years ago to remove it under the law of 1850 but failed for lack of the legal number of petitioners. The great difficulty in this matter will be to fix upon a site satisfactory to the majority of people.

"Tomales, Novato, Nicasio and Olema have been advocated as suitable locations by the people of those places. It is extremely doubtful if either can obtain the majority of voters of the county.

"Nicasio is probably the most central point of the territory composing the county, and about equal distance from Novato and Olema, and is accessible as well as Oema, from the upper portion of the county, only over rough and very mountainous roads.

"Tomales is as remote from a central position as San Rafael.

"Novato has some advantages over the above named places; it is more easy of access from all parts of the county, and has water communication on the Bay with San Francisco. The latter consideration is of some importance to litigants in our courts, as most of their business is done through lawyers of the San Francisco bar, and they would not be landed on the bay coast and then proceed 15 or 20 miles into the interior, over rough roads, for the same fee that they would prosecute or defend a case at San Rafael or Novato.

"Novato is centrally situated between northern and southern extremes, but like Olema, on one side.

"The next consideration, with all tax paying voters, in estimating the advantages of the removal of the County Seat, will be the cost. A new courthouse and jail must be built immediately, in case of removal, at an expense of about $30,000.

"It is true that the county now needs those buildings, but we think the present courthouse and jail can be made to answer the purpose for a few years longer, and until the people will be better prepared to meet the heavy tax their erection will require.

"The question of removal of the County Seat is one that should be permanently settled, and it may be as well done now as hereafter.

"Although we are located in San Rafael, and think the interest of the County will be as well served by the County Seat remaining where it is as it would be by removal to either of the places spoken of; yet we are not disposed to say or do anything to prevent free expression and action of the people on the subject.

"Our columns are open to all parties to discuss the merits of the place of their choice."

WHAT OUR READERS SAY

Need Public Lake For Swimming

EDITOR,
Independent-Journal:

A recent editorial questioned the popularity of the recreational areas of Marin County. The problem involves water.

Older people enjoy quiet lunches in the shade of the sylvan groves, and little children delight in the pebbly brooks. But the energetic teens, twenties and thirties consider no outing enjoyable without swimming.

The ocean and the bay are too cold for all but the bulbous few. There isn't a single lake in this county open for water sports.

Berkeley has its beautiful lake in Tilden Regional Park, Oakland its popular Lake Temescal, the Peninsula attracts thousands to Searsville Lake, Sonoma County offers the Russian River and Lake Berryessa supplies the need in Napa County.

The natural beauty of Marin's hills surpasses the attractiveness of these other areas. Steps should be taken to provide a public lake.

County Road Work Haphazard

EDITOR,
Independent-Journal:

Patch upon patch and a hole in the middle.

Concerning the County Road Dept. It does haphazard work, which is NO reflection on the truck drivers and operating engineers that work for the county, but on poor superintendents and foremen.

For instance, their hauling dirt for three miles over our thin skin roads here in Woodacre, to fill the hole over the tunnel, when there is a road that needs widening one-half block from the hole over the tunnel, from where they could have got the dirt.

They recently paved a passing lane on White's Hill without first placing road base, now they are and will have a steady job patching it from now on.

Such practices will never let them catch up with the new pavements needed so badly in this county.

Should Allow Overnight Stays

EDITOR,
Independent-Journal:

In reply to your editorial (March 28) about the decrease of patrons to the state parks.

I cannot say anything about other state parks, but I feel I can say I for one, and I have heard from several other residents, express ideas against the asinine rule by the State Park Commission, that only daily parking will be allowed in the park here, Stinson Beach State Park.

I have had strangers stop me and ask where they could stay overnight.

It is not very pleasant to have to tell them that there is no place they are welcome to park in our state park overnight. Especially so, when there are small children who are tired out from the far from easy trip over these hills. I have noted sometimes that there were more than one car in a party.

I have always found, when I had dealings with the public, it was more profitable to encourage the patronage of those who stop, than to advertise and then not produce.

Reference To Christ Sacrilege

EDITOR,
Independent-Journal:

I want to offer a few thoughts and remarks on the occasion of your one-hundreth anniversary.

First I would like to remind you that the usual outcome of patting one's own back is a broken arm.

Second, let me remind you of the anecdote that you occasionally print concerning individuals who live to great age although they have violated every good health practice.

Third, and in a very serious vein, I must comment on your editorial of March 30. It strikes me as more than sanctimonious to invoke the name of Jesus Christ to protect your rather inadequate editorials from criticism — many of your readers probably consider it sacrilege.

Services Council Not Budget Unit

EDITOR,
Independent-Journal:

A recent article in the Independent-Journal reported that the Marin Council of Community Services has requested the Boy Scouts of Marin to submit quarterly budget reports for examination and evaluation.

I should like to clarify the above statement.

The council has not made such a request as budgeting of agencies is not our function. The misunderstanding may have arisen due to the fact that the Bay Area Welfare Planning Federation has asked for statistical information on membership participation from youth serving agencies in Alameda, Contra Costa, Marin, San Francisco and San Mateo counties. The health, welfare and recreation planning councils in each of the five counties has been asked to assist in the endeavor. Compliance with the request for the service data is voluntary.

The Marin Council of Community Services' relationship with all of its 52 affiliate organizations, both public and private, is purely on a voluntary basis, as the Council has no authority or desire to impose regulations upon its member agencies.

SHEEP WIRED FOR SOUND

Farmers in Australia have a new device to help them keep in close contact with their more than 100 million widely scattered sheep.

A tiny radio transmitter is attached to the back of the sturdiest sheep in a flock. Through it, the periodic "bleep" is relayed to the farmer on his direction-finder set.

Since sheep always follow their leader, there is little chance that many of them will go far astray without being quickly located.

Another advantage of keeping sheep "on the air" is that help can be rushed quickly to flocks in need. Up to 25 per cent of the 40 million lambs born every year in Australia die within the first few months, so this should mean a great saving.

Science is benefiting both man and beast in many ways. But it is more deeply satisfying to realize that the Good Shepherd is in constant contact with each of us in all our wanderings through life, and is ever ready to help us.

"I am the Good Shepherd, and I know mine and mine know Me." (John 10:14)

Do You Want A Liberal Education? Run For Something—Anything

NEW YORK (AP)—No one's education in life is quite complete until he seeks to be elected something or other.

It isn't necessary to seek high public office—to aspire to be a senator or a governor or a tenant of the White House.

Running for the presidency of a private club or organization of any kind can be equally enlightening as to the vital dynamics of democracy.

You are an ordinary man reasonably content with an ordinary job, a wife and two ordinary children. You rather unwillingly join P-TA because—well, you feel you ought to.

You sit silent through the first few meetings. Then, one night, when the audience is asked for suggestions as to how to improve the school, you get up.

"Why don't we get the gym mats cleaned? They look pretty dirty," you say.

Later Joe Doakes, one of the king makers of the organization, approaches you.

"That was a mighty constructive proposal you made. This outfit needs fresh minds and new blood. How about you running for president?" he says.

A week later a second faction appears with a candidate whose slogan is, "Why imperil our children's safety with used gym mats? Let's buy new gym mats!"

A third candidate then arises with the cry, "Let's build a new gym." Then a fourth candidate emerges with an even hotter issue: "What our community deserves is a brand new school."

The whole situation has changed. Instead of being a forward-looking liberal, you are now tagged as a foot-dragging old fossil with his mind in the past, a real drag on the community.

Old enemies suddenly become warm friends, and old friends unexpectedly become new enemies. You have a strange sense of unreality.

COMES ELECTION night and you are badly swamped. The P-TA overwhelmingly votes in as president the guy who plumped for a three-million-dollar bond issue to build a new school.

You are a defeated man. But you have learned things about yourself and your community you never could have discovered unless you had run for an elective office, and submitted yourself to the voting discipline of your fellow man.

Science Fair Projects Capture Attention Of San Rafael Board

SAN RAFAEL BOARD of Education members found much to impress them in the elementary grade science fair projects on display at their meeting last week.

And everyone present agreed with Robert Shore, director of the San Rafael schools' "more able learner" program, that the projects showed the high quality of science work being carried on in the local classrooms.

Some of the youngsters' abilities and interest in science have quite amazed their teachers. Walter Benson, science instructor at Santa Venetia junior high, told about the young fellow who has become something of an expert on crystallography.

"I feel like a child when I talk to the boy," said Benson.

A professor from the University of California agreed to discuss crystallography with the boy. He spent three hours with him and was amazed at the questions the youngster asked, Benson reported.

AND THEN THERE was the pupil who had kept a beautiful diary on how she watched beans grow. When some sprouts poked their way up, her father pushed them down again. Pupil's conclusion: "I should tell my father to leave my experiment alone." (P.S. —she won a prize for the project).

Some of the exhibits that intrigued board members: a fifth grade girl's project on sulphur; a second grade boy's insect collection; a telegraph key built by two boys, and a project by a third grader on "are ants social insects?"

ONE OF THE sergeants at the San Rafael California Highway Patrol office became a father for the fourth time couple of Saturdays ago. So he called the office and said he wouldn't be to work that day. He was taking sick leave, he joked, "I just had a baby."

"Okay," said a fellow officer. "We'll put it on the radio." And don't you think that happy message didn't go out on the air to all units. It sure did.

The San Rafael Board of Education had a request for use of high school facilities for a folk dance festival. "They can't use the grass," advised assistant superintendent Ray Simpson, "because they'll be knee deep in fertilizer."

A Tiburon resident reports a family of swallows came back to Keil Cove the same day they returned last year. It was the day before the swallows were due back at Capistrano.

WHAT WITH THE three million dollar Tamalpais High School District bond issue and other fiscal measures going before the voters soon, it's interesting to read of a survey by the Associated Press education writer. He used Parma, Ohio, and St. Louis, Mo. for his case studies, rang doorbells, asked questions, and isolated three factors operating against efforts to raise needed school funds locally—apathy, ignorance and resistance to taxes.

One citizen in Parma commented: "I didn't vote in May, and I didn't vote in November. I'm busy. I've got four kids to look after. And what difference does it make? We'll always have schools."

A St. Louis housewife, upset over a 29.5 million dollar bond issue, said: "It's criminal the way they have raised our property taxes. You just wouldn't believe how much they're soaking us." But she couldn't tell the reporter whether her property taxes were closer to $100 or $1,000."

The same type of comments could be heard in the Tam District, as any of the citizen committee members could tell you.

We'll always have schools? Perhaps so, but what kind of schools?

If Religious School Loans Added To Federal Aid Bill, It Won't Pass

WASHINGTON—The Kennedy program of aid to education — which the President considers most important—today faces great uncertainties.

Most of what the administration is asking from Congress on other matters will be forthcoming. But the political forecasts for the bill are: "cloudy, with heavy storms."

The heart of the problem is whether the administration can get the Senate and House to act first and exclusively on aid to public schools only.

On this issue there is overwhelming public support and undoubtedly ample votes in Congress. But if loans to parochial and other religion schools are added to the Kennedy program and Congress is required to say yes or no to the whole package, the answer is likely to be no.

THE JUDGMENT of legal experts in the government supports President Kennedy —that loans to religious schools are unconstitutional.

This memorandum, which went to Congress last week, strengthens the case for separate consideration of the two proposals — federal aid through grants to public schools and federal aid through loans to religious schools. Congress could thus weigh the wisdom and the constitutionality of aid to religious schools independently. Sens. Morse of Oregon and Clark of Pennsylvania are introducing such a separate bill.

The Gallup poll shows 57 per cent of the country supporting President Kennedy's plan to aid public schools. The proposal to aid both public and religious schools gets only 36 per cent approval.

THESE DEVELOPMENTS are favorable to the Administration bill. But there is no solid assurance that the two measures — grants to public schools and loans to religious schools—will not be merged into one package. Then supporters of federal aid would be forced to decide whether to do both—or nothing.

When the administration measure comes to the floor of the Senate, the Clark-Morse Bill could be moved as an amendment. In the House, Majority Leader John W. McCormack, a strong advocate of loans to religious schools, favors combining the two measures.

The threat to public school aid does not only come from those who want to include parochial schools. Obviously it is endangered by the pressure of the National Catholic Welfare Conference in its decision to oppose aid to public schools unless Congress aids parochial schools.

BUT THE GREATEST threat to the Kennedy bill is the combination of those who want aid to parochial schools and those who want no bill at all. Those Congressmen who in the past supported the Powell desegregation amendment as the best device for killing aid to education, will soon be supporting religious school aid as the means of defeating all aid.

TRY AND STOP ME

BENNETT CERF

One bright spring morning a commuter announced to his wife at breakfast, "It's too nice a day to go to the office."

"Good," said the wife, "but don't think you're going to play golf. There are a lot of things that need doing around the house."

"Golf was the furthest thing from my mind," protested the husband, fingering a piece of toast. "Now would you mind passing me the PUTTER?"

A summer stock company graduate got his first job on Broadway: a small part of a melodrama. His first line followed the firing of a shot. He was required to express surprise and say, "Was that a cannon I heard?"

He rehearsed perfectly, but was undone by opening night jitters. The gun was fired. The actor jumped two feet and exclaimed, "What the hell was that?"

It's easy, insists Morey Amsterdam, to single out the kid in a crowd who hails from Texas. He's the one toting the pearl-handled slingshot.

John Codman Adds Initials CPM (Certified Property Manager)

John Codman, property manager and sales associate with Frank Howard Allen and Son's Sausalito office, has recently been elected to the Institute of Real Estate Management, an affiliate of the National Assn. of Real Estate Boards. He can now add C.P.M. after his name (certified property manager) and enjoy the distinction of being the only one in the county.

Codman has been with Allen's offices since October, 1959. He received his original training in property management with his father's firm in Boston.

SOME 800 real estate authorities are expected to attend the Pan Pacific Appraisal Conference in San Francisco April 18 to 22, according to Richard M. Robbins of Sausalito who is conference committee general chairman and with Equitable Life Insurance Co.

The conference is sponsored by the American Institute of Real Estate Appraisers and will hold its meetings in the Sheraton - Palace Hotel. Delegates will be taken on inspection tours of major real estate developments in the Bay Region.

ANOTHER AUCTION of unclaimed storage goods will be held this Saturday, April 8, at 10 a.m. at the warehouse of Carlson's Moving and Storage located directly behind the giant screen of the motor movies in San Rafael. The spot may be reached from the service road connecting the east and west sides of Francisco Boulevard.

Owner Gerald D. Fries says there will be quite a selection of stoves, refrigerators, furniture, TV sets, bric-a-brac and a substantial number of barrels, boxes, cartons and trunks.

The latter items are sold as deposited in storage—contents unknown—and are always popular among bidders as "surprise packages."

FRED A. BANDUCCI, San Rafael insurance agent, will serve as a moderator for one of the seminars being presented today through Saturday in Carmel at the institute sponsored by the Chartered Property and Casualty Underwriters, a professional insurance organization.

The theme of the program is "Insurance in Evolution." Banducci will lead the discussion on "Direct Billing—Is It for the Producer?"

MOTORCRAFT. Comes now the season of the two-door sport coupe. Ford led off with an announcement that Falcon will appear this month with bucket seats like the Thunderbird; Lincoln-Mercury will dress up the Comet likewise. Pontiac offers the Tempest in the same motif for late this month and Buick has announced the new Skylark for six weeks hence. More, no doubt, will follow . . . Buick and Oldsmobile are also featuring the three-seat station wagon in their Special and F-85 models, with the third seat facing the rear.

STUDEBAKER - PACKARD now has as many separate businesses as car models. Latest to join the family under its diversification program is Chemical Compounds, Inc. of St. Joseph, Mo., distributor for additives for motor oil and fuel.

Others carrying the parental blessing are Onan Division, Minneapolis manufacturer of gasoline and diesel engine driven electric generating plants, Clarke Floor Machine Division, Muskegon, Mich., Gravely Tractor Division, Dunbar, W. Va., Gering Plastic Division, Kenilworth, N.J., and the CTL Division, Cincinnati—high temperature thermalshieldings for missiles. Studebaker-Packard also controls Mercedes-Benz Sales, Inc. in America.

All of which are keeping STC's profits up this year — even without the recent surge in Larks resulting from its recent TV talking horse program "Mister Ed."

Today is Thursday, April 6, the 96th day of the year with 269 more in 1961.

The moon is approaching its last quarter.

The morning stars are Jupiter and Saturn.

The evening star is Mars.

On this day in history:

In 1789, the first federal Congress of the United States got under way as a joint session of the Senate and House convened in New York City.

In 1830, Joseph Smith organized the Church of Latter-Day Saints, commonly known as the Mormon Church.

In 1866, veterans of the Union Army organized the Grand Army of the Republic.

In 1909, Robert Edwin Peary became the first civilized man to reach the North Pole.

In 1959, the United States picked seven men to train for space flight.

A though for today: Oliver Wendell Holmes said: "The world's great men have not commonly been great scholars, nor its great scholars great men."

Should A Diligent But Retarded High School Senior Be Graduated?

Should high schools have rigid graduation requirements? Or should their standards be flexible enough to let some retarded students graduate? A majority of you who read this column favor flexibility. Does that surprise you? It does me.

Last month I told you about "Harry," 19, who is a slow learner and now in the 12th grade. He'll never meet the standard requirements for graduation. But he tries hard, is a good citizen. I asked you whether or not Harry should graduate with his class. Many of you answered. Thanks for your letters, friends.

About 40 per cent of you said standards were standards, and should be maintained. You said you were sorry for Harry. You thought that he might well get some sort of a certificate of attendance but that he shouldn't get a diploma or take part in commencement.

About 60 per cent of you said Harry should graduate. Some suggested that a note be attached to his diploma, saying it isn't a regular one. Many wanted to make sure Harry doesn't try for college. But you definitely disagreed with those who want rigid, inflexible standards

I've forwarded your letters to the principal of Harry's school. It is located in another state, not here. The principal will make the final decision. My personal recommendation? I suggest Harry be given a certitficate of attendance, and be allowed to take part in the commencement exercises. I do not think that he should get a regular diploma. Standards should be maintained. But I think Harry should be spared the heartbreak of being denied his commencement ceremony.

READERS' FORUM

(Q) "Our son is in sixth grade. He has several friends, but does not belong to a gang. He does well in school. He is not a sissy but has just never been interested in organized groups. Is something wrong?"

Mrs. R.

(A) Probably not. Some children aren't joiners. Usually if they have a few friends and are doing well there is nothing to worry about.

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

New Administration Plans Fewer Stamps

WASHINGTON (AP) — With a new administration running the postal service, the outlook is for substantially fewer issues of special commemorative stamps.

This is in line with personal views of J. Edward Day, who became postmaster general in January, succeeding Arthur E. Summerfield.

Under existing law, the postmaster general has the final say on the subjects to be honored with special stamps, where and when they will be issued and what the design should be.

Day has no criticism for the liberal special stamp policies of some of his predecessors, but he does have some emphatic opinions in this field.

James F. Kelleher, Day's special assistant for public information and the postmaster general's closest adviser on special stamp issues, puts it this way:

"We are going to have a commemorative 'stamp program. The postmaster general believes such stamps, properly used, are a singularly appropriate way to memorialize events and people of the past and present.

"On the other hand, we believe any wholesale, indiscriminate issue of commemorative stamps somewhat lowers or lessens the value of each given one.

"There is no question about the special stamp being one of the few money-makers the department has, but we are going to issue fewer each year, hoping to produce items of real significance in each instance."

The new administration has announced its first proposed commemorative issues—a modest program of five stamps marking the centennial of the Civil War.

They will be issued over a five-year period at the rate of one a year, commemorating the great landmarks of the war, starting with Fort Sumpter (April 12, 1961) and running through Appomattox (April 9, 1965).

Under Postmaster General Summerfied, the Post Office Department put out 128 special stamp issues in eight years, 20 of them in 1959 and 34 last year. None of the Summerfield years matched the 1940 record of 44 "specials" issued when stamp collector Franklin D. Roosevelt was in the White House.

Summerfield aides estimated to Congress that special stamp profits were running to around 30 million dollars a year, since so many were picked up by collectors for their albums.

On the other hand, Kelleher says many a stamp clerks feel large stocks of a wide variety of special issues tend to slow down the efficiency of stamp window operations and stamp collectors have expressed concern over the frequency of the special issues.

Summerfield maintained a special citizen's stamp advisory committee to screen scores of requests received each year for special stamps and make recommendations to him.

The advisory group included three representatives of philatelic organizations, three artists from the major associations in their field and the deputy director of the U.S. Information Agency.

Postmaster General Day says he expects eventually to set up a new advisory group

Law Limiting Parking Gets Sausalito Nod

Parking restrictions with strict penalties are contained in an ordinance adopted by the Sausalito City Council Tuesday night.

The ordinance restricts parking on portion of both sides of Rodeo Avenue, from Woodward Avenue to Highway 101; on Woodward Avenue from Testa Street to Marin Avenue; on Sausalito Boulevard from Fourth Street to Highway 101. Vehicles parked in violation will be towed away; Violators are liable to a $50 fine or five days imprisonment or both. The council also

1. Set for April 18 a public hearing on rezoning from duplex to apartment category a portion of the J. Willma Weber property at South Street and Alexander Avenue.

2. Expressed appreciation to the Sausalito zoning advisory committee on recommended changes for residential zoning. Among proposed changes, read by Bruce Bernhard, was one to ask for two parking places for each single family dwelling in place of the present one.

3. Introduced an ordinance to exclude hotels from Bulkley Avenue, Harrison Street, Santa Rosa between Bulkley and Harrison, and Princess Street.

4. Approved payment of $24,350 to Harry Braun for the lot adjacent to the fire station.

5. Heard an opinion from Ehlen interpreting the ordinance to read a minimum of three offstreet parking spaces in a commercial zone for the first 1,000 square feet of land. Prior to this the city has interpreted the ordinance to read four parking spaces.

$500 Watch Reported Missing From Home

A woman's watch, worth $500, is missing from a home on San Pedro Road outside San Rafael, the owner reported to the sheriff Tuesday afternoon. Mrs. Eugene F. Sweeney of 761 San Pedro Road, reported the theft to Sheriff George Congdon. He said there was no evidence of a break-in.

'The Sound Of Miles Davis' May Liven Your Jazz Concept

Mention jazz to the uninitiated or the only casually interested and he is likely to think of Louis Armstrong, Benny Goodman, Stan Kenton and the "concert hall" artists such as George Shearing and Andre Previn. For the real jazz addict, however, the name that usually comes first to mind is that of Miles Davis.

The former Juilliard School of Music student produces from his trumpet music that is both beautifully lyrical and stimulatingly experimental. You can hear "The Sound of Miles Davis" for yourself tonight at 8:30 on KQED during a special one-hour "The Robert Herridge Theater" program devoted to jazz.

Davis and his quintet will be featured in the first half-hour. The fivesome includes in tenor sax player John Coltrane a musician even less restrained and further from the jazz mainstream than leader Davis. They'll play a Davis original to open the show, and then will be joined by Gil Evans, a talented arranger-conductor, and his 19-piece orchestra in three more numbers.

New York critic Jack O'Brian has described the performance as being "as close to pure popular art as TV can be."

But if you find Davis, Coltrane and colleagues a little "far out," stay tuned to Channel 9. The second half of the show will be divided between saxophonist Ben Webster and his group, jazz traditionalists, and young pianist Ahmad Jamal and his trio playing with a Shearing - Previn - Garner - like ballad touch.

Miles Davis, incidentally, currently is performing in San Francisco's Blackhawk Club.

TOMORROW NIGHT at 8:30 KQED will take a close look at a different kind of musician—the brilliant young classical pianist Glenn Gould.

The special one-hour show will focus on Gould both "Off The Record" (relaxing at his cottage retreat on Lake Simcoe in Ontario, Canada) and "On The Record" (en route to and at work in a New York recording studio playing Brahms' "Italian Concerto"). The two half-hour films were produced by the National Film Board of Canada.

BACK IN 1923 Hollywood spent the astronomical figure of a million dollars to make a motion picture of Victor Hugo's "The Hunchback of Notre Dame." Lon Chaney Sr. was cast in the title role, and it rocketed him to stardom. Since then five other versions of the Hugo classic have been filmed, but Chaney's pre-talkie portrayal of Quasimodo is still generally considered the best. You can see it tonight at 10:30 on KGO in "Silents Please," the ABC showcase for vintage films.

KPIX has scheduled for 7:30 tonight a look into "The Issue of Fraternities" with John Weston presiding. It's the result of the recent controversy at Stanford.

Also tonight, at 10:30 on KPIX, Rt. Rev. James A. Pike, Episcopal bishop of California, one of our most articulate clergymen, will answer queries on controversial issues of the day on the program, "Question!"

And if you are one of those who enjoy taking the invitation "Sing Along With Mitch" literally, you can start running over "Meet Me in St. Louis," "The Good Old Summer Time," "When Irish Eyes Are Smiling" and "When the Saints Go Marching In," all to be included on Mitch Miller's bi-weekly songfest tomorrow night at 9 on KRON.

SPACE GAL — Svelte Jean Hale is a regular dancer on the "Sing Along With Mitch" show, seen Fridays at 9 p.m. on KRON (Channel 4).

A LETTER TO THE PEOPLE OF SAN RAFAEL

I must tell you now that in my entire 53 years, I do not recall having done anything that has been as gratifying (except when marrying my wonderful wife!) as this election campaign that is now behind me.

I never before realized how many good people lived in our city. Reaching you through one medium or another has been a priceless experience. I am sorry that I didn't get to meet each of you face to face in my door to door campaign. Many of you were not at home when I called.

The many kindnesses shown me, the friends I've made, the open, honest expressions made to me! Well, — I just didn't know people could be so kind. I am grateful beyond words.

And you may be sure, should you entrust me with your vote Monday, I will not fail you. Because I want nothing more than to make you proud you voted for me.

Most Sincerely yours,

JOE FILIPPO

Fire Chief Saves Drowning Girl, 3

Mouth-to-mouth breathing today saved the life of a 3-year-old Mill Valley girl after she tumbled into the family swimming pool.

Carol Lamb, daughter of Mill Valley Planning Commissioner Frank Lamb, lay apparently lifeless for nearly a half hour after her mother snatched her from the water, despite resuscitation efforts by Mrs. Lamb and Fire Chief Leslie A. Armager.

Then, some 15 minutes after Chief Armagar had begun mouth-to-mouth breathing to revive the child, she emitted a first feeble cry.

"Thank God for that cry!" exclaimed Police Officer Dan Terzich, who was at the fire chief's side.

Ten minutes later, revived but still crying, Carol was placed in a police car to be taken by Terzich and Mrs. Lamb to Kaiser Hospital in San Francisco. Dr. R. B. Hartman, who had arrived on the scene, pronounced her out of danger.

Mrs. Lamb said she and the brown-haired 3-year-old had been in the back yard when the telephone rang about 11:25 a.m. Mrs. Lamb entered the house to answer the phone.

"It couldn't have been more than two or three minutes," she said.

She returned to the yard and was horrified to see Carol lying in the water at the deep end of the pool. She leaped in at once.

Udall, Brown Eye 'Park' Tomorrow

Secretary of the Interior Stewart L. Udall and Gov. Edmund G. Brown will inspect the Point Reyes Peninsula tomorrow from the air and on the ground.

Udall will arrive at San Francisco Airport shortly before noon to inspect the proposed Point Reyes National Seashore area and speak to the Science Club's annual Wilderness Conference in San Francisco tomorrow night.

Included in the secretary's party are to be Reps. J. T. Rutherford of Texas, chairman of the House Committee on National Parks, and Clement W. Miller of Corte Madera, both Democrats, and John Saylor, Pennsylvania Republican.

At 1:45 p.m. Udall, Brown and the party will board three Army helicopters at International Airport. They will fly to Point Reyes and land at the mouth of Bear Valley Creek, on Bear Valley Ranch. They will be met there by automobiles which will carry them into the wooded areas of the southern part of the peninsula.

The helicopters will fly to the old rodeo grounds near the ranch headquarters, where they will pick up the party and fly north over the rest of the peninsula.

The 'copters will return the party to Crissy Field in San Francisco from whence they will go to the Palace Hotel for the evening's program.

Udall has been an outspoken proponent of the proposed 53,000-acre seashore area at Point Reyes. He warned senators last month that quick action is necessary to save the peninsula from subdividers for recreational purposes.

Plaudits Given I-J At 100th Birthday Fete

The Independent-Journal and its publishers last night received framed resolutions of commendation from the State Senate and the plaudits of more than 200 fellow citizens of Marin.

The occasion was a 100th birthday party for the I-J hosted by the Marin Industrial Development Foundation at the Meadow Club in Fairfax.

Fred F. Enemark, foundation president who was master of ceremonies, commented that it was appropriate for the industrial foundation to honor the I-J because, "although we seldom think of it that way, the Independent-Journal is one of Marin's biggest industries." He pointed out that the I-J has 135 fulltime employees plus nearly 600 boys who are learning the rudiments of business as newspaper carriers.

The senate scrolls were presented to co-owners Roy A. Brown and Justus F. Craemer by Marin Sen. John F. McCarthy.

The senator praised the Independent-Journal as always forthright and deeply interested in what is best for Marin. "More than that you cannot ask of the press," he declared.

Brown, in accepting the scrolls on behalf of himself and Craemer, recalled that when he arrived in San Rafael and Jan. 4, 1937, as publisher of what was then the San Rafael Independent, the editorial staff consisted of two em-

Johnson Says NATO Needs Arms Buildup

PARIS (AP) — Vice President Lyndon B. Johnson said today the North Atlantic Treaty Organization needs an effective nuclear force but the building up of the alliance's non-nuclear strength is a "high priority task."

In a speech marking the 10th anniversary of the founding of NATO military headquarters here, Johnson served notice that the Kennedy administration intends to press first for greater conventional forces to bolster the alliance.

Johnson added that "an effective NATO nuclear capability is also needed to achieve our goal, and the United States stands ready to consult with all members of the alliance on the best ways and means of maintaining this capability in the future."

THEY'RE OPTIMISTIC

JFK, Macmillan Focus On Laos

WASHINGTON (AP) — President John F. Kennedy and British Prime Minister Harold Macmillan focused their allied policy charting on the crisis in southeast Asia today, planning particularly for negotiations with Russia and Red China on a permanent settlement in Laos.

While the two leaders worked separately at the White House and the British Embassy, their foreign policy chiefs met at the State Department to review the progress of the British-American talks so far and and get ready for the final rounds this afternoon and Saturday morning.

At a Potomac River dock, the 92-foot presidential cabin cruiser was made ready for this afternoon's Kennedy-Macmillan meeting. The two men and their advisers were scheduled to board the cruiser in mid-afternoon and spend two to three hours conferring on the Laotian crisis, the Communist threat in south Viet Nam, nuclear tests, disarmament and other issues in the cold war conflict between the Communist bloc and the Western powers.

The two Western leaders, in the second day of their Washington conference, were reported optimistic about Soviet agreement to a guaranteed cease-fire in the Laotian civil war.

They were expected to agree that once the fighting ends they should focus their efforts on unifying and neutralizing Laos, seeking that objective in a forthcoming international con-

North Marin School Merger Gains Backing

A tentative proposal to unify the San Jose and Novato Unified School Districts was approved last night by the Marin County Committee on School District Organization.

The proposal was put into a motion by Mrs. Jean Ansley after a two-hour hearing. Mrs. Ansley, a member of the San Jose district board, also proposed that the new unified district have a seven-member governing board. The county committee agreed.

The seven-member board would mean trustees would be elected from specific trustee districts; for a five-member board, trustees may be elected at large or from districts.

Members of the committee stressed that the proposal is only tentative and that it can be changed at any time during

Order Revised Figures For County Hospital

By RANDALL GOULD

A break in the log-jam of Marin County hospital crisis came yesterday at a conference session of the board of supervisors.

Members decided to vote Monday for a resolution applying for 300 federal housing units suitable for ambulatory cases and elderly persons in need of nursing care.

They also asked Auditor-Controller Leon A. deLisle to get up revised figures by their 2 p.m. Monday meeting, giving up-to-date ideas on cost of a new hospital which need not provide accommodation for those put in the new housing units.

An otherwise calm conference was enlivened by a fast verbal sparring-match between Dr. Bruce R. Merrill of Belvedere, who recently charged county physician Rafael G. Dufficy Jr. with "apathy" on rehabilitation, and Dr. Dufficy, who displayed no apathy in repudiation of the charge.

The session was divided into two periods, with the first devoted to a housing authority report on the recent survey of need, and the second given over to reading and discussion of the report of hospital needs compiled by the Marin Council for Civic Affairs hospital committee, headed by Merrill.

Biggest disclosure by E. M. Schaffran, who conducted the housing needs survey, was that it had turned up 275 low-income elderly families or individuals who "would be interested in moving into a project in Lucas Valley in close proximity to a medical center."

Schaffran said his figure was a minimum and that it could be taken for granted that more would show up, so an application for 300 housing units was deemed advisable. It was brought out that these won't necessarily be in Lucas Valley, however.

Dr. Merrill's part of the program consisted primarily in reading aloud his committee report urging speed in provision of a new county hospital before disaster overwhelms the

TRAFFIC PAINTED INTO A CORNER

A San Anselmo street crew started painting stripes and markings on Red Hill and Greenfield Avenues at the Hub and Sequoia Avenue intersections at 5 a.m. today, expecting to get the job done before commute traffic began. But the crew, under Public Works Director William Rowe, ran into trouble. As traffic began to pour through after 7 a.m., both routes were partially blocked with cones set up to guard the new paint. The tieup above resulted. City Administrator Douglas Flautt said the crew "got caught with its wash on the line," and promised steps to see that it doesn't happen again. (Independent-Journal photo)

TRIAL NEAR—Adolf Eichmann, whose trial opens next week in Jerusalem, is shown in a place of detention in this picture made available in Jerusalem today by the Israeli government. Eichmann will stand trial on war crimes charges. (AP Wirephoto via radio)

Israel Moves Eichmann To Special Trial Area

JERUSALEM, Israel (UPI) — Adolf Eichmann has been transferred to a heavily guarded cell on the top floor of the five-story building in the heart of Jerusalem where he will be tried next week for the murder of six million Jews in Nazi Germany, it was disclosed today.

Eichmann was transferred yesterday from a super-secret cell in a fortress-jail near Haifa under conditions of strictest security. The move went unnoticed in an Israel bustling with conventions, rallies, conferences and the closing days of passover.

But starting next Tuesday the Beit Haam Community Center, which contains both jail and courtroom for Eichmann, will become the focal point of world news interest when the long-awaited trial of the former SS colonel begins.

Robert Servatius, Eichmann's German attorney who will handle the defense, flew in from West Germany and went directly to the ex-Nazi's cell for last-minute talks.

The trial itself may become one of the longest in Israel's short history, and it may be a week before the prosecutor makes his opening statement.

Move To Fire Westinghouse Heads Fail

PITTSBURGH (AP)—A proposal to oust the top three executives of Westinghouse Electric Corp., which was fined recently for anti-trust violations, has failed by a wide margin in a vote by stockholders.

Stockholder C. A. Olsen of Cleveland, Ohio, introduced a resolution at the annual stockholder meeting yesterday asking the immediate removal of the president, Mark W. Cresap Jr.; board chairman, Gwilym A. Price, and executive vice president, John K. Hodnette.

Last Feb. 11 Westinghouse executives pleaded guilty or no defense to charges of price-fixing and bid-rigging in the heavy electrical equipment field.

Three other resolutions introduced by Olsen were voted down.

They were dismissal of all officials prosecuted, filing of suits against all persons in the corporation responsible for the indictments and the recovery of fines against the company amounting to $372,500, and appointment of investigators to see if similar practices are still being carried on.

Dag Says He's Willing To Quit Anytime

UNITED NATIONS, N. Y. (AP)—Secretary-General Dag Hammarskjold left his fate in the hands of the United Nations General Assembly today with a standing offer to resign, but there seemed no prospect that a majority of the members would accept.

Hammarskjold made his showdown move during the sembly's Congo debate yesterday in an obvious maneuver to take the sting out of repeated Soviet bloc demands that he step down. Judging from the applause he received at the close of his unscheduled address, most delegates want him to stay on.

WON'T YIELD

Hammarskjold, who has been under mounting Communist attack since Soviet Premier Nikita Khrushchev demanded his resignation last fall, stood by his previous vow not to yield to the Red demand unless the assembly asks him to quit.

The U.N. executive also made clear he would consider silence from the assembly to mean he should remain in office.

He told the delegates: "I do not consider that I am entitled to present the General Assembly with a fait accompli by resigning because I have been requested to do so by a big power and its like-minded supporters.

"On the other hand, I regard the will of the General Assembly in this respect as my law . . ."

TERM OF OFFICE

Hammarskjold's term of office does not expire until April 1963.

Elsewhere in the U.N., Yugoslavia and 14 Asian-African nations proposed that the General Assembly threaten Belgium with punitive action if she does not pull all Belgian military men and political advisers out of the Congo within three weeks.

Under the U.N. charter the punitive action could take the form of economic boycott, diplomatic quarantine or even force.

The proposal was submitted despite the fact that the U.N. announced earlier yesterday Belgium had agreed to carry out a Feb. 21 resolution of the Security Council calling for immediate withdrawal of Belgian military and political personnel from the Congo.

Flushing Of Water Mains Announced

The Marin Municipal Water District will flush mains in Rafael Meadows and Santa Venetia beginning at 8 p.m. tomorrow and continuing into Saturday morning. The procedure should be completed by 6 a.m. Saturday, a spokesman said.

Residents are advised to draw necessary supplies of water for use during that period because of the possible lack of water pressure.

Two officers with two highly trained dogs on leash arrived to break up a band of students who had been dancing at a street intersection early yesterday. But a short time later students again began congregating at an intersection to protest the use of dogs.

Police and their canine colleagues returned to the scene in riot cars and were met by catcalls and water bombs. Order was finally restored with the help of C. Burton Grand, executive dean of the school.

The two tribunals also sentenced 24 persons to prison for terms ranging from 9 to 20 years on charges of counter-revolutionary activities.

Congo Leftist Leader Agrees To Conference

LEOPOLDVILLE (UPI) — Antoine Gizenga, leader of Oriental Province's leftist regime, has agreed to meet with Congolese leaders, but remains bitterly opposed to a federation of Congo states, it was disclosed today.

Leopoldville provincial Premier Cleophas Kamitatu, who called on Gizenga in Stanleyville Monday, told a news conference the leftist chief was willing to meet delegates from the central government at Stanleyville or at some point on the border of Oriental Province.

Gizenga specifically suggested the village of Bunduki, 186 miles northwest of Stanleyville. He named Vice Premier Jean Bolikango and Minister of Interior Cyrille Adoula of the central government as acceptable negotiators and guaranteed their safety.

Kamitatu said Congolese Premier Joseph Ileo also has agreed to the talks and is now making a final decision as to their site and date.

U.N. Troops Still Buffeted About In Elisabethville

ELISABETHVILLE, Katanga (AP)—The Katanga government and black and white residents of Elisabethville kept up an economic war today against United Nations troops despite President Moise Tshombe's truce with the U.N. command.

All business places, including garages and cafes, still refused to serve U.N. personnel.

The chief U.N. spokesman in Katanga, Michel Tombelaine, was ejected from a towntown hotel last night by the hotel manager and a Belgian police officer as a crowd of whites jeered.

The Belgian officer and Marcel Tignee, Belgian adviser to Interior Minister Godefroid Munongo told Tombelaine that Tshombe's order to impose economic sanctions on U.N. troops had not been rescinded.

A U.N. spokesman said yesterday that after a conference with U.N. officials, Tshombe had agreed that sanctions would be "suppressed but not lifted."

The U.N. military commander in the Congo, Gen. Sean McKeown of Ireland, warned Tshombe during the two-hour conference he would reinforce his garrison in Elisabethville with Indian troops if there was repetition of Tuesday's mob violence against the U.N. force. Tshombe violently opposes use of Indians in Katanga.

WESTERNS HIT

British Lay Teen Crime To Yank TV

LONDON (UPI) — A group of educators today blamed "brutal" and "savage" American television westerns for contributing to the wave of juvenile crime sweeping Britain.

Teen-agers in widely scattered sections of the country have made shambles of theaters and railway cars.

The National Assn. of Schoolmasters, meeting at Blackpool, said part of the blame was due to violence on TV screens.

The American TV favorites "Wagon Train," "Rawhide," and "Tenderfoot" were described by the educators as "brutal and barbarous."

"Life in the wild west may have been rough, crude and savage," said delegate Wilfred Ridealgh, "but brutality begets brutality. It cannot be a good thing to condition young minds to it.

"Those bringing up children by Christian standards must often shudder at the portrayal of death, destruction and lack of emotion on the screen."

Commercials were criticized by delegate Jack Campbell, who said they "unfairly and without integrity encourage people to smoke, to drink and to use cosmetics."

Carole, Finch Vow To Fight Life Imprisonment Sentences

LOS ANGELES (UPI)—Dr. R. Bernard Finch and Carole Tregoff, spared by a jury from death in the gas chamber, vowed today to fight their life imprisonment sentences.

The penalty fixed yesterday by the 10-man two-woman jury meant the lovers, who were found guilty of killing the surgeon's wife, will be eligible for parole after serving seven years.

Attorneys for the convicted murderers said they will appeal the case if motions for a new trial are turned down at formal sentencing April 17.

Finch, 43, and Carole, 24, were convicted 10 days ago at their third trial of the shot-in-the-back murder of the surgeon's wife, Barbara Jean, 33, on July 18, 1959.

The state board that rules on parole can withhold it for an indefinite length of time or refuse it completely, depending on the nature of the crime and a convict's behavior in prison.

Of those male prisoners sentenced to life and later paroled, the average length of sentence in California is 11 years, four months. But some are never released.

The same jury that returned the guilty verdicts pronounced its sentence at 4:35 p.m. yesterday after receiving orders from Judge David Coleman that there were only two alternatives—the gas chamber or life.

The lovers reacted with tearful relief and at the same time the shock that came from knowing they might spend the rest of their lives in jail.

"No, no, no," Carole said. "I'll be an old woman when I get out."

She started to sob. Finch, separated from her at the counsel table by her lawyer, Don Bringgold, reached his left hand to touch her right arm and said:

"We'll fight it, darling. We're still alive."

Carole recovered her composure quickly and walked firmly from the courtroom. But Finch, suddenly overcome, put his hands palm down on the table, hung his head and wept for nearly three minutes.

Finch was sentenced to life on both his convictions: For first-degree murder and conspiracy to murder. Carole, his mistress, was sentenced for conspiracy, which, like first-degree murder, carries a punishment of the gas chamber or life.

She also was convicted of second-degree murder, but the judge told the jury to ignore its automatic penalty of five years to life since the conspiracy sentence made it meaningless.

"We'll go as high as the supreme court if necessary," said Bringgold. He said he "thanked God" the jury had spared Carole but added:

"We will free this girl and prove her innocence to the world. If she is granted a new trial, it will be the beginning of a long, hard fight."

Bringgold said Carole was placed in the care of the county jail physician after the sentencing and that she was "obviously shaken" and "highly disturbed."

Finch's lawyer, Maxwell Keith, said the surgeon felt "vastly relieved" by the life term. He said he thought the sentence was "wonderful" and that "justice has been served."

Co-prosecutor Clifford Crail, who had demanded the death penalty, said, "I'd be the last person to quarrel with a duly-appointed jury. We certainly will accept the verdict."

Said Bringgold of Carole and Finch: "They're still very much in love." And Keith added: "They sure appear to be."

Thus ended three trials that began in December, 1959, took up more than 10 months and cost the taxpayers an estimated $305,000.

Henry Siedel Canby, Noted Editor, Dies

OSSINING, N.Y. (AP) — Henry Seidel Canby, noted editor, teacher, and a leading figure in American literary criticism for many years, died here yesterday. He was 82.

Canby was a founder of the Saturday Review of Literature, and the first editor in chief of the Book-of-the-Month Club. He left the club in 1958 after an association of 32 years. He had been in poor health for the past six years.

Born in Wilmington, Del., Canby was graduated from Yale University and took his doctorate there. His first book, "The Short Story in English," written in 1909, for many years was a standard text on the literary form of the short story.

He became a member of Yale's faculty, and also taught at Dartmouth College, the University of California and England's Cambridge University.

After World War I, during which he saw service abroad with the British Committee of War Information, Canby joined the New York Post and became editor of the newspaper's literary review supplement. Several years later, he aided in establishing the Saturday Review, serving as editor from 1924 to 1936 and then as chairman of its board of editors.

CASTRO UNDISCIPLINED

Disgusted Reds Held Pulling Out Of Cuba

HAVANA (UPI)—Communist technicians sent here to train Cubans in their specialties were reported today to be heading for home, disgusted with the inefficiency of Premier Fidel Castro's government.

Seven aviation instructors from Czechoslovakia left Monday, telling friends they had found it impossible to work under "inefficient direction."

A dozen other Czech flying instructors left some time ago.

Another group of Czechs assigned as advisers to the National Bank of Foreign Commerce left recently, saying they could not work with the "undisciplined Cubans."

A Russian team overseeing the construction of a cement factor near Matanzas pulled out without explanation, leaving the job half done.

The exact duties of the aviation instructors never had been made clear, although their presence was linked with reports that Russian MIG jets are being assembled at San Julian Air Base in western Cuba.

Friends said the Czech fliers complained that their Cuban superiors failed to keep appointments, that requisitioned supplies never arrived on time and that their students were pulled out of class without notice, sometimes for days at a time.

George Washington served as a vestryman in Christ Church in Alexandria, Va.

Businessman Released By Reds Near Death

HONG KONG (AP)—Robert McCann of Pasadena, released after nearly 10 years imprisonment in Communist China, hovered near death here today.

Doctors canceled plans to fly him to a U. S. Air Force hospital in Manila unless his condition, which they described as extremely grave, improves. McCann, 60, long a businessman in China, is dying of lung cancer.

Attendants at St. Teresa's Hospital said he was semiconscious and tossing restlessly.

McCann was carried across the Chinese Communist border into Hong Kong on a stretcher at noon today. He was half conscious then, apparently under heavy sedation. His eyes were glazed, his body emaciated.

His wife, who flew 9,000 miles last week to be at his side, said his condition took a drastic turn for the worse during their grueling 1,500-mile journey by plane and train from Tientsin, in North China.

She herself was on the point of exhaustion, having had only two hours sleep in the last 48 hours. Doctors ordered her to bed.

A delay in transferring McCann across the border contributed to his critical condition, an attending doctor here said.

Lew Wallace served as territorial governor of New Mexico while he was writing his famed novel, "Ben Hur."

Mosk Ruling Favors Teachers Who Defied House Probers

SACRAMENTO (AP)—California's chief legal officer says the state cannot revoke the credentials of two teachers who refused to answer questions before the House Un-American Activities Committee.

The attorney general's opinion given the State Board of Education yesterday all but restored the teaching rights of Tillman Erb of Campbell and John W. Mass of San Francisco.

Board president Louis Heilbron moved to restore the credentials, but the board delayed action until it could study the 30-page opinion.

Attorney General Stanley Mosk held that though local school boards could fire teachers solely for their refusal to answer legislative questions, the state could not revoke their teaching credentials without going beyond the bare fact of refusal.

It said the state could have revoked the credentials only if hearings had been held, the teachers found guilty of unprofessional conduct, and the findings upheld by a state hearing officer—or possibly a court.

Erb and Mass, however, were fired solely on the grounds they pleaded the Fifth Amendment before the House committee—to avoid subjecting to harassment people they had been asked about, the teachers said.

Erb was fired from Campbell High School last year, and Mass from City College of San Francisco several years before that.

They said they could have moved to other jobs, but credentials were denied them on the advice of the State Education Department. It later recommended renewal of Mass' credential, on orders of a state court.

Both Erb and Mass said they could get permanent jobs in September if their credentials were restored.

Latin Fellowship

Paul Schwarzbart, Tamalpais High School language instructor, has received a fellowship to study Latin this summer at Stanford University. Schwarzbart lives in San Francisco.

CHAMBER HEAD—Richard Wagner, new president of the U.S. Chamber of Commerce, calls himself "a pot-bellied, sawed-off little man with a big voice." Wagner, 64, is board chairman and chief executive officer of the Champlin Oil and Refining Co., Chicago. He started to work at 14 for 12 cents an hour, and now makes $70,000 a year. He spurns the traditional Horatio Alger story. Born to poor parents, he said, "In my day a lot of fellows started with nothing and got somewhere. It wasn't unusual." (AP Wirephoto)

Bill To Test On Statewide Basis Gains

SACRAMENTO (AP)—The Assembly Education Committee has approved statewide testing of all public school pupils, but postpone until April 19 a decision on stricter training standards for teachers.

The testing bill, by Assemblyman Gordon Winton Jr., (D-Merced), requires all school children to be given intelligence and achievement tests approved by the State Board of Education.

Average district scores would be made public, but not the scores of individual students or schools. However, it would permit parents to compare the average performance of students in their school district to other districts in the state.

On April 19, the committee will choose between two teacher training bills, or possibly reject both.

One version, by Sen. Hugo Fisher (D-San Diego), has already passed the Senate. It would require most teachers to take academic majors and minors in college, thus reducing their how-to-teach training.

The other bill, by Assemblyman Carlos Bee (D-Hayward), would add a fifth year of college training for elementary teachers, but leave it up to the State Board Board of Education to specify how much academic training to require.

The board prefers Fisher's bill. Board president Louis Heilbron said the rules should be enduring, not subject to changes in personnel on the board.

Vet Homes Inquiry Demand Is Renewed

SACRAMENTO (AP)—A demand was renewed today for a full-scale legislative inquiry into the operation of the California Veterans Home and who is boss of the Yountville facility.

Assemblyman Robert L. Leggett (D-Vallejo), said he will introduce a resolution asking the Assembly Rules Committee to hold hearings that will include an investigation of why the institution's commandant, Col. Stanley Dunmire, was replaced.

Leggett said he hoped both Dunmire and the man who dismissed him, State Veterans Director Joseph M. Farber, would voluntarily testify before the committee.

Tuesday, the rules committee killed a resolution by Assemblyman Don Mulford (R-Oakland) asking the Assembly Committee on Military and Veterans Affairs to look into the Napa Valley home.

Democrats outvoted Republicans 4-3 in turning down the request.

Leggett said several Rules Committee members had assured him his resolution will meet with more success because it was more "specific."

Leggett said the committee should look into:

Farber's reorganization of the home to make it more like a hospital than a barracks; the "summary dismissal" of Dunmire; and whether the State Veterans Board or Farber has the right to determine how the home will be operated.

State Sells Big Stack Of Bonds

SACRAMENTO (AP) — California sold 190 million dollars worth of state construction and veterans farm and home loan bonds yesterday — the largest single bond sale in the state's history.

The board also announced plans for its spring luncheon at Sabella's on April 26. After election of officers and presentation of yearly reports, school unification will be discussed.

The children found the eggs, but the sheriff hasn't been able to find Tylor, who was serving a nine-month sentence for failure to provide for his family.

The bill, by Sen. Randolph Collier (D-Yreka), applies to trucks or truck tractors with three or more axles or any truck pulling another vehicle. It retains the 45 m.p.h. speed limit for buses with three or more axles.

Parking Problems

ORLANDO CONTI SAYS:

We need more parking and longer parking areas. We could use some four hour parking areas.

I talked about ramp parking in 1957, because the parking would be closer to the shopping center also with the high cost of the land, also we would not take away all the commercial buildings. But in 1957, ramp parking was a big joke, now they are saying we need ramp parking, because of the high cost of the land. We have used land for our parking lots, and we will use more land. But never in all this time have they replaced our present commercial area that we have used for parking.

We must expand our commercial areas so we may have more and more stores for shoppers, which is one of our great sources of taxes.

PART OF MASTER PLAN

Mill Valley Approves North Ridge Proposal

The north ridge plan—setting up circulation, land use and drainage for 1,500 acres rimming Mill Valley's developed area to the north and west—was adopted by the Mill Valley City Council last night to become a part of the city's master plan.

The vote was 4-0 with Councilman George Blackwell absent.

Described by Mayor Robert D. Huber as "a guide, not a law," the plan sets up densities on the ridge and steep slopes and has lots of 20,000 square foot average, running from 15,000 foot minimum up to two and three acres.

After objections from citizens early this year to the plan's proposed Tamalpais Parkway, as well as possible development of 500 acres of Marin Municipal Water District land, the council decided the water district should be left "open area." It decided that the parkway, originally to run from Camino Alto to Panoramic Highway along the ridge, would end at the water district land, and be a two-lane road.

About two-thirds of the land is outside of Mill Valley, mostly in unincorporated areas bounding Corte Madera and Larkspur. The vast acreage touches Fairfax at one end.

"If county properties were to come into the city," Huber said, "then only would they fall under jurisdiction of this plan."

The plan was drawn by Mill Valley planning consultant Robert Cornish.

After plan adoption, the council voted 4-0 to adopt an interim zoning map of the north ridge area to "freeze" the densities until the zoning ordinance can be amended. The move also keeps the land as residential.

Mill Valley Approves Cost Of Recreation

"Mill Valley's "miracle" recreation budget of $4,689—only $50 more than last year's budget and promising a year-round program—so overwhelmed city councilman Joseph E. Sheeks last night that he said he would forego his annual complaints against the city's "hiring baby-sitters."

The council approved unanimously the budget which recreation director Ronald A. Samet said offers an expanded program to reach more members of the community.

Samet said the reason for the light increase was mainly because the assistant director's job for the summer would be eliminated. He said all services of last year would be given and that the golf program would be expanded.

Sheeks said the budget was "a miracle" but that it upset him since he was prepared to make the speech he has made for the past three years in which he called the summer recreation program a glorified baby sitting program.

Sheeks moved the budget be passed but, late in the evening when the council was discussing money for building baseball facilities on Project 17, Sheeks weakened and said:

"I would prefer to see $4,600 go into baseball facilities at Project 17 than to the summer recreation program and stop providing baby services."

Weapon Charge Brings Jail

A/2c Rodolfo Cantu, 23, of 328 G Street, San Rafael, must spend a day in county jail and remain on six months probation for wielding a dangerous weapon in an angry manner last month in Novato.

He was sentenced yesterday by Judge Joseph G. Wilson of Marin Municipal Court.

Franklin B. Teixeira, 24, who works on the Pinheiro Ranch near Novato, told police Cantu came at him with a knife or a bayonet and slashed the top of Teixeria's convertible. The incident occurred on the night of March 11.

Contractors License To Be Given Three

SACRAMENTO (CNS) — The Contractors' State License Board announced it plans to issue contractor' licenses to three Marin County firms, if no protests are received by April 19.

Arthur H. Lanros, 2 Tamalpais Drive, Mill Valley; Lim-Bel Construction., 70 Manzanita Road, Fairfax, and Bruce Wolper, 80 Oakmont Avenue, San Rafael, all will be issued general building contractors licenses.

The part of Jack is played by Wayne Wengert; Puss by Bob Agrella; Princess, Khristena Parker; King, John Rechtfertig; Ogre, Jay Manley; Ratzel, Godfrey Lee; Aunt, Sanne Vaughn; Woodcutter, Paul Tischer; Lady, Leanne Schlegel; Lord, Richard Smith; Servant to the King, Gary Moore; Servant to the Ogre, Luther Walker Jr.

The director of "Puss in Boots," Mrs. Corleene Hammond, says "in working with the play, an attempt has been made to retain the flavor of the folk-tale quality with its charm, delight and romance."

Hopeful Quits School Race In Fairfax

The field of candidates for three openings on the Fairfax Elementary School District board dropped to seven today.

John J. Hourihan of 61 San Gabriel Drive wrote Supt. Homer Sisk of the Fairfax district:

"This is to advise you that I wish to withdraw my name as a candidate for the Fairfax School Board.

"I find that pressure of work, much of it having to be done in the evening, would preclude my being able to devote the proper amount of time and attention to the board, if elected."

School Bonds Action Taken

Trustees of the Lagunitas Elementary School District last night passed a motion to send the $77,000 from the sale of bonds to the state, where it will be re-allocated back to the school district. The board also tentatively scheduled a special meeting for Tuesday when the board expects to hear from the Allocations Board on the district's proposed building program.

Hiring a charter bus to take 28 students of the eighth grade to observe one session of the state legislature in Sacramento was approved by the board.

Persistent Parkers Flout Law—Legally

The City of Larkspur has a parking problem at the Bon Air Shopping Center. People insist on parking in front of the buildings.

The city painted the curbs red. People sill parked there.

The city painted "no parking" signs on the curb. The people still parked there.

The city has its fire hydrants at the edge of the building. The people parked by them.

The city issued traffic tickets, but couldn't enforce them.

That was the problem the Larkspur City Council faced at its meeting last night. The reason the city cannot enforce the parking regulations is that the area is private property.

"Parking regulations cannot be enforced unless it is a dedicated public street," City Atty. Samuel W. Gardiner told the council.

The council instructed Gardiner to enter into negotiations to see if the city could obtain at least a five-year dedication to the section of the street that is widened on private property.

A special meeting was set for 7:30 p.m. next Wednesday, to pass on specifications for the Greenbrae Fire Station.

The council had scheduled passing on the specifications at last night's meeting, but soil tests had not arrived. The council plans to call for bids on the fire station at its April 19 meet. Cost not including equipment, is estimated at $43,444.

In other action, the Larkspur council:

1. Set a public hearing for May 3 on adoption of the fire code of the State of California and the 1960 fire prevention code of the National Board of Fire Underwriters.

2. Set for the same May 3 meeting a second public hearing on the proposed zoning of Bon Air for administrative and professional zone.

Sale Of Lots Planned By Larkspur

The City of Larkspur has four lots on Baltimore Avenue which it would like to sell.

Mayor Arthur E. Storhaug asked the city council last night how it wanted to sell them, by sealed bids or by auction?

City Manager Ronald E. Piper recommended the city get the lots appraised before it proceeded to sell them. At that point, Councilman James Lienkaemper dropped a little bomb on the proceedings.

"For the sake of a few pesos, we are going against our own ordinance," Lienkaemper said.

"These losts do not have enough frontage. We won't let others get by with less than a minimum frontage by our own ordinance. If we do it ourselves, we are letting the bars down. Anyone else can then do the same thing."

Lienkaemper suggested that the city sell the land as two big lots, which might bring more than four small lots. Councilman Daniel Allen thought the property could be divided into three 50 foot lots.

The council asked City Manager Piper to get appraisals on the property as four lots, as three lots and also two lots.

Morehouse, retired terminal trainmaster for the Southern Pacific railroad in San Francisco, said he will add to present middle European imports such as Liederhosen, German clocks and hiking equipment.

School Bond March Set In Corte Madera

Dr. Paul Kingsley, chairman for the Larkspur-Corte Madera area, today announced a "Family March for Education" for 2 p.m. Saturday.

The march, directed by Edward Sabo of Corte Madera, will be to call attention to the Tamalpais Union High School bond drive which will culminate in the election, April 18 at which voters of the district will decide the fate of a proposed three million dollar bond issue.

Dr. Kingley announced the group will form at the Corte Madera Recreation Center and march throughout the Larkspur-Corte Madera area. A volunteer band, made up of students from the three high schools in the district, will join the parade.

GOALS TO MEET

Goldberg Says Upturn Won't Solve Problem

WASHINGTON (AP) — Secretary of Labor Arthur J. Goldberg said today economic improvement will still leave the nation with a grave and urgent unemployment problem.

Goldberg said 10.5 million new jobs must be created in the next year if full employment is to be achieved in the light of the growing population and worker displacement by machines.

He told a news conference he wanted to put the job problem in its "proper perspective in terms of the challenges ahead and the goals we have to meet."

Goldberg said seven million new jobs will be needed even if the unemployment rate falls from its present level of nearly 7 per cent of the work force to 4 per cent a year from now. The 4 per cent rate is one mentioned by President John F. Kennedy as a manageable level.

The latest job figures show there were 5,495,000 workers idle and 65,516,000 employed in March—both records for the months.

Goldberg cited estimates that 1.3 million new workers will be seeking jobs within the year, 1.8 million present jobs will disappear because of better production methods, and 1.9 million jobs will be needed to provide fulltime work for people now working at part time.

Adding these figures to the number now unemployed shows a need for 10½ million new jobs, he said.

On other matters he said:

BENEFITS—All 50 states, plus Puerto Rico and the Virgin Islands, have now signed up to provide temporary extended unemployment compensation benefits of up to 13 weeks. Many states will start paying benefits during the week of April 17.

ETHICS—The secretary announced that he had prohibited Labor Department employees from taking fees from outside firms doing business with the Labor Department, even for spare time work.

Swallows Returning To Sausalito Bank

For the fourth spring in a row the swallows are returning to Sausalito's Bank of America.

Manager Frank Bosl counted 96 nests under the roof overhang at 750 Bridgeway yesterday. He said the birds, which build nests of mud from the sandspit, disappear in midsummer.

Boasting about your home, Higgins? Well, that's understandable. Most men who have worked hard through the years to buy good homes for their families are proud of them.

Nice as your home is, its location in a progressive community, with all the public facilities needed for modern living, adds greatly to its attractiveness.

Someday—perhaps years from now—you may sell your home. When you do, the good schools, well-equipped fire department, modern hospitals, ample supply of pure water and other community assets can make a difference of *several thousand dollars cash in your pocket.*

Of course, you share the cost of these community assets. But the cost is spread over a long period of time to keep taxes at a reasonable rate. This is done by sale of *municipal bonds* on a competitive bid basis.

The Bank of America and its associated investment dealers bid on virtually all municipal bonds issued in the State. That's because we have confidence in the future of California and communities like yours.

Being right there on the scene, you know the business, industry and people in your community as well as anybody does. You've watched it grow and improve as the years went by. You've helped by voting for needed bond issues.

But have you ever thought of *buying* the municipal bonds issued in your area? They're available in denomination of $1,000. Municipal bonds pay you a good return and the income you get is *tax free.* The manager of your local branch of the Bank of America will be glad to give you full information — or you may write to

Bay Area Council Officers Support Gate Commission

The nine-county Bay Area Council's officers went on record yesterday in favor of the proposed Golden Gate Transportation Commission to operate the bridges, airports and seaports of the San Francisco Bay Area.

The commission is proposed in a bill (SB 853) submitted to the legislature by Marin Sen. John F. McCarthy after a study by the Golden Gate Authority Commission had made a two-year study and recommendations on the problem.

The council, which was one of the moving spirits in first proposals for a united transportation operation, voted almost unanimously for the new commission. There was only one negative vote, George Johns, secretary of the San Francisco Labor Council, although the proposed commission is much less than the council had first envisioned.

Under McCarthy's bill the new commission would take over immediate operation of the Golden Gate Bridge and the San Francisco-Oakland Bay Bridge. Other bridges would come under their control only as their bonded debt is paid off or reserves set up to pay them off. Operation of the seaports and airports could come only through negotiations with the individual agencies being acquired.

Contract Awarded For Classrooms At Marin Church

H. S. Meinberger and Son Inc. of San Rafael has won a $55,208 contract to put up a six-classroom addition to Terra Linda Presbyterian Church by this summer, Charles L. Convis, chairman of the church building committee, announced today.

Architects Campbell and Wong designed the new Christian education building for the church. Construction will be wood frame, with radiant heated floor. The church is located on Del Ganado Road near Freitas Parkway.

The church building committee members estimate that the new addition with six classrooms and an office, plus landscaping, will be a $69,000 project.

Several Candidates' Meetings Set Tonight

Many political words will be directed at Marin audiences tonight.

At 8 o'clock in San Rafael's E Street School, the five candidates for two seats on the San Rafael City Council, along with John F. McInnis, unopposed for re-election as mayor, are scheduled to speak on a forum sponsored by the San Rafael Chamber of Commerce's public affairs committee.

At the same hour, just over three blocks away at West End School, the seven candidates for two San Rafael Board of Education seats are scheduled to appear at a similar affair arranged by the West End School Parent-Teacher Assn. Moderator for this forum will be Douglas Godfrey, not Mrs. Douglas Godfrey as mistakenly announced in the Independent-Journal on Tuesday.

The busiest candidates will be the 11 contending for four places on the Tamalpais Union High School District board.

They are scheduled to speak at a candidates' night at 8 p.m. at Deer Park School in Fairfax, then rush to Mill Valley for appearance at a similar event in Ruby Scott auditorium of Tamalpais High School.

The Fairfax forum, sponsored jointly by Deer Park, Central and Manor Parent-Teacher Assns. will follow the Tam high board candidates with aspirants for election to the Fairfax School District board, of whom there are eight seeking three positions.

At Tam high, candidates for Mill Valley School District board, which has five seekers after three positions, will open the program, followed by the high school district candidates. This event is sponsored by the Mill Valley League of Women Voters.

'EMCEE' AND SPEAKER—Fred F. Enemark (left), master of ceremonies at a 100th birthday party for the Independent-Journal, introduces speaker Carroll Parcher, publisher of the Glendale News-Press, who lauded the roles of I-J owners Roy A. Brown and Justus F. Craemer in California newspaper history. (Independent-Journal photo)

ployees—one of whom, women's editor Florence Donnelly is still at work. Mrs. Donnelly, recalled Brown, at that time covered the courthouse, put out the sports page, and did sundry other chores besides editing a society column.

Also among I-J employees present last night who were with the paper then was mechanical superintendent Gordon Dixon, of whom Brown recalled that "in those days he frequently came into the office with ink smudges on his hands and face, but that doesn't happen any more." The I-J's mechanical equipment, he said, is now "the finest in Northern California."

Guest speaker Carroll Parcher, editor-publisher of the Glendale News-Press, wove into a humorous speech many incidents of California newspaper history. He paid tribute to the roles of Craemer and Brown in press organizations, noting that both are past president of the California Newspaper Publishers Assn., that Craemer is now president of the California Press Assn. and Brown a director of the Audit Bureau of Circulation.

"Now the second generation is taking over, promising even greater expansion and activity for this 100-yesar-old newspaper," said Parcher, alluding to Brown's previous announcement of appointment of his son, business manager Wishard A. Brown, and Craemer's son, managing editor Jack Craemer, as assistant publishers.

Open house for Marin residents will be held at the Independent-Journal at 1040 B Street, San Rafael, tomorrow from 7 to 9 p.m., with conducted tours of the plant.

Muir Services Board Elects

Allison E. Schofield was elected president of the Muir Beach Community Services District by the directors last night to succeed Charles A. Borden.

Schofield, a retired attorney, lives on Sunset Way at Muir Beach. W. R. (Russ) Brown was elected vice president.

Secretary-manager John White said the contract for drilling the district's new well in Franks Valley will be awarded May 3. Drilling is to start in June.

Bid On School Is Withdrawn

Herrero Brothers, San Francisco contracting firm, was allowed last night to withdraw its bid on a projected Terra Linda school because it had made a $16,000 mistake in calculation.

The Dixie School Board trustees at a special meeting passed a resolution permitting this, in pursuance of a policy decision a week earlier after advice from county counsel. Herrero had made a base bid of $265,000 with a service site development bid of $7,038 on the Don Timoteo School to be built on Trellis Drive.

By the same motion the trustees rejected five other bids.

On a basis of revised plans prepared by the architect and Supt. Dennie B. Willis the trustees asked for new bids to be opened at 4 p.m. April 26. More alternates were allowed, including choice of tile and cabinet work, in an effort to bring bids within state authorization.

Spitsbergen, an island group 400 miles north of Norway, is believed to have been discovered by Vikings in 1194.

Glenwood Seeks History Writer

Anyone who wants to write the history of Glenwood should notify the Glenwood Home Owners Assn., it was decided last night at a meeting of that group.

The association went on record as wanting someone to to serve as a historian for the area.

The group also wants people to serve on the welcoming committee to greet newcomers to Glenwood.

The membership committee reported that it had ended the membership drive with 78 per cent of households joining the association.

The association voted $50 to landscape the fence along Knight Drive at the drainage ditch.

Town Changes Mind, Votes Fluoridation

WEYAUWEGA, Wis. (UPI) — Weyauwega voters had a fast change of heart on the issue of water fluoridation.

Last November they voted against it, 339-338. Tuesday they voted for it, 336-228.

Disabled Vets Elect In Novato

Other officers, who will be installed in ceremonies April 10 at the VFW Hall in Novato, are J. C. Woods, senior vice commander; Denver K. Wilson, junior vice commander; Bert W. York, chaplain, and Manuel Pimental, adjutant and treasurer.

Report On Gifted Students Planned

A report on gifted high school students throughout Marin County who are attending special classes at College of Marin will be given the college board of trustees tonight.

The community use of college facilities and recommendations on the college policy regarding such use will also be discussed by the board.

The trustees meet at 8 p.m. in Room 61 of the Arts Building.

Sonoma Board Against Gate Plan

The Sonoma County Board of Supervisors has went on record against the Golden Gate Transportation Commission bill which would place the Golden Gate Bridge and other Bay crossings under a single authority.

"Revenues of the Golden Gate Bridge would be diverted to projects outside the bridge district and would be detrimental to the welfare of the people of Sonoma County," said the Sonoma resolution. It also rapped the Golden Gate Authority Commission, sponsors of the legislation, for failure to hold hearings in Sonoma County.

The resolution requested Sen. Joseph Rattigan and Assemblyman William T. Bagley, the legislative representatives of the county, to amend the bill and to delete all reference to the Golden Gate Bridge and Sonoma County.

Meinberger submitted a base bid for the church proper plus site work of $144,000; $68,300 for the Sunday school and $37,276 for the parish house. The church plus either the Sunday school or parish house will be built now, and the third structure deferred to a later date.

BRITISH ROYALTY ADMIRE MARIN PORTRAIT

A portrait by artist Erwin Manheim of Bolinas is admired by the Duchess and Duke of Bedford, owners of one of the finest collections of art treasures in the world. The duke and duchess, who have part of their famous collection now on exhibition at the M. H. de Young Museum in San Francisco, had a sneak preview of the coming Society of Western Artists 21st annual exhibition which runs at the museum April 19-21.

Young GOP Asks Miller's Stand

Marin County Young Republicans have demanded an answer from Rep. Clement W. Miller of Corte Madera as to his stand on reapportionment of the First Congressional District.

The Young Republicans passed a resolution opposing "any plan to gerrymander Marin County out of the present Redwood Empire Congressional District" and demanded that Miller "reveal his intention or lack of intention to reside in Marin County, and his position regarding the partisan political removal of Marin County" from the district.

Gordon L. Ness, president, said the vote was unanimous on the resolution.

The group also discussed arrangements for the luncheon visit to Marin on Saturday of former Vice President Richard M. Nixon.

NEW TELEPHONE BOOK

It's White, Yellow, Green, Read All Over

BY THERON NEWELL

From "A Big 4 Rent" to Donald Zyski, the new Marin telephone directory was being distributed to users today. A word of caution, users in San Rafael, Bolinas and Stinson Beach are not supposed to use the directory until 11:01 p.m. Saturday. Not 11 or 11:02, but 11:01 p.m.

Aside from the regular listing of phones in the normal directory, there is that invention of the phone company called the yellow pages. The reason for this name is that it is printed on yellow paper.

This lucrative source of advertising income for the phone company has grown so over the years, that instead of simplifying finding a number in the directory, it has become more confusing.

So to eliminate to the confusion, the new book contains a green index to the yellow pages. All that is lacking is a purple explanation to the green index of the yellow pages, simplifying the white pages in a book with a blue cover.

The first listing in the green index left me cold. It was for abattoir equipment. Now, never having any desire for any, I didn't know what it was, but in case I ever did, I was supposed to look under butchers equipment.

For those that have long wanted to patronize one, it tells that apothecaries can be found under druggists—retail.

Most of my life I have been going to the post office for stamps. It has been routine and I took it for granted that that was the proper place to get them.

Now this new green index lists 10 different headings for stamps, and not a one of them lists the post office. I wonder if Uncle Sam would let them send the directory through the mails after such a slighting.

In my single days, I used to ask girls up to my apartment to see my zinc etchings. Of course I never had any, nor did anyone else that I ever heard about, but lo! the new green index gives a listing where these etchings may be obtained.

Did you know that when the Declaration of Independence was signed on July 4, 1776 it was a Thursday? However, in 2,000 A.D. it will fall on Tuesday. That startling piece of information is derived from the calendar in the back of the directory for the years from 1776 to 2,000.

Carpenters Vote Revised Bylaws

Members of Carpenters Local 35 in San Rafael has voted adoption of revised by laws after final reading.

Secretary William Wilson said today that there is nothing drastic about the revision.

LAUGH WEEK APPROVED BY ASSEMBLY

SACRAMENTO (CNS) — When you see this, start laughing.

The State Assembly has approved a resolution designating April 3-10 as California Laugh Week.

The measure by Assemblyman James L. Holmes (R-Santa Barbara) noted that the laugh week came at an appropriate time, "so close to the last day for filing of income tax returns, when people who have just learned that they owe Uncle Sam three times what they anticipated and need laughter."

The resolved clause of the resolution required the Assembly to join with the people in five Ha's, three Ho's, five Ha's, six Ho's, three Ha's, three Ho's, two Ha's, four Ho's, two Ha's, one Haaa, one Haa, two Ho's and a Ha.

Chinese Restaurant To Open At Bon Air Shopping Center

A new restaurant will open in the Bon Air Shopping Center, Greenbrae, about the middle of June.

Horace Fong, owner of the Confucius Restaurant on Lakeshore Avenue, Oakland since 1938, today announced he will take over the premises occupied by the Bon Air Cocktail Lounge since last fall. The new establishment will be known as Confucius of Greenbrae.

Complete remodeling is now in progress. The entire restaurant will be given an Oriental decor patterned after the Imperial courtyard of old Peking, Fong said. Rearrangement of the facilities will give the dining room a capacity of 90 persons, with additional space for about 40 in the cocktail lounge.

The restaurant will specialize in Chinese dinners and also will serve American food. Food will also be prepared to take out.

Confucius of Greenbrae will be open seven days a week from 11:30 a.m., closing at 2 a.m. through the week and at 4 a.m. on Saturdays and Sundays.

The cocktail lounge will specialize in tropical drinks and hot hors d'oeuvres and will feature music at a piano bar six nights a week.

The restaurant will have about 20 employees, headed by Fong as manager.

Fong was born in Hong Kong and came to this country at the age of 18 months. He has resided in Oakland most of his life, is married and has two daughters, 12 and 8.

you can't tell a tire by its price tag!
Do you know what those $10, $11, $12 nylon tires are *really* worth?

The best way for you to find out what a tire is really worth? Use it. But then it may be too late. How can you find out *before* you buy? The price tag won't tell you. There are so-called "bargain" tires, "cheapie" tires, "discount" tires and other tires you've never heard of. Most of them have one thing in common. They do a lot of shouting about price. But there's a big difference in what goes into them, as compared to a Goodyear tire. We took nine "bargain" nylon cord tires priced at $10, $11, $12 or more to the lab for analysis and matched them to our $12.88 3-T Nylon All-Weather.

What a difference! The Goodyear tire had a 23.2% *stronger* tire body than the average rating of the rest. And the tread strength rating of our 3-T Nylon All-Weather was also actually greater than the average of the others.

Price tags never tell the full story! Get a genuine Goodyear tire. A Turnpike-Proved tire. It costs no more than "bargain" tires.

3-T Nylon All-Weather
6.70 x 15 black tube-type, plus tax and any old tire off your car.
NO MONEY DOWN with your old tire. Pay as little as $1.25 a week.

Goodyear nation-wide guarantee

1. ROAD HAZARD GUARANTEE—All new Goodyear automobile tires are guaranteed by written certificate against normal Road Hazards—i.e. blowouts, fabric breaks, cuts—except repairable punctures. Guarantee limited to original owner for number of months specified.
2. LIFETIME GUARANTEE—All Goodyear tires are guaranteed against any defects in workmanship and material without limit as to time or mileage.

Remember, any Goodyear tire dealer (in all 50 states, there are over 60,000 of them) will repair your tire without charge, or make an allowance toward the purchase of a new tire, based on the original tread depth remaining and the current "Goodyear Price."

PAINTINGS FOR ARTS AWARDS AUCTION

The Marin Society of Artists will hold its second annual Fine Arts Awards Auction at 2 p.m. Sunday in the Frances Young Gallery in the Marin Art and Garden Center in Ross. The public auction which features paintings, ceramics, sculpture and other original works, will be held silently. Preparing for the auction are (from left) Mrs. Lotte McWalters, William B. Mathews and Henry Rasmusen.

Sports Car Hits Trees; Two Land In Hospital

Two San Anselmo youths were in Ross General Hospital today with injuries suffered when the sports car in which they were riding struck a parked car and two trees in front of the hospital yesterday.

Michael J. Muir, 18, of 29 Oak Avenue, San Anselmo, the driver, was being held for observation in the hospital. He was treated for scrapes on his left knee.

His passenger, Fred Pfeifer, also 18, of 169 Crescent Road, San Anselmo, suffered a broken jaw when he was thrown from the auto. Both boys were in good condition, hospital authorities said.

A witness told Ross Police Chief Joseph A. Regoni the sports car was northbound on Sir Francis Drake Boulevard when another car came out of the hospital parking lot and made a sweeping left turn. The sports car swerved and struck a parked car, owned by Mrs. Alida Forbes of 41 Alvarado Avenue, Mill Valley, throwing Pfeifer out. It then careened against a tree and bounced off against another tree.

Regoni said the 3:10 p.m. accident tied up traffic in both lanes of Sir Francis Drake Boulevard for about 20 minutes.

A driver suffered minor hurts and an automobile burned in a freak three-car mixup at 11:35 last night on Sir Francis Drake Boulevard in Kentfield, only a few blocks from the earlier crash.

Leonard S. M. Beckett, salesman of 16 Glenwood Avenue, Ross, eastbound just west of Butterfly Lane at 11:35 a.m., rammed into the parked car of Audrey Winslow in front of the Winslow home at 1035 Sir Francis Drake Boulevard, the California Highway Patrol reported.

The Winslow sedan in turn hit the car of Herman L. Bence, parked in front of his home at No. 1033. The Winslow vehicle caught fire and was destroyed, despite efforts of the Kentfield Fire Department.

Beckett, who had no explanation for the accident, declined hospitalization for small cuts and bruises.

A two-car collision yesterday in Novato sent school teacher Mrs. Barbara Soetaert to Novato Hospital with whiplash neck injuries.

Mrs. Soetaert, 39, is a teacher at Lu Sutton School in Novato. The car she was driving collided at First and Vallejo streets with a car driven by Novato Postmaster James M. Morris of 775 Sun Lane, police reported.

Mrs. Soetaert was cited for failure to yield right of way.

JAYS CAUSE RUMBLE IN FIREPLACE

Mrs. Frank Pett of 81 Via la Cumbre, Greenbrae, called the Larkspur Fire Department at 9:10 a.m. today to complain that a couple of flighty visitors were making an awful racket in her fireplace.

The visitors were two blue jays which came down the chimney.

Fireman William Lellis essayed the role of bird catcher. He caught one blue jay handily, but the second took off on a flying tour of the house. Lellis finally captured it after it knocked itself out by flying against the picture window.

Released outdoors, both birds flew away without so much as a "thank you."

The Emperor Charlemagne (742-814) founded many cathedral and monastery schools although he himself was illiterate until his old age.

Juvenile Hall Tantrum Lands Youth In Jail

A 16-year-old inmate of Marin Juvenile was cooling off his temper today in an isolation cell in county jail after tearing up his room at the juvenile hall and battling two supervisors last night.

Juvenile Hall Supt. David Fogel called the sheriff at 6:15 p.m. to report the youth was uncontrollable. Sheriff's deputies locked him in jail for the night.

The youth, who is from Novato, is one of two boys who drove a stolen car to Nevada several weeks ago.

Probation Officer Paul Dowdall said the youth had been reprimanded yesterday by the school teacher and a supervisor at the hall.

He had been ordered to his room but balked. The supervisors had to put him in his room forcibly.

The youth then proceeded to kick out two windows and began tearing up the wall. When the supervisors went in to control him, he threatened them with a piece of iron from the window.

Two supervisors used force to restrain him, take off his shoes, and turn him over to sheriff's deputies.

Flag Saluting Bill Passed By Committee

SACRAMENTO (AP)—Assembly-passed legislation requiring a daily flag salute in all public school classes, from kindergarten through junior college, was approved by the Senate Education Committee yesterday.

Assemblyman Louis Francis (R-San Mateo), author of the bill, said the pledge of allegiance is now required by rule of the State Board of Education but that it is not observed in some schools.

Depot Selling 'Junk' Books, Council Told

Mill Valley City Manager A. E. Almcrants was directed last night by the city council to look into ordinances which govern the type of literature sold at the city-owned bus depot.

Councilman George D. Monardo charged that some of the offerings are "junk" and "trashy."

Monardo asked if the city has an ordinance to control the type of literature sold. "It is a lot of junk and in poor taste. I find that grade school kids go there and pick up this trashy literature," he declared.

Although the depot is city-owned, the book and magazine concession is operated by Maggie Grant, who is also an agent for Western Greyhound Co.

Monardo said today that he recently bought up all six copies of an issue of the magazine Californian which, he said, attacked the character background of San Francisco Mayor George Christopher.

Pet Hospital Plans

The Tamalpais Pet Hospital at 691 East Blithedale, Mill Valley, will hold open house from 2 to 4 p.m., Sunday and open for regular business on Monday.

It was announced erroneously in yesterday's Independent-Journal the open house would be Saturday.

Sonoma State Classes Plan Opposed By Epler

SACRAMENTO (AP)—The College of Marin and Santa Rosa Junior College have protested plans to start lower division classes at the new Sonoma State College in September, 1962.

Stephen E. Epler, director of the Marin school, and Randolph Newman, president of SRJC, appeared yesterday before the State Board of Education.

They were joined by Dr. Henry Tyler of the California Junior College Assn., who said the master plan for higher education envisaged only upper division courses at new state colleges.

Marin Jury Ponders Charges Of Bigamy

The fate of a San Francisco engineer, accused of marrying two wives at one time and then making plans for wife No. 3, was in the hands of a four-man, eight-woman jury today in Marin Superior Court.

Richard Taylor Wilcox, 31, also known as Richard William Taylor, took the stand in his own defense today before Judge Thomas F. Keating. Under questioning by his lawyer, George Walker of San Francisco, Wilcox insisted he thought his first marriage to Virginia Wilcox of San Rafael had ended in divorce before he married Jeanne Taylor of Sausalito. Mrs. Wilcox had received an interlocutory decree from him in 1953, and Wilcox says he thought that had become final.

Jeanne Taylor, a trim brunette, told the jurors Wilcox married her under the name of Richard W. Taylor on May 17, 1958.

Jeanne told the jurors he led her to believe he had been a bachelor all his life, although he did jokingly tell her that he had had an affair in San Rafael and may have an illegitimate child.

Asst. Dist. Atty. Bruce B. Bales, prosecutor, says Wilcox had five children by his first wife and a child by his second. He produced court records that show Wilcox's divorce from his first wife became final in December of last year, more than two years after he married wife No. 2.

Wife No. 2 said she learned about his five children and went to court for a divorce, only to learn that her marriage was invalid because her husband's first marriage had not yet been dissolved.

To complicate matters further, Wilcox took out another marriage license in Sacramento with a Judy Moloney, 30, of San Francisco. They were to be married last Nov. 23. When the announcement of that wedding reached wife No. 1, she decided "that was the last straw" and marched in to see the district attorney.

Two Children Drink Gasoline

Two Greenbrae children were treated in Marin General Hospital yesterday after drinking gasoline.

Kenneth Mollison, 2-year-old son of Mr. and Mrs. Allan R. Mollison of 430 Via Hidalgo, and his playmate, 3-year-old Derrick Harman, son of Mr. and Mrs. L. M. Harman of 444 Via Hidalgo, drank the gasoline while playing near their homes.

The children apparently tasted the gasoline leaking from a truck parked on a hill. A neighbor took the children to their mothers and both took a trip to the hospital where they were treated and sent home with no ill effects.

Benefit Breakfast Slated In Novato

Members of Novato High School Parents Club will cook and serve breakfast outdoors to all comers Saturday.

Proceeds from the breakfast will go toward the two scholarships the clubs gives each year to graduates of the high school. Club members will begin serving at 8 p.m. at the Nave Shopping Center.

The 50-cent breakfast will include sausages, hot cakes, coffee and fruit juice, prepared by members of the club and donated by Brice Brothers Market. Jake W. Keeley is chairman.

Marin Firm Gets $272,000 Contract

A $272,130 contract for the general work in an addition to the Napa State Hospital was awarded to the W. J. Kubon Co., of 39A Mary Street, San Rafael, the State Department of Public Works announced today.

This was one of four contracts totaling $528,074 for an addition to the administration building and alterations of the existing building.

Meeting Planned On Harbor Loan

Mill Valley City Councilman George D. Monardo and City Engineer Stanley M. Bala will meet with Lachlan M. Richards, chief of the State Division of Small Craft Harbors, in Sacramento tomorrow to work out details on the status of the city's small craft harbor loan.

Negotiations, according to Bala, are continuing between city Atty. Thomas C. Nelson and property owners along the Saucelito Canal in efforts to get the channel dredged so that Mill Valley will be eligible for a $300,000 state loan.

Spills From Bike

David E. Swanson Jr., 13-year-old son of Mr. and Mrs. David E. Swanson Sr. of 4 Echo Avenue, Corte Madera was in good condition today at Marin General Hospital after a spill on his bicycle while delivering copies of the Independent-Journal. David suffered abdominal injuries in the fall yesterday shortly before 6 p.m. on Sorna Way, Corte Madera.

present state-condemned facility.

At its conclusion Dr. Dufficy rose to say he had been "shocked" at a news story covering this report (in the Independent-Journal of March 21), that he'd hoped the story erred in mention of his alleged apathy about rehabilitation, but that to his regret the news report was now proved accurate.

He declared the committee statement was "not true" in several particulars and moreover the supervisors hadn't investigated. He voiced surprise that Merrill could be so far wrong as to say that a dynamic rehabilitation program could increase the number of ambulatory patients at the county hospital to 30 to 40 per cent.

On the contrary, said Dufficy, he himself had screened everyone at the farm, found three subject to rehabilitation, and two of those were now walking.

This drew fire from both Supervisor Chairman William D. Fusselman, who said "we're not here to let you punch at the board which has acted in good faith," and Merrill, whose entry into the fray was greeted by Fusselman with—"shall we set up a squared ring for you gentlemen?"

Dufficy said the board was "forgetting senior citizens who need nursing care around the clock" . . . Although we do not need an acute hospital facility, these old people have to be nursed 24 hours a day and we need beds for them right now."

He charged that Merrill had compiled his report without meeting Dufficy and emotionally declared: "This is my hobby, my life, taking care of these old people."

"You have met me, you expressed your apathy over the telephone to me," Merrill retorted. "I arrived at the figures from a doctor who made a survey of your patients."

"You were too busy to go out with me," said Dufficy bitterly, "but twice you went out to the hospital during the night."

Fusselman urged that the business of the meeting get on and elicited from deLisle that interest rates are down on both lease-purchase and general obligation bonds, the latter having dropped perhaps as low as 3 per cent as against a previous 3¾ per cent. Administrator Alan Bruce reported corresponding decline in the earlier 5¼ per cent for lease-purchase.

"We may not need as much building, under the new plans, as we had thought," said Fusselman. "Will your department work for a new picture under these new circumstances?"

DeLisle said that if the architect could give him revised plans, new financial figures could be ready for next Monday.

"We might reduce need by 33⅓ per cent but it wouldn't reduce the cost of the building that much," Fusselman said. "We don't expect an accurate picture, just something to give us an idea."

Schaffran had said that the first need was to make application for the federal housing, in the form of a supervisors' authorization for the Marin County Housing Authority to ask reservation of 300 units.

Later the board would have to call for a county referendum to get a showing of majority approval of the project by the people of the county. Following that, the federal government would provide permanent financing through sale of long-term bonds to finance the home construction.

"These bonds are fully guaranteed by the federal government, tax exempt, and eagerly sought," he said. Fusselman brought out that there would be no charge on the local taxpayer.

Rents, it was explained, are kept low and are based on income which doesn't as a rule provide for interest and principle of the bonds, so the federal government gives a subsidy to make up the difference.

ARMAGER

lifted the child out and began to try artificial respiration.

"She was blue in the face and her eyes looked funny," said Mrs. Lamb. "I started pumping her chest and breathing into her mouth.

"It didn't seem to do any good."

The terrified mother than snatched up the child and carried her next door to the William S. Hogan home at 276 Oakdale. Mrs. Hogan called the fire department at 11:35 a.m.

Chief Armager, on reaching the scene, decided to try mouth-to-mouth breathing rather than a resuscitator.

While the mother stood on the Hogans' front porch, weeping and praying, he continued the effort for what firemen estimated as 15 minutes. Then came the first cry of life.

It was followed quickly by other cries as the child regained consciousness.

Lamb, an insurance broker, was at work in San Francisco. The Lambs' two sons, Steven, 10, and Douglas, 8, were at Our Lady of Mount Carmel School.

ference on the future of the Southeast Asian kingdom.

Kennedy and Macmillan, in fact, were described as substantially agreed in their positions on a wide range of world problems—with one notable exception in the case of United Nations membership for Red China.

The second day of British-American talks on worldwide problems got under way today with a forenoon meeting between Secretary of State Dean Rusk and British Foreign Minister Lord Home.

Macmillan spent the morning at the British Embassy attending to British government business, aides said.

The prime minister attended a Congressional luncheon before resuming his meeting with Kennedy.

Tiburon Volunteers Plan Honor Barbecue

Tiburon volunteer firemen last night made plans for a barbecue honoring Belvedere volunteer firemen, tentatively scheduled for May, according to President Allen A. Olson.

On Saturday morning volunteers will repair the Tiburon school flagpole, Olson said. Members discussed the techniques of heart massage as a resuscitation method.

MERGER

Continued from page 1

discussion sessions still to come.

Mrs. Ansley and William Kirk, a member of the Novato board, both jumped to their feet to put a motion before the county committee last night, meeting in the Marion School in Novato district.

Mrs. Ansley spoke first. Kirk said later he would have moved that no action on a tentative proposal be taken, noting that discussion last night had not touched on any academic phase of unification.

"I'm for unification, but I don't know if this is the right time," he said after the meeting.

"I think the entire group has been too hasty," he told the committee during discussion on Mrs. Ansley's motion.

Asked why she had proposed a seven-trustee district, Mrs. Ansley answered that it would guarantee representation from throughout the new unified district, if it is approved by voters.

Alan Swabacker, also a San Jose trustee, suggested that the new board might be changed to five members after about three years, when the new district has become fully organized.

Seven members would make it more palatable to the electorate . . . so each little portion feels they are represented," said James Gibson of Novato, a member of the county school organization group.

The vote on the tentative proposal found all members of the county committee present approving, including Earl Marshall, a member of the county committee and of the Novato board. But Marshall indicated before his "yes" vote that the tentative proposal won his approval only to get concrete action before the county group and that he may want to change the proposal or his vote later.

The two representatives of the San Jose board at the meeting voted approval, as did the four members of the Novato board in the audience, though Kirk at first favored abstaining. The San Jose board has gone on record as favoring unification; the Novato board has done so twice before when elections failed.

The two members of the College of Marin Board who were present abstained, as did Supt. Frank L. Lucas, representing San Rafael High School District.

Under county committee procedures, each committee member has a vote, in addition to one vote from each of the school districts involved.

The San Jose elementary district is in the San Rafael High School and College of Marin districts. Unification of San Jose and Novato would mean the new unified district would be out of both high school and college districts. The Novato district includes elementary and high schools.

Mrs. Ansley was named to head a committee from both districts to draw up a tentative trustee district map to be presented at the next meeting of the county organization committee at 8 p.m. April 12 at Meadow Park School in the San Jose district.

Points brought out during discussion last night included:

1. The vote on merger of the two districts could come in September at the earliest, and if approved by a majority in both districts would make unification effective for students beginning in fall of 1962.

2. After the merger officially were approved, the new district would have to operate without funds until July 1 of the fiscal year. The new district would borrow from funds of the two old districts.

3. Bonds outstanding in both districts could be "leveled" across the new district with approval of two-thirds of the voters in the new district after the unification vote; or the proposal could be brought up with the unification question and then would need two-thirds approval in each district.

4. San Jose students now attending San Rafael high could be "phased in" to Novato high if unification is approved, to allow for Novato high expansion, Lucas promised.

5. If unification loses at the polls, students from San Jose ultimately will attend Terra Linda High School. In addition, another high school is planned near the southern San Jose boundary, Lucas said.

"Our children will be the teachers by then," countered Mrs. Michael Doran, chairman of a citizens' unification committee.

Bowman Firm Starts $252,000 Housing Job

Bowman Electric Co., 2100 Redwood Highway, Larkspur, began work today on a $252,411 contract for remodeling of Wherry Housing Project at Travis Air Force Base, Fairfield.

The bid submitteed by the firm was the lowest of 10, according to Joel P. Bowman, owner of the electrical firm.

Labor Council Acts On Authority Bill

The Marin County Labor Council last night referred to its executive board, for study and recommendations, state Senate Bill 853 which would create a Golden Gate Authority.

Members of the council indicated that they felt the measure required amendment to protect workers' benefits and to prevent job jeopardy in case there is bridge unification under a new authority.

Causes Of Insanity

CINCINNATI (AP)—Longview, a state mental hospital, is marking its 100th year of service. Among its records, present staff members found these "Supposed Causes of Insanity" listed in 1902:

Death of president (James Garfield, who was assassinated), death of lover, opium eating, religious excitement, disappointed affections, intemperance, war excitement or fear of draft (Spanish-American War of 1898), cigarette habit, laughing gas, excessive use of tobacco, slander, political excitement and women's rights (a woman).

ALONG MARIN'S SPORTS TRAIL

By JIM GILMARTIN

Great Golf Tourney Slated Sunday; Marin Keglers Post Top Efforts

For the bargain price of one thin dollar, which will go to a good cause, you will be able to see some of California's greatest non-professional golfing talent in action right here in Marin County Sunday.

A field of approximately 150 amateurs, about one third of whom carry handicaps of five strokes or less, will be blasting away in the first annual Ames Invifational Tournament at the Marin Golf and Country Club. Doug Cowan, boss at Ames Ford Co. in San Rafael, is hosting the affair.

JOHHNY WEISMULLER
In Marin tourney

The entry list reads like a who's who of California links artists, some of whom have national championships to their credit. Like former two-time U.S. amateur king Harvie Ward and National Public Links champion Verne Callison, just to mention two.

The veteran Johnny Dawson, former U.S. seniors king, is flying here from Southern California to join the fun. And he'll bring former public links titlist Gene Andrews and Johnny Weissmuller with him.

WHILE DAWSON will represent the class of the seniors, one foursome should attract some attention — teen-agers who dominate northern California junior competition. They include Steve Whitman, who recently won the nor-Cal title; the runnerup, Jim Johnson; the medalist, Bob Graham, and Ron Cerrudo, another ranking teener.

Just glancing down the entry list we can pick out names like Bob Roos, George Archer, Bill McCool, Eli and Jack Bariteau, Cy Donaldson and Gary Mialocq, each of whom has won more than his share of hardware, just to mention a few.

Sports notables Frank "Lefty" O'Doul and Ernie Nevers will be among the old warhorses in the field.

Sounds like a great day at the Marin club—and, with proceeds going to the Crippled Childrens and Adults, Inc., the event is even better.

Congratulations to Doug Cowan for assemblying this fine field of talent.

A COUPLE of brilliant bowling performances have exploded on the local scene in recent competition.

Tuesday night Ted Wolcott, an employee of the Marin County Humane Society, fired a blistering 749 series of three games while warming up for league play at Greenbrae Lanes. Wolcott's games were 249, 244 and 256. Each game had eight strikes and he didn't leave a frame open in the series.

Wolcott cooled off when league play started and had to settle for a 551 total. His 749 equalled the county's high for the year set earlier by the great Don Bickford.

The other great score was turned in by the veteran master, Paul Gottlieb. In Greenbrae's "900" league Paul clipped off a 721 on lines of 257, 221 and 243.

Greenbrae also reports a fine 558 series by Lee Golsch in recent women's league play. Her games were 184, 192 and 182.

GARY DAHL, the former Tam High swim star, has been elected captain of the University of Oregon swim team, reports his proud former coach, George Gustafson.

TAM HIGH'S Pete Dornbach, a fine versatile athlete, is slowly recovering from the badly broken leg he suffered in a recently ball game with Vallejo. It was a tough break for Pete, who figured to be a star for Coach Ray Bell's horsehiders.

DON'T FORGET Sunday's March of Dimes benefit ball game in San Rafael, featuring past, present and future stars. Promoter Don Lauters says television personality Dick Stewart, host of a teen dance show, has agreed to pitch a couple of innings.

State Sen. John F. McCarthy was slightly pushed out of shape when he was asked to throw out the first pitch for the benefit game. Being a former professional hurler, McCarthy figures he could go the distance on the mound, rather than just one pitch.

Bums May Retire Sore-Arm Roebuck

PHOENIX, Ariz. (AP) — The Dodgers have cut eight players from their squad and are just about to place sore-armed relief pitcher Ed Roebuck on the voluntary retired list.

Carl Warwick, a fleet outfielder, is to replace Roebuck on the roster, which is down to 28 players.

Whittled from the squad yesterday was Phil Ortega, sent to Spokane. Also going to Spokane, a Dodger farm club, are first baseman Tim Harkness, pitcher Rick Warren and outfielder Al Norris. The Omaha club got shortstop Dick Tracewski, outfielder Shellby Brodsky and pitcher Bill Hunter. Thad Tillotson, another pitcher, went to Atlanta.

DOZEN ERRORS LOSE GAME FOR NOVATO '9'

Novato High School baseball coach Marlin Olsen was looking for a baseball with a handle on it after yesterday's game with Sonoma High.

His Hornets committed 12 (TWELVE) errors in losing a 9-5 decision to the Dragons. All nine of Sonoma's runs were unearned.

Lu Haas' triple was the big blow for Novato.

The varsity game wasn't too bad, though. Novato's junior varsity was clobbered by a 25-2 margin by Sonoma. The Dragon junior varsity banged out 30 hits.

Giants In High Gear For Fast Getaway

By U.P. INTERNATIONAL

If you're looking for a team geared for a fast getaway in next week's pennant races, look no further than the San Francisco Giants.

It's clear that new manager Alvin Dark looks for a fast start to make San Francisco fans forget the sour finishes of 1959 and 1960, and the team seems ready to provide just that. It has reeled off eight victories in its last 11 games and it's getting that encouraging smooth blend of solid pitching and robust hitting.

The Giants "said it" with pitching yesterday when Mike McCormick and Stu Miller combined in a six-hitter that gave them a 2-0 victory over the Los Angeles Dodgers. McCormick, the National League's earned run leader with a 2.70 mark in 1960, allowed five hits for the firsts even innings and Miller pitched out of an eighth-inning jam and went on to protect the shutout.

Don Blasingame, mentioned prominently in a possible trade with the Cincinnati Reds this spring, homered for the Giants in the fifth inning and they added another run in the seventh on Tom Haller's double, a sacrifice and an error. Stan Williams and Larry Sherry pitched for the Dodgers.

The Chicago White Sox, another 1960 disappointment, got an important lift when Early Wynn and Gerry Staley hurled them to a 3-1 decision over the Kansas City Athletics. The White Sox broke a 1-1 tie in the eighth inning with the aid of Ed Rakow's wildness.

The world champion Pittsburgh Pirates saw one of their front-line pitchers "bombed" again when the Detroit Tigers clubbed out a 12-8 triumph. Wilmer (Vinegar Bend) Mizell was ripped for 11 runs and 14 hits in six innings by Detroit's 15-hit attack, which included homers by Bubba Morton, Dick Gernert and Rocky Colavito. Jim Bunning went the distance for the Tigers though tagged for 12 hits.

The New York Yankees shaded the St. Louis Cardinals, 5-4, in 11 innings, the Los Angeles Angels downed the Cleveland Indians, 5-3, the Boston Red Sox beat the Chicago Cubs, 4-3, the Cincinnati Reds topped the Milwaukee Braves, 5-4, and the Baltimore Orioles and Minnesota Twins split a double-header in other exhibition activity.

Roger Maris singled home the decisive run for the Yankees, who beat the Cardinals for the first time in five tries this spring. Moose Skowron drove in four runs for the Yankees with a homer and a double while Ralph Terry, Art Ditmar, Ryne Duren and Bill Stafford held the Cardinals to five hits. Ken Boyer homered for St. Louis.

U.S. Blessed With Great Track Coaches

By HAL WOOD

SAN FRANCISCO (UPI) — Track and field performances in United States will reach their healthiest peaks in history for a non-Olympic year this spring and summer.

And most of the thanks can go to a small band of young, energetic track and field "nuts" who are busy coaching as if their lives depend upon the results.

"We're not even looking ahead to the Olympic Games," says handsome young Payton Jordan of Stanford. "Most of us have travelled around the world enough already. But we just love the sport and we like what we are doing for the kids."

Besides Jordan, a man who makes track and field meets interesting even for an uninformed spectator, the other top young coaches who are getting the job done include:

Ducky Drake, UCLA; Jim Elliott, Villanova; Chuck Coker, Occidental; Bill Bowerman, Oregon; Bill Carroll, Oklahoma; Bud Winter, San Jose State; Oliver Jackson, Abilene Christian; Sam Bell, Oregon State and Bill Easton, Kansas.

RECORD-BOUND

These men have developed fine track and field teams this year and they have a flock of youngsters heading for national and world records. These same lads may be the boys who do a comeback for Uncle Sam in the 1964 Olympic Games in Tokyo.

Among the standouts are Dennis Johnson of San Jose State, a Jamaican who twice has been clocked in record-equalling 9.3 in the 100-yard dash; Jim Cerveny, 880-yard man from Occidental; Darol Burleson, the great miler from Oregon; Harold Horne, Oregon State broadjumper; pole vaulters J. D. Martin of Oklahoma and Rolando Cruz of Villanova; decathlon man C. K. Yang and high hurdles star Jim Johnson of UCLA; and quarter miler Earl Young of Abilene Christian.

Some of the other more firmly entrenched coaches also have some fine performers going for them. These include Jesse Mortenson at USC, who has the great Dallas Long putting the shot.

But the young brand of coaches lives and dies by the times and distances for each one of his youngsters. For most of them, their idea of a big night is to sit for hours and hours talking about ways and means of improving the sport.

"We're not looking for any special rewards," says Jordan. "We get our kicks out of life watching the kids improve. If they turn into world champions —so much the better."

It happens that Jordan right now doesn't have anything resembling a world champ. Most of the other young mentors are better fixed for talent. But that doesn't stop the Stanford coach from plugging away trying to develop a winner.

HE'S OUT—Giants' Jim Marshall is tagged out by catcher Norm Sherry of Dodgers as he tried to score from second base on hit by Felipe Alou in yesterday's exhibition game. Giants won, 2-0. (AP Wirephoto)

Tam Swimmers Defeat Lowell; Redwood Loses

Tamalpais Indians swept every first place and almost every second place yesterday in running up a 79-15 victory over Lowell of San Francisco in a dual swimming meet at Tam's pool. In another interleague swim meet yesterday, Las Lomas' High's outstanding squad defeated the Redwood Giants, 60-35.

At Tam, Indian Rick Snow chalked up a double by winning the 100-yard butterfly in 1 minute, 1.8 seconds and the individual medley in 2:-45.9. Other Tam winners were Tony DePrado, 50 free, 24.8; Jeff McCreary, 100 back, 1:-04.2; Steve Deutch, 100 breast, 1:13.8; Jack Martin, 200 free, 2:10.2; Jack Mosher, 100 free, 57.6; and both relay teams.

Tam also won Class B, 46-22.

Redwood's Dick Chambers and Ken Frost set new pool records in their meet, Chambers with a 4:27.8 clocking in the 400 free and Frost with 1:07.0 in the 100 breast. Chambers also won the 200 free.

Las Lomas also won Class B, 57-28.

TWO-DAY SCHEDULE

Drake, S.R. Picked In Marin Tourney

By PAUL MILLER

Marin County Athletic League's second annual baseball tournament, rained out two weeks ago, is rescheduled to open tomorrow with a triple-header at Albert Field in San Rafael.

Marin Catholic High will open against Redwood at 4 p.m. and play again Saturday, but because of other activities at the Catholic high school, Coach Harry Moore was not sure whether his club will finish the tournament.

At 6 p.m. tomorrow Sir Francis Drake and San Rafael, the two prospective contenders for the tourney title, will clash. That big game will be followed by the Tamalpais-Novato High game at 8 p.m.

SATURDAY SCHEDULE

Four games are scheduled for Saturday at noon, 2 and 8 pm., said host school chairman Al Endriss, Redwood's baseball coach.

The three losers of tomorrow's games will draw to see which one advances into the Saturday winner's bracket by luck. The two clubs that don't make the semi-finals set for noon and 2 p.m. Saturday and the finals at 8 p.m. the same day, will meet for the consolation game at 4 p.m. Saturday.

The next important games these Marin prep teams will have with each other subsequent to the tourney competition, will be in the round-robin openers April 18.

After a sampling of participating coaches, San Rafael and Drake seems to be favored, followed by Redwood. Drake, coached by Veryl Sorgen, has two strong hitters. Jerry Ard, shortstop this season has a .385 average. But if an early season .429 means what it should, the Pirate to watch this weekend is right fielder Vince Pallavicini. Both these returning ball breakers are seniors, and

AIR FORCE BOXING ACTION AT HAMILTON

These pictures prove the action is hot and heavy these nights at Hamilton Air Force Base where the World Air Force Boxing Championships are taking place. Semi-finals will fill the air with leather tonight and the champions will be decided tomorrow night. Above, left, Hamilton's Ralph McCoy is shown landing a stiff right to the whiskers of Samuel Dancy in their torrid battle earlier this week. McCoy, twotimes Golden Gloves champion, won by decision. are among the club's 10 returning lettermen.

Drake's two regular strong men on the mound will be Nino Geminiani and Dave Le Beck. Sorgen doesn't know yet whether he will use Geminiani's fast ball to start against the Bulldogs.

"We have not been playing well at all," said Sorgen. "The average of four errors a game is too many to result in wins. Last year we finished last. I figure we can't do any worse this weekend. (Sorgen's club went on last year however, to win the MCAL championship).

Bulldog coach Jack Sims said his boys are out for the tournament title, and "although we have a long way to go we have a good chance to win it."

The bad weather and Easter vacation has plagued all the clubs, and San Rafael is no exception. They have had only four games thus far, which is about average for all towns.

HARD HITTERS

The hitting Bulldogs to watch in the tournament are centerfielder Tom Mork, and football all-leagurer Bill Roberts, who this year will be earning his way to bat in left field.

The fire on the infield for the Bulldogs will be second sacker Rich Curry, the all-league basketball player.

San Rafael's real power to put the club in orbit Friday will be its solid pitching staff. All three are senior letterman. No starter has been named from the three prep veterans: Denny Hall, Ken Becker and Jack Sovereign.

For the Novato Hornets the big playmaker both over the dish and behind it is all-league gridiron king, Lou Haas. Another big hitter for Novato is Joe Colfer, the club's first bagger. Ron Grayson is the hurler to watch. An outstanding hitter who also rules shortstop is Jim Corriea.

"He has a fine fast ball and a lot of junk," said Hornet head coach Marlin Olsen, who said he was as curious as the Independent-Journal to know what his club will do this weekend. "We've got a lot of JVs and some returners that did not hit all last year. What will happen this season is the real unknown quantity."

Coach Harry Moore at Marin Catholic has a couple of real headaches. The school's junior prom is set for Saturday night and a third of his team are juniors.

"We will probably play Friday and Saturday morning, but I have not received word yet (from school authorities) whether we will complete the tournament," said Moore.

The Marin coach's other headache is the fact that he doesn't have "one strong hit." His statement is backed up by facts. The Wildcats have not had more than four hits in any of nine ball games. The club will show some good fielders however in shortstop Jerry Smith and second baseman Frank Ubhaus.

TAM'S STANDOUTS

The hitting stars for Tamalpais High will be center fielder Chip Collins, pitcher and first baseman Russ Adams and Norm Kreuter, who normally plays in the outfield but will start at third base Friday. Kreuter is all league football and basketball player. A real steady man behind the plate is Steven Long.

Coach Raymond Bell, who has most of last year's varsity returning, would not go out on a limb in predicting the prospects for his club in the tournament, but said his boys "look good." Last year Tam took the tournament title. Runner up was Redwood.

"Redwood High is the host team and Coach Al Endriss feels that "any thing can happen."

His two big hitters are center fielder Steve Joses and Mike Walsh, who owns left field. Joses is considered one of the best baseball players among preps in northern California and has a lot of panting scouts sniffing his trail which reads "average .365" last year.

While the Giant team is relatively young, one of its real cubs, 14-year-old Jimmy Troppmann, is its most sparkling worker. On the hill will be all league hard court man Butch Brear. Last year he roared through the league with 93 strikeouts.

Another dangerous hurler is Mike Cooney.

Santa Clara Club Favored In Nat'l. Indoor Swimming

MIAMI, Fla. (AP) — The national AAU Women's Indoor opened today with Santa Clara Swim Club favored to fight off strong bids for its title by Michigan and Pennsylvania teams.

Two Olympic champions will compete in the crowded opening event. Chris Von Saltza of the Santa Clara club and Carolyn Wood of Portland, Ore., Multnomah Athletic Club are among 90 entrants in the 100-yard freestyle.

Miss von Saltza is defending her national titles in that event and the 200-yard backstroke.

Giants Still May Make Last-Minute Trade For Southpaw Relief Pitcher

HANLEY

PHOENIX, Ariz.—Possibility of a last minute trade that would bring a reliable southpaw relief man into the Giant camp still exists but it is remote. However, this is the critical period when eleventh hour key swaps usually are made.

Neither Horace Stoneham nor Chub Feeney would make any premature comment two years ago when they were engaged in trade talks with the Cardinals, talks that would have made some of the long winded United Nations negotiations on much more vital subjects seem abrupt.

The ultimate outcome of those 1959 talks resulted in The Toothpick Man, Sam Jones, coming west and Bill White going to the midwest with Ray Jablonski. That was called a "dream deal" for both Giants and Cardinals. And it wasn't completed until Easter Sunday of '59.

Now, neither Stoneham nor Feeney will admit anything is going on behind the scenes and their new freshman manager of the Giants, Alvin Dark, says that as far as he is concerned the 28 men on the squad are the ones who will open the season April 11 in Candlestick Park against the world champion Pirates.

HOWEVER, THERE is a growing feeling that Cincinnati's new general manager, Bill DeWitt, might part with southpaw stopper Bill Henry if the consideration were right. A fortnight ago there definitely was substantial reason to believe the Giants' hierarchy and DeWitt almost had reached the point of saying "it's a deal—Don Blasingame for Henry."

Then Powel Crosley Jr. died of a heart attack at the age of 74. The president and owner of the Reds since 1934 was the only one who could have approved such a deal, just as it would have taken Stoneham's approval to make official any understanding reached by Feeney and DeWitt.

IF ASKED whether he discussed a Blasingame-Henry deal, Feeney replies "I won't be drawn into any discussion of personalities, and you know we never mention players by name."

But if asked whether he discussed any possible trade with Cincinnati, Feeney, whose legal background in the Ivy League forbids him from being trapped in a lie, reluctantly acknowledges "Yes, we have had talks with Cincinnati about possible trades."

With Jones always available for a relief role in addition to his regular starting assignments, and with the two rookie right handers Bob Bolin and Jim Duffalo also pegged for the bullpen, Dark believes he is in pretty good shape in that department. If Bolin and Duffalo fail to come through, there still is Jack Sanford who, like Jones, is strong enough to start and relieve.

THAT LEAVES the southpaw relief job up to Billy O'Dell and this spring Baltimore Billy has been the same in-and-out pitcher he was last season.

Henry would be just the kind of man Dark would like to have. But what team in the league wouldn't?

Cousy Spectacular In Celtic Triumph

BOSTON (AP)—Bob Cousy, the old master of pressure play, says no collection of all stars could beat the Boston Celtics when they play their top game.

"We played as a team in the second half," the weary Cousy said last night after his 26 points and 14 assists keyed a 116-108 victory over St. Louis.

Though Boston leads the best-of-seven National Basketball Assn. championship playoff series 2-0, the players are unanimous in the feeling they will not be able to win in four straight. The next two games are in St. Louis Saturday and Sunday afternoons and will be televised nationally.

"We'll be lucky to win one out there because St. Louis is playing such good ball," said Tommy Heinsohn.

"It's a long way from being over," chimed in Bill Sharman.

"We were hurting without the big guy," was the opening utterance of Hawks' Coach Paul Seymour referring to center Clyde Lovellette who is sidelined by a back injury. Though there is a chance Lovellette can play this weekend, "I won't dress him unless he's 100 per cent okay," Seymour said.

BOB SPECTACULAR

Known for peak performances in the "big ones" throughout his 11 year NBA career, Cousy had never been a more spectacular playmaker.

"It's pride," Cousy explained. "The playoffs are like a command performance before royalty. Not many get the chance and here it is facing you. So you stuff up with pride and get yourself fired up to a pitch. Yeah, it's still a great challenge."

Cousy was taken out of the game with 2½ minutes to play and slumped over on the bench while the 13,909 Boston Garden spectators roared a tribute to his performance.

"I was choked up with a chest congestion and couldn't breathe," Cousy said. "I was making frantic signals to the bench to get me out. The crowd? It was more of a eulogy than an ovation—they probably thought I was going to die," he added with a laugh.

Top Seeds Expect Tough Matches In Masters Tennis

ST. PETERSBURG, Fla. (AP)—The quarter-finals of the second annual Masters Tennis Tournament opened today with the going figured to be a little tougher for the seeded players.

Neale Fraser of Australia, top seeded in the tournament, faces Jon Douglas, an unseeded player on leave from the Marine Corps.

Douglas made the quarter-finals by defeating Ed Turville Jr. of St. Petersburg 6-0, 6-2, yesterday.

Fraser defeated Rodney Mandelstam of South Africa, 8-6, 6-3. Rod Laver of Australia, No. 2 seed, meets Jerry Moss of Miami, one of the top rated Americans in the event.

Roy Emerson, No. 2 seed from Australia, drew Miguel Olvera of Ecuador, Olvera defeated John Hammil of South Africa 6-2, 6-0.

The opponent for quarter-finalist Luis Ayala, No. 4 seed, will be determined in a delayed second round match today.

No action was scheduled today in the women's matches. Semi-finals will be held Friday.

St. Bonnie Standouts Sign With New York

NEW YORK (AP)—Tom Stith and Whitey Martin, stars for the 1961 St. Bonaventure College team, signed contracts yesterday with the New York Knicks of the professional NBA.

FILMS SHOW SPRINT CHAMP'S START O.K.

SAN FRANCISCO (AP)—Is San Jose State College sprinter Dennis Johnson getting an illegal start on other runners in his world record tying efforts?

Track Coach Chuck Coker of Occidental College said yes Monday and drew a storm of criticism from northern California track officials and sports writers.

A group of the latter saw films of Johnson's starting form at a San Francisco restaurant yesterday and concluded it may be unorthodox but it is legal.

That's what Johnson's coach, Bud Winter of San Jose State, had been saying. Others who watched Johnson run the 100 in 9.3 at Stanford Saturday agreed.

Johnson rises more slowly than other runners and is lower when the gun sounds, Winter said.

But, he added, Johnson does not rise in one continuous sweep as Coker charged.

SLOW RISE

"The movies show that Johnson rises more slowly than other runners on the 'get set' signal. This is not illegal. He is perfectly still for at least two seconds before the gun sounds, and this is the area of disagreement," commented Sports Editor Art Rosenbaum of the San Francisco Chronicle after viewing the films.

Ray Dean, former Stanford sprinter was starter for the controversial race Saturday, said Johnson was motionless for more than half a second and less than two seconds. "It was a fair start. Otherwise I would have called the runners back."

Coker declared Johnson should be "disqualified or taught a lesson with a few fast guns."

Johnson has stayed out of the dispute.

BENEFIT GAME FOR CAL POLY GRID VICTIMS

LOS ANGELES (UPI)—The Helms Athletic Foundation today announced a benefit game for the relatives of players killed in and the survivors of the plane crash last Oct. 29 with the Cal Poly (San Luis Obispo) football team and official party aboard.

The game will be played Thanksgiving Day, Nov. 23, 1961, in the Coliseum. It will bring together two conference champion teams, one from California and one from the midwest.

Announcement of the conferences will be made late in April, but the teams to compete will not be known until early November.

In the Toledo, Ohio, crash, 16 Cal Poly players died and 21 of the 26 survivors needed extended hospital care.

Cage Scandal Probe

NEW YORK (AP)—The grand jury will hear testimony on the college basketball point-shaving scandal today for the third straight day.

Jurors adjourned yesterday after two-and-a-half hours of testimony. Frank S. Hogan, district attorney, again declined to divulge the names of any witnesses.

The FISHIN' FOOL

By RALPH STEVENS,
I-J Fish and Game Writer

Striper Striving Slows; Bass, Like Humans, Seek Relief From The Heat

STEVENS

Fish and humans have one thing in common. When the temperature rises, they hunt for shade. Of course the fish hunt deeper, cooler water which is shade for them. Right or wrong, that is the theory advanced by many old timers. Seems logical, too.

Certainly the extremely fast action had with striped bass in the shallows off the Marin shore slowed down a great deal from Sunday until last night. For example: At Joe's Launching at Santa Venetia, 400 stripers came in on Saturday; 100 only on Sunday, 50 on Monday and 10 on Tuesday.

Almost as many avid anglers were on the job Monday and Tuesday as on Saturday and Sunday. But there were a flock of fishing fans who will long remember what happened "yesterday." Take the Lauchenauers — Mrs. Elenor, son "Whitey" and hubby Nickey. The queen of the clan took her limit of stripers and then hooked, played and landed a 54-inch, 44-pound sturgeon. Whitey and Nickey each had a bass limit. Or Joe Salz, aged 11, who had a limit of bass and a 53-inch sturgeon. Joe's brother, John had no sturgeon, but did have his legal limit of bass. Jack Reeves and friend displayed six nice stripers to 10 pounds, John Segale's limit was topped by a 12-pounder and Donald Balch was happy with his bass that weighed in at 15¾ pounds.

THE STORY of the lessening of action in the China Camp sector, where it was hard to toss out a baited hook without getting a bass for several days until Sunday afternoon, tallied with that of Joe Nerviani at Santa Venetia. And, like Joe, Grace Quan is convinced that the smooth water and the hot sun caused the bass to seek cooler quarters. Both Grace and Joe stressed the fact that on Monday and Tuesday, the fish were working close to the surface. "Jumping and rolling all over the place, but not biting," explained Grace. Then she added: "The boats that went out very early in the morning when the water was cooler, did much better than later in the day."

OUR BAROMETER has dropped from 30.2 to 29.7. The weather bureau predicted a wind storm on its way. Could be that the change to cooler, rougher water will bring back the fast and fancy bass fishing in the entire areas both west and east sides of the San Pablo Bay. No question but what the fish are still around somewhere.

BY THE WAY, the warm water theory may also account for the sudden increase in the flounder activity on the Flats. Even with large hooks and large pieces of bait the flounders seem to be especially hungry.

CATFISHING in the Old River-Grant Line Canal area continues to yield beaucoup of the tasty smooth-skins. Joe Navarro of the Sportsmen's Center in Castro Valley called to tell me of a quartet from his part of the country, Florence and Fred Johnson and John Marra and wife, taking 80 beauties a couple of days ago.

Joe also reported Earl McDonald and Mary Meyers casting black eels and Hootchie lures into the waters of Berryessa and taking limits of black bass two days in succession.

Harold Wilson made his debut as a salmon troller aboard the Sea Horse and collected one 20-pound salmon and one of 10-pounds.

AS I MENTIONED yesterday, some big salmon have been taken outside the past few days. A number of Schenley fish were boated. Tony Caruso of Caruso's Bait Shop, Sausalito, reported William Price, aboard the Maybe, off Duxbury, landing a 36-pound salmon, and —hold everything—Emil Hallen, aboard the Bluefin, landed a beautiful king salmon weighing 50 pounds, one ounce. That was on Tuesday. Yesterday I heard the skippers talking over my Halicrafter and learned that several large fish to 30 pounds had been netted.

Volleyball League

Groups interested in entering a men's volleyball league in San Rafael are invited to attend an organizational meeting tonight at Albert Field, 7:30 p.m., the San Rafael Parks and Recreation Department announced this morning.

STURGEON

186-Pounder Caught By Marin Woman

Mrs. Terrie Ellerman of San Anselmo, who recently won a prize for catching a large striped bass, hit an even larger jackpot this week when she hooked, fought, and finally landed a 186½-pound sturgeon.

The exciting action took place on San Pablo Bay Sunday, moving from Marin Island to McNear's Point and back again to the San Rafael channel marker. With Mrs. Ellerman were her husband, Wayne, and Robert Smith of Loch Lomond Marina. They were fishing for bass on the Ellermans' 23-foot cabin cruiser, "Prelude."

The whopping sturgeon, which measured eight and a half feet in length, gave Mrs. Ellerman the fight of her life—and I have bruises on my arms to prove it," she said.

LONG FIGHT

After the strike, about 300 yards off Marin Island, the sturgeon took the "Prelude" and party on a ride that covered about four miles in the two-hour battle. At times the huge creature streaked out of the water and appeared to be dancing on its tail in its fight for life. It finally ran out of fight near the San Rafael channel marker, but still another hour was required to harness the whopper to the boat.

While Mrs. Ellerman fought the exciting battle, the male members of the crew just stood by without lifting a helping hand. "I begged them to help," the proud angler said, "but they told me, I hooked it, so I had to bring it in."

Mrs. Ellerman was using the Penn reel prize she was awarded by the Schenley Sportsmen's Club for catching a large bass last month.

The Ellermans are proprietors of Tiny Tots Studio in San Anselmo.

Drake Swimming Classes Saturday

Openings are still available in swimming classes for elementary school aged children in the Drake High School Saturday morning recreation program, director Bob Fitzhenry announced today.

Boys and girls interested in enrolling in the program may do so at 9 a.m. Saturday at the Drake pool.

WHOPPER—Mrs. Terrie Ellerman is dwarfed by the 186½-pound, 8½-foot long sturgeon she caught in a hectic two-hour battle on San Pablo Bay Sunday.

Champ Moore, Valdez End Training For Title Bout

LOS ANGELES (AP) — The training grind was behind today for champion Davey Moore of Springfield, Ohio and Danny Valdez of Los Angeles, who fight for the world featherweight title Saturday night.

The 27-year-old champion finished conditioning at his camp in the mountain country east of Los Angeles and the 21-year-old challenger eased off here.

The 15-round bout will not be broadcast nor telecast.

Moore, beaten but once in the past five years, remains a heavy favorite to retain the title. He has scored 22 knockouts in 54 matches.

Valdez has had only 22 professional fights but has been boxing since he was 9. He got the title chance by twice whipping Ricardo Gonzales of Argentina, then rated the No. 1 contender.

Concern has been reported over Moore's weight. But his manager, Willie Ketchum, expressed confidence the boxer would make the required 126 pounds at weigh-in time Saturday.

Novato Beats Tam Spikers

Jim Sewell and Don Klapperich were leading point getters Tuesday as they paced the Novato High School track and field team to a 64⅓ to 48⅔ upset victory over the Tamalpais Indians.

Sewell won the high jump at 5-feet-10, placed second in the shot and anchored the winning relay team while Klapperich was first in the high hurdles and second in the broad jump.

Novato's Mike French set a school record in the 880 with a 2 minute, 5.8 seconds clocking and John Miller won the shot with a 45-foot, 7½-inch effort.

Lon Carter was a double winner for Tam in the 100 and 220-yard sprints.

Tam salvaged some pride in the lighter divisions, winning Class B 65-44 and Class C 37-35.

Project 17 Plan Rejected Again

Baseball players on Mill Valley's Project recreation area 17 face another season of clothes-changing in nearby gasoline stations.

The Mill Valley City Council last night turned down the latest plans for construction of shower rooms, restrooms and bleachers on the project.

It was the second set of plans submitted by the Mill Valley Optimist Club, which is doing work on the recreational area in a community effort, and rejected by the council.

The vote was 2-2 with councilmen Joseph E. Sheeks and George D. Monardo voting "no" and Councilman George Blackwell absent.

Lew Tyrrell, vice chairman of the planning commission, told the council the players now "dress in the service stations two blocks away. It's quite a trip."

Plans had been approved by the planning commission as a "temporary expedient." Councilmen Sheeks and Monardo took objection to anything "temporary" which might last 25 years. Mayor Robert D. Huber and Councilman Michael Wornum spoke in favor of the building.

TURNED DOWN

The Optimists were turned down last year when the council said it wanted over-all "harmonious planning" for the area.

The council continued to April 19 an appeal from planning commission denial of Manuel Gomez's request to rezone his Garden Hill Unit 2 from one acre to 15,000 square foot lots. Gomez, who complained he has waited one year and nine months for the rezoning, said he could wait until April 19 when a new ordinance setting up two new lot sizes—15,000 and 30,000 square feet—would be effective.

Gomez's nephew, J. Robert Gomez, who has a separate request to rezone 17 acres of Mesa Heights land, told the council vehemently that the planning commission continued his request without his consent. This "invades our rights and is a move to block any subdivision we request," he declared.

TIME LIMIT GIVEN

The council said the commission could continue a matter but that if it did not act within 30 days, approval would go to Gomez automatically.

A resolution was adopted 4-0 to abandon a seven-foot portion of Dot's Lane, approximately 60 feet in length, to allow Mathew P. Dillingham to build over the foundation of his house, recently destroyed by fire. The foundation encroaches on the lane by five feet.

The council also:

1. Appointed to the parks and recreation commission Mrs. William E. Searles of 4 Wainwright Place, to fill the term of William A. Daegling, and Raymond J. Bell of 29 Ryan Avenue, to fill the term of Roger Leschohier. Daegling and Leschohier are moving from Mill Valley.

2. Reversed, with councilman Monardo voting "no," planning commission denial of a variance to David B. Gardner to build a home on his substandard lot at 160 Monte Vista Avenue.

3. Approved plans for a shoeshine stand in the Arcade of the city-owned bus depot on Lytton Square.

4. Heard a report from City Manager A. E. Moslems Raid Paris Hospital, Kill 1, Hurt 10

PARIS (UPI)—A band of Algerian terrorists invaded a hospital today in an assassination attack on a rival Moslem. In a gun battle that followed, they killed a police sergeant and wounded two other policemen, four patients, a hospital attendant and three visitors.

The attack in suburban Montfermeil, outside Paris, was the latest incident in a week of terrorist violence. Five persons were killed last weekend when terrorists attacked police stations in the Paris region where Moslems are employed as auxiliaries.

Fourteen persons were injured when extreme right wing terrorists opposed to peace talks with Algerian rebels set off a bomb in the Paris stock exchange Tuesday.

Paris police canceled all leaves yesterday and government security agents were alerted throughout the country in an effort to head off the increasing violence.

The latest attack came as President Charles de Gaulle refused to make any further concessions to the Algerian National Liberation Front rebels to get the peace talks started on time at Evian tomorrow. The talks have been delayed.

Marin Woman Appointed To State Group

Mrs. Dewey J. Forry of 2615 Heatherstone Drive, Marinwood, was appointed to the State Recreation Commission for a four-year term yesterday by Gov. Edmund G. Brown.

For the past two-years, Mrs. Forry has served as secretary of the California Assn. of Recreation and Park Districts.

A native of Sacramento, Mrs. Forry recently moved to Marinwood. In Sacramento, she served as director and secretary of the Fulton-El Camino Recreation and Park District. She has been active in the Catholic Youth Organization and the Parent-Teachers Assn.

At present, she is serving on an advisory recreation commission in Marinwood.

'MY DADDY'S NAME IS HUSBAND'

The little girl found wandering down Grant Avenue near Reichert Street in Novato yesterday wouldn't give her name to police.

At the city hall, secretaries had no better luck. Asked her father's name, the little girl answered "Husband."

But once in a police car, she was able to point the way to her home, more than six blocks away, at 699 Plum Street.

Cindy Whipple, 2, had wandered away from a baby-sitter. She is a daughter of Mr. and Mrs. Dwight D. J. Whipple.

Right Of Way Purchase For Beach Requested

Sightseers who drive to Muir Beach Overlook for a view of San Francisco and the Pacific Ocean will soon get a better access road from Highway 1.

The Marin County Parks and Recreation Commission yesterday decided to recommend the county buy about a quarter acre right of way land for $435 from Mrs. Lucia Harris and her son Mark Harris, who represent Muir Beach Inc. The purchase would widen the access road from the present 20 feet to 40 feet.

Gibbs Lawson, chairman of the commission, presided at yesterday's meeting at 1711 Grand Avenue.

Mrs. Wayne Tharp, secretary, reported that dressing rooms at Drake's Bay are almost completed and will be ready for use this summer. A concrete block building will house the dressing rooms. The parking area has been improved and the access road widened to some extent.

Avoid the mistake of using a single lamp to light a reading area, leaving the rest of the room dark. The contrast between the dark and lighted areas will cause eyestrain and fatigue.

SAN RAFAEL BROWNIE Scout Caroline Langlais of Troop 225 and Intermediate Scout Sharon Thompson of Troop 216 receive Cookie Sale posters from Mrs. Lewis Deu Pree, Cookie Sale chairman. Girl Scouts all over Marin distributed the posters to business establishments in their neighborhoods this week to publicize the Cookie Sale which starts tomorrow, April 7.

SADLY RELINQUISHING the Girl Scout perpetual cookie trophy are members of Novato Troop 326 who earned the right to keep the trophy for a year by selling more cookies than any other troop last year. Mrs. James W. Gowen, chairman of the Girl Scout Cookie Committee, received the trophy from left, Jacqueline Shedivetz, Cynthia Dunn and Marsha Coontz, members of Troop 326, who hope they can outsell the rest of Marin's troops again this year. Doorbells To Ring Tomorrow Girl Scouts Annual Cookie Sale

With posters in store windows and cookies distributed to local depots, the members of the Marin Girl Scouts will hold their annual Cookie Sale from April 7-24.

According to Mrs. Lewis Deu Pree, Cookie Sale chairman, doorbells will start ringing right after school tomorrow, when Brownies, Intermediate and Senior Scouts begin to sell the 48,000 boxes of Mother's Cookies ordered by the Marin Council.

In addition to the familiar Danish assorted cookies sold by the Council for the past two years, chocolate mint cookies and sandwich cookies (chocolate and vanilla assortment) will be offered for sale this year. Each type is attractively packaged in a Girl Scout green box, and will sell for 50 cents.

As the cookies were baked at the Oakland plant of Mother's Cake and Cookie Company and delivered to local depots yesterday, their freshness is guaranteed and can safely be kept in their original wrapping over two months. All three varieties can be frozen without repackaging.

To enable the Council to carry out a complete Scouting program, it is necessary to raise additional monies other than that contributed by the United Bay Area Crusade, which does not furnish the full amount of the Council's working budget. It also assists in developing the established Sierra camp, Treasure Mountain, and in developing and maintaining Arequipa, the Council's newly acquired property in Fairfax. According to Mrs. James W. Gowen, chairman of the Cookie Committee, the proceeds from the sale will supplement the funds received from the United Crusade for operating the Council.

A perpetual trophy, awarded to the Girl Scout troop selling the most cookies, per capita, will be presented at the end of the sale. It was awarded last year to Novato Troop 326. A ribbon award for the troop flag will be given to those troops selling two cases of cookies per girl, while "Busy Bee" pins will be earned by each Girl Scout who sells two cases of cookies.

Be sure to try all three varieties of Girl Scout Cookies when a local Girl Scout calls on you. Each box of cookies promises to be a taste treat for the whole family, and assures the availability of Girl Scouting to every girl in Marin.

A call to the Girl Scout office will bring a "salesman" to your door, if your house is overlooked or if you wish to reorder.

Spanish Crests, Coins, Stamps Among Antique Show Highlight

One doesn't have to be an antiques collector to enjoy the Marin County Antique Show, opening April 20 at the IDES-ST Hall in Sausalito.

Actually, the Show, in addition to allowing collectors to find that "special something" is a source of afternoon and evening entertainment. With salads, sandwiches, and pastries available at Mrs. Herbert B. Marsh's snack bar, one is fortified for several hours of wandering and looking.

From Laguna Beach come the Billy Gilberts with coins and stamps, one of the largest such collection. In addition to jewelry, the Gilberts feature a couple of rare pewter figurines, depicting the Kate Greenaway children's stories, unique enough for the Smithsonian Institute to have asked for them.

Jeanne Davis of Sausalito will include colorful Spanish crests from 1700, that could be mounted for wall-hangings, and original Holbein prints.

Don Badertscher of San Francisco has established a precedent of unpacking his recent arrivals from Europe right at the show, so is able to present unusual and interesting items to patrons, directly from abroad.

The $1 silver table has permitted many a show-goer to complete an obsolete silver pattern; Beverly Antiques from Los Angeles features this service. Canary, white, ruby, emerald and aquamarine are the colors of the Sumatra Stone jewels shown by Zenobia's Antiques of San Francisco; they are jewels from the Tower of Jewels of the Panama Pacific International Exposition in San Francisco, and were made in Austria.

Entrance admission to the Show, continuing from the 20th through the 23rd of April, will permit re-entrance at any time during the four days. Grandmother's Cupboard, headed by the Mesdames Dashwood Darling and John Richardson, offers chutneys, preserves, pickles, jams made by parish women of the Church of Our Saviour, Mill Valley, sponsors of the show. Mrs Eugene W. McGeorge is chairman of this ninth annual show.

PROPOSING A TOAST following their wedding at the St. Francis Yacht Club are Mr. and Mrs. Thomas C. Marks. The bride, the former Angela Rosalie Sabella, is the daughter of the Angelo Sabellas of San Francisco and Marin. (Vano, Wells, Fagliano photo)

Angela Sabella Weds Thomas C. Marks

White lilac blossoming trees, Easter lilies and white stock, formed the altar at the St. Francis Yacht Club when Angela Rosalie Sabella of San Francisco became the bride of Thomas C. Marks of Sausalito on April 1.

Judge Joseph Karesh performed the 3 o'clock single ring ceremony.

Mr. and Mrs. Angelo Sabella of San Francisco and Marin are parents of the bride. Mrs. Claire M. Marks of Oakland and the late Mr. Marks are parents of the bridegroom.

Given in marriage by her father, the bride wore a full length gown of white organza with seed pearls and scalloped lace details. Her fingertip veil of matching material fell from a petaled and pearl headdress and she carried a bouquet of lilies of the valley.

Honor attendants, Mrs. Luciano Sabella of San Anselmo as matron of honor, Rosalina Sabella, the bride's sister, as bridesmaid, and Lisa Sabella, as flower girl, had gowns of embroidered apricot linen with white overlay. They carried bouquets of apricot carnations.

Master Mark Angelo Sabella of San Anselmo was ringbearer.

Norman Lonvan of Salt Lake City served as best man and usher was the bride's brother, Luciano Sabella.

For her daughter's wedding, Mrs. Sabella wore a gray-blue coat dress ensemble in peau de soie with matching accessories. The mother of the bridegroom chose a blue-green patterned silk print frock.

A reception for 250 guests followed at the Yacht Club.

The bridegroom is employed at Station KFRC in San Francisco.

Following a wedding trip to the Southwest, the newlyweds will make their home in Sausalito.

Barbara Dupuis Will Wed George Cagwin

At a surprise supper party the engagement of Barbara Jo Dupuis and George Maurer Cagwin was announced. The party took place Thursday night at the young couple's future home in Santa Venetia.

The announcement was made by the bride-elect and her mother to college friends home for the Easter holidays.

The bride-elect was graduated from Redwood High School last June and has been attending the Louise Salinger School of Dress Design in San Francisco. She will graduate in June. Barbara is past honored queen of Mill Valley's Job's Daughters and the present sweetheart of Marin County DeMolays. Her father was the Republican candidate for Congress in the First District.

She has one sister, Susan, who will be graduated from Redwood High School this year, and a brother, Fred Stanton Dupuis, a fourth grader at the Reed School. Her grandmother is Mrs. O. S. Lapham of Portland, Ore.

The bridegroom-to-be is a graduate of both Tamalpais High School and College of Marin and attended San Francisco State College. He is employed by Furness, Withy and Co., Ltd., in San Francisco. He is past master counsellor of the Mill Valley DeMolay.

The couple will be married July 23 at St. Stephen's Episcopal Church in Belvedere.

Twin Cities Unit Plans An Election

A nominating committee slated to bring in the first considerations for new officers of Twin Cities Unit 313 of the American Legion Auxiliary was nominated at the Unit's recent meeting.

Participating on the committee are Mesdames Maurine Lynch and Bryce Florence of Larkspur; William Wagner, Ruth Monathan and Frances Fugate of Corte Madera.

The Unit's second one-day spring rummage sale for the year was announced for April 24 at the Larkspur Legion Hall. Proceeds will benefit the Legion and Auxiliary's general programs of community services prior to the organizations' fiscal period ending June 30.

The Claremont Hotel in Berkeley will be the setting where Auxiliary members within driving distance of the Bay Area will host the National President, Mrs. Henry Ahnemiller of Wenatchee, Wash., during her Northern California appearance, on April 19, according to Unit President Mrs. James Green of Twin Cities.

Over 600 American Legion Auxiliary members are expected to attend the gala state luncheon program to hear the address of the national president, who guides the activities of nearly 1,000,000 Auxiliary members in 14,000 Units throughout the United States, Hawaii, Panama and Alaska.

Representatives planning to attend from Twin Cities Unit include Mesdames Wagner, Florence, James Green and Fugate.

Next meeting for Twin Cities members has been called for April 11 at the Larkspur Legion Hall.

Rummage Sale Set To Open Tomorrow

Articles ranging in size and function from a bird bath to safety pins will be found at the rummage sale which the Grace Lutheran Women's Society will hold in the social hall of Grace Lutheran Church, Novato, tomorrow and Saturday.

Doors will be open at 9 a.m. tomorrow and will remain open throughout the evening for the convenience of late shoppers. The sale will continue through Saturday afternoon.

Nomination Meet For St. Rita's

The Women's Guild of St. Rita's Parish, Fairfax, will meet on Monday, April 10, in the parish hall at 8:15 p.m.

At the business meeting, nomination of officers will be held and final plans made for the fashion show and luncheon which will take place at the Meadow Club on April 12. Dr. Roy Pasqueletti will be the guest speaker of the evening.

Refreshments will be served following the meeting. Second Grade mothers will be in charge of food and decorations. All the women of St. Rita's Parish and mothers of children in the school are invited to attend.

BRIDE-ELECT HONOR GUEST

Marilyn Templeman, who will be married to Dale Aaron Le Neve on Sunday afternoon at the Chapel at Hamilton Air Force Base, was honored recently at a shower given by Mrs. Robert Brossier at her home in Santa Venetia. The bride-elect is the daughter of Mr. and Mrs. Robert Templeman of Santa Venetia. The future benedict, son of Mr. and Mrs. Arnold Duboise of Richmond, is stationed at Hamilton Air Force Base.

Guests at the shower were: Mesdames Robert Templeman, Ralph Hill, Arthur Carpenter, Harry Pepoon, James Nichelini, Joseph Patten, Doyle Sower, Edgar Rowland, Ruth Jump, Merle Cozad, Misses Kay Donovan and Donna Templeman (younger sister of Marilyn).

Mill Valley Dance Pupils To Entertain

Mill Valley students will entertain others from 11 Bay Area communities at a program Saturday morning to be followed by lunch in Old Mill Park.

The program starting at 9:30 a.m. will consist of demonstrations at the Dick Ford Studio in Mill Valley by pupils in various classes. After a demonstration of technique by the advanced class pupils of all age groups will work on the creative problem of interpreting paintings by the 12 local artists who exhibit regularly at the Ford Gallery.

Experience in the past has shown that younger children prefer realistic paintings and older ones like the abstracts.

Also on the program will be a dance by Mill Valley girls in the advanced class interpreting the instruments of a symphony orchestra and a master class in which Ford will instruct all children present from first graders to high school students.

Assisting during the morning will be instructors Marian Melberg, Judith Modell, Nancy Gimbal and Marguerite Ford and accompanist Leroy Miller.

The children will conclude the day by taking their lunches to Old Mill Park. Parents and friends are welcome.

TODAY'S EDITORIAL

'Our Columns Are Open To All Parties To Discuss . . .'

(Ed. Note: As President Fred F. Enemark of the Marin Industrial Development Foundation observed last night at the I-J "100th birthday party," this newspaper zealously exercises its right to speak out on public questions and just as zealously supports the right of its readers to agree or disagree.

There is nothing new about this policy as former Marin Journal publisher T. Fred Bagshaw noted recently when he came across the following in a 100-year-old copy of the old Journal:)

"We have received a communication from Bolinas stating that a petition is now in circulation in that portion of the county for signers, praying the Legislature for a law to remove the County Seat from San Rafael to Olema.

"The removal of the County Seat has been discussed in this county ever since its organization 12 years ago. An attempt was made 10 years ago to remove it under the law of 1850 but failed for lack of the legal number of petitioners. The great difficulty in this matter will be to fix upon a site satisfactory to the majority of people.

"Tomales, Novato, Nicasio and Olema have been advocated as suitable locations by the people of those places. It is extremely doubtful if either can obtain the majority of voters of the county.

"Nicasio is probably the most central point of the territory composing the county, and about equal distance from Novato and Olema, and is accessible as well as Oema, from the upper portion of the county, only over rough and very mountainous roads.

"Tomales is as remote from a central position as San Rafael.

"Novato has some advantages over the above named places; it is more easy of access from all parts of the county, and has water communication on the Bay with San Francisco. The latter consideration is of some importance to litigants in our courts, as most of their business is done through lawyers of the San Francisco bar, and they would not be landed on the bay coast and then proceed 15 or 20 miles into the interior, over rough roads, for the same fee that they would prosecute or defend a case at San Rafael or Novato.

"Novato is centrally situated between northern and southern extremes, but like Olema, on one side.

"The next consideration, with all tax paying voters, in estimating the advantages of the removal of the County Seat, will be the cost. A new courthouse and jail must be built immediately, in case of removal, at an expense of about $30,000.

"It is true that the county now needs those buildings, but we think the present courthouse and jail can be made to answer the purpose for a few years longer, and until the people will be better prepared to meet the heavy tax their erection will require.

"The question of removal of the County Seat is one that should be permanently settled, and it may be as well done now as hereafter.

"Although we are located in San Rafael, and think the interest of the County will be as well served by the County Seat remaining where it is as it would be by removal to either of the places spoken of; yet we are not disposed to say or do anything to prevent free expression and action of the people on the subject.

"Our columns are open to all parties to discuss the merits of the place of their choice."

WHAT OUR READERS SAY

Need Public Lake For Swimming

EDITOR,
Independent-Journal:

A recent editorial questioned the popularity of the recreational areas of Marin County. The problem involves water.

Older people enjoy quiet lunches in the shade of the sylvan groves, and little children delight in the pebbly brooks. But the energetic teens, twenties and thirties consider no outing enjoyable without swimming.

The ocean and the bay are too cold for all but the bulbous few. There isn't a single lake in this county open for water sports.

Berkeley has its beautiful lake in Tilden Regional Park, Oakland its popular Lake Temescal, the Peninsula attracts thousands to Searsville Lake, Sonoma County offers the Russian River and Lake Berryessa supplies the need in Napa County.

The natural beauty of Marin's hills surpasses the attractiveness of these other areas. Steps should be taken to provide a public lake.

County Road Work Haphazard

EDITOR,
Independent-Journal:

Patch upon patch and a hole in the middle.

Concerning the County Road Dept. It does haphazard work, which is NO reflection on the truck drivers and operating engineers that work for the county, but on poor superintendents and foremen.

For instance, their hauling dirt for three miles over our thin skin roads here in Woodacre, to fill the hole over the tunnel, when there is a road that needs widening one-half block from the hole over the tunnel, from where they could have got the dirt.

They recently paved a passing lane on White's Hill without first placing road base, now they are and will have a steady job patching it from now on.

Such practices will never let them catch up with the new pavements needed so badly in this county.

Should Allow Overnight Stays

EDITOR,
Independent-Journal:

In reply to your editorial (March 28) about the decrease of patrons to the state parks.

I cannot say anything about other state parks, but I feel I can say I for one, and I have heard from several other residents, express ideas against the asinine rule by the State Park Commission, that only daily parking will be allowed in the park here, Stinson Beach State Park.

I have had strangers stop me and ask where they could stay overnight.

It is not very pleasant to have to tell them that there is no place they are welcome to park in our state park overnight. Especially so, when there are small children who are tired out from the far from easy trip over these hills. I have noted sometimes that there were more than one car in a party.

I have always found, when I had dealings with the public, it was more profitable to encourage the patronage of those who stop, than to advertise and then not produce.

Reference To Christ Sacrilege

EDITOR,
Independent-Journal:

I want to offer a few thoughts and remarks on the occasion of your one-hundreth anniversary.

First I would like to remind you that the usual outcome of patting one's own back is a broken arm.

Second, let me remind you of the anecdote that you occasionally print concerning individuals who live to great age although they have violated every good health practice.

Third, and in a very serious vein, I must comment on your editorial of March 30. It strikes me as more than sanctimonious to invoke the name of Jesus Christ to protect your rather inadequate editorials from criticism — many of your readers probably consider it sacrilege.

Services Council Not Budget Unit

EDITOR,
Independent-Journal:

A recent article in the Independent-Journal reported that the Marin Council of Community Services has requested the Boy Scouts of Marin to submit quarterly budget reports for examination and evaluation.

I should like to clarify the above statement.

The council has not made such a request as budgeting of agencies is not our function. The misunderstanding may have arisen due to the fact that the Bay Area Welfare Planning Federation has asked for statistical information on membership participation from youth serving agencies in Alameda, Contra Costa, Marin, San Francisco and San Mateo counties. The health, welfare and recreation planning councils in each of the five counties has been asked to assist in the endeavor. Compliance with the request for the service data is voluntary.

The Marin Council of Community Services' relationship with all of its 52 affiliate organizations, both public and private, is purely on a voluntary basis, as the Council has no authority or desire to impose regulations upon its member agencies.

SHEEP WIRED FOR SOUND

Farmers in Australia have a new device to help them keep in close contact with their more than 100 million widely scattered sheep.

A tiny radio transmitter is attached to the back of the sturdiest sheep in a flock. Through it, the periodic "bleep" is relayed to the farmer on his direction-finder set.

Since sheep always follow their leader, there is little chance that many of them will go far astray without being quickly located.

Another advantage of keeping sheep "on the air" is that help can be rushed quickly to flocks in need. Up to 25 per cent of the 40 million lambs born every year in Australia die within the first few months, so this should mean a great saving.

Science is benefiting both man and beast in many ways. But it is more deeply satisfying to realize that the Good Shepherd is in constant contact with each of us in all our wanderings through life, and is ever ready to help us.

"I am the Good Shepherd, and I know mine and mine know Me." (John 10:14)

Do You Want A Liberal Education? Run For Something—Anything

NEW YORK (AP)—No one's education in life is quite complete until he seeks to be elected something or other.

It isn't necessary to seek high public office—to aspire to be a senator or a governor or a tenant of the White House.

Running for the presidency of a private club or organization of any kind can be equally enlightening as to the vital dynamics of democracy.

You are an ordinary man reasonably content with an ordinary job, a wife and two ordinary children. You rather unwillingly join P-TA because —well, you feel you ought to.

You sit silent through the first few meetings. Then, one night, when the audience is asked for suggestions as to how to improve the school, you get up.

"Why don't we get the gym mats cleaned? They look pretty dirty," you say.

Later Joe Doakes, one of the king makers of the organization, approaches you.

"That was a mighty constructive proposal you made. This outfit needs fresh minds and new blood. How about you running for president?" he says.

A week later a second faction appears with a candidate whose slogan is, "Why imperil our children's safety with used gym mats? Let's buy new gym mats!"

A third candidate then arises with the cry, "Let's build a new gym." Then a fourth candidate emerges with an even hotter issue: "What our community deserves is a brand new school."

The whole situation has changed. Instead of being a forward-looking liberal, you are now tagged as a foot-dragging old fossil with his mind in the past, a real drag on the community.

Old enemies suddenly become warm friends, and old friends unexpectedly become new enemies. You have a strange sense of unreality.

COMES ELECTION night and you are badly swamped. The P-TA overwhelmingly votes in as president the guy who plumped for a three-million-dollar bond issue to build a new school.

You are a defeated man. But you have learned things about yourself and your community you never could have discovered unless you had run for an elective office, and submitted yourself to the voting discipline of your fellow man.

"Backward, March!"

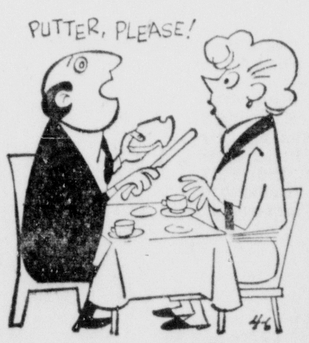
TRY AND STOP ME

BENNETT CERF

One bright spring morning a commuter announced to his wife at breakfast, "It's too nice a day to go to the office."

"Good," said the wife, "but don't think you're going to play golf. There are a lot of things that need doing around the house."

"Golf was the furthest thing from my mind," protested the husband, fingering a piece of toast. "Now would you mind passing me the PUTTER?"



A summer stock company graduate got his first job on Broadway: a small part of a melodrama. His first line followed the firing of a shot. He was required to express surprise and say, "Was that a cannon I heard?"

He rehearsed perfectly, but was undone by opening night jitters. The gun was fired. The actor jumped two feet and exclaimed, "What the hell was that?"

It's easy, insists Morey Amsterdam, to single out the kid in a crowd who hails from Texas. He's the one toting the pearl-handled slingshot.

Science Fair Projects Capture Attention Of San Rafael Board

SAN RAFAEL BOARD of Education members found much to impress them in the elementary grade science fair projects on display at their meeting last week.

And everyone present agreed with Robert Shore, director of the San Rafael schools' "more able learner" program, that the projects showed the high quality of science work being carried on in the local classrooms.

Some of the youngsters' abilities and interest in science have quite amazed their teachers. Walter Benson, science instructor at Santa Venetia junior high, told about the young fellow who has become something of an expert on crystallography.

"I feel like a child when I talk to the boy," said Benson.

A professor from the University of California agreed to discuss crystallography with the boy. He spent three hours with him and was amazed at the questions the youngster asked, Benson reported.

AND THEN THERE was the pupil who had kept a beautiful diary on how she watched beans grow. When some sprouts poked their way up, her father pushed them down again. Pupil's conclusion: "I should tell my father to leave my experiment alone." (P.S. —she won a prize for the project).

Some of the exhibits that intrigued board members: a fifth grade girl's project on sulphur; a second grade boy's insect collection; a telegraph key built by two boys, and a project by a third grader on "are ants social insects?"

ONE OF THE sergeants at the San Rafael California Highway Patrol office became a father for the fourth time couple of Saturdays ago. So he called the office and said he wouldn't be to work that day. He was taking sick leave, he joked, "I just had a baby."

"Okay," said a fellow officer. "We'll put it on the radio." And don't you think that happy message didn't go out on the air to all units. It sure did.

The San Rafael Board of Education had a request for use of high school facilities for a folk dance festival. "They can't use the grass," advised assistant superintendent Ray Simpson, "because they'll be knee deep in fertilizer."

A Tiburon resident reports a family of swallows came back to Keil Cove the same day they returned last year. It was the day before the swallows were due back at Capistrano.

WHAT WITH THE three million dollar Tamalpais High School District bond issue and other fiscal measures going before the voters soon, it's interesting to read of a survey by the Associated Press education writer. He used Parma, Ohio, and St. Louis, Mo. for his case studies, rang doorbells, asked questions, and isolated three factors operating against efforts to raise needed school funds locally—apathy, ignorance and resistance to taxes.

One citizen in Parma commented: "I didn't vote in May, and I didn't vote in November. I'm busy. I've got four kids to look after. And what difference does it make? We'll always have schools."

A St. Louis housewife, upset over a 29.5 million dollar bond issue, said: "It's criminal the way they have raised our property taxes. You just wouldn't believe how much they're soaking us." But she couldn't tell the reporter whether her property taxes were closer to $100 or $1,000."

The same type of comments could be heard in the Tam District, as any of the citizen committee members could tell you.

We'll always have schools? Perhaps so, but what kind of schools?

If Religious School Loans Added To Federal Aid Bill, It Won't Pass

WASHINGTON—The Kennedy program of aid to education — which the President considers most important—today faces great uncertainties.

Most of what the administration is asking from Congress on other matters will be forthcoming. But the political forecasts for the bill are: "cloudy, with heavy storms."

The heart of the problem is whether the administration can get the Senate and House to act first and exclusively on aid to public schools only.

On this issue there is overwhelming public support and undoubtedly ample votes in Congress. But if loans to parochial and other religion schools are added to the Kennedy program and Congress is required to say yes or no to the whole package, the answer is likely to be no.

THE JUDGMENT of legal experts in the government supports President Kennedy —that loans to religious schools are unconstitutional.

This memorandum, which went to Congress last week, strengthens the case for separate consideration of the two proposals — federal aid through grants to public schools and federal aid through loans to religious schools. Congress could thus weigh the wisdom and the constitutionality of aid to religious schools independently. Sens. Morse of Oregon and Clark of Pennsylvania are introducing such a separate bill.

The Gallup poll shows 57 per cent of the country supporting President Kennedy's plan to aid public schools. The proposal to aid both public and religious schools gets only 36 per cent approval.

THESE DEVELOPMENTS are favorable to the Administration bill. But there is no solid assurance that the two measures — grants to public schools and loans to religious schools—will not be merged into one package. Then supporters of federal aid would be forced to decide whether to do both—or nothing.

When the administration measure comes to the floor of the Senate, the Clark-Morse Bill could be moved as an amendment. In the House, Majority Leader John W. McCormack, a strong advocate of loans to religious schools, favors combining the two measures.

The threat to public school aid does not only come from those who want to include parochial schools. Obviously it is endangered by the pressure of the National Catholic Welfare Conference in its decision to oppose aid to public schools unless Congress aids parochial schools.

BUT THE GREATEST threat to the Kennedy bill is the combination of those who want aid to parochial schools and those who want no bill at all. Those Congressmen who in the past supported the Powell desegregation amendment as the best device for killing aid to education, will soon be supporting religious school aid as the means of defeating all aid.

John Codman Adds Initials CPM (Certified Property Manager)

John Codman, property manager and sales associate with Frank Howard Allen and Son's Sausalito office, has recently been elected to the Institute of Real Estate Management, an affiliate of the National Assn. of Real Estate Boards. He can now add C.P.M. after his name (certified property manager) and enjoy the distinction of being the only one in the county.

Codman has been with Allen's offices since October, 1959. He received his original training in property management with his father's firm in Boston.

SOME 800 real estate authorities are expected to attend the Pan Pacific Appraisal Conference in San Francisco April 18 to 22, according to Richard M. Robbins of Sausalito who is conference committee general chairman and with Equitable Life Insurance Co.

The conference is sponsored by the American Institute of Real Estate Appraisers and will hold its meetings in the Sheraton-Palace Hotel. Delegates will be taken on inspection tours of major real estate developments in the Bay Region.

ANOTHER AUCTION of unclaimed storage goods will be held this Saturday, April 8, at 10 a.m. at the warehouse of Carlson's Moving and Storage located directly behind the giant screen of the motor movies in San Rafael. The spot may be reached from the service road connecting the east and west sides of Francisco Boulevard.

Owner Gerald D. Fries says there will be quite a selection of stoves, refrigerators, furniture, TV sets, bric-a-brac and a substantial number of barrels, boxes, cartons and trunks.

The latter items are sold as deposited in storage—contents unknown—and are always popular among bidders as "surprise packages."

FRED A. BANDUCCI, San Rafael insurance agent, will serve as a moderator for one of the seminars being presented today through Saturday in Carmel at the institute sponsored by the Chartered Property and Casualty Underwriters, a professional insurance organization.

The theme of the program is "Insurance in Evolution." Banducci will lead the discussion on "Direct Billing—Is It for the Producer?"

MOTORCRAFT. Comes now the season of the two-door sport coupe. Ford led off with an announcement that Falcon will appear this month with bucket seats like the Thunderbird; Lincoln-Mercury will dress up the Comet likewise. Pontiac offers the Tempest in the same motif for late this month and Buick has announced the new Skylark for six weeks hence. More, no doubt, will follow . . . Buick and Oldsmobile are also featuring the three-seat station wagon in their Special and F-85 models, with the third seat facing the rear.

STUDEBAKER - PACKARD now has as many separate businesses as car models. Latest to join the family under its diversification program is Chemical Compounds, Inc. of St. Joseph, Mo., distributor for additives for motor oil and fuel.

Others carrying the parental blessing are Onan Division, Minneapolis manufacturer of gasoline and diesel engine driven electric generating plants, Clarke Floor Machine Division, Muskegon, Mich., Gravely Tractor Division, Dunbar, W. Va., Gering Plastic Division, Kenilworth, N.J., and the CTL Division, Cincinnati—high temperature thermalshieldings for missiles. Studebaker-Packard also controls Mercedes-Benz Sales, Inc. in America.

All of which are keeping STC's profits up this year—even without the recent surge in Larks resulting from its recent TV talking horse program "Mister Ed."

Today is Thursday, April 6, the 96th day of the year with 269 more in 1961.

The moon is approaching its last quarter.

The morning stars are Jupiter and Saturn.

The evening star is Mars.

On this day in history:

In 1789, the first federal Congress of the United States got under way as a joint session of the Senate and House convened in New York City.

In 1830, Joseph Smith organized the Church of Latter-Day Saints, commonly known as the Mormon Church.

In 1866, veterans of the Union Army organized the Grand Army of the Republic.

In 1909, Robert Edwin Peary became the first civilized man to reach the North Pole.

In 1959, the United States picked seven men to train for space flight.

A though for today: Oliver Wendell Holmes said: "The world's great men have not commonly been great scholars, nor its great scholars great men."

Should A Diligent But Retarded High School Senior Be Graduated?

Should high schools have rigid graduation requirements? Or should their standards be flexible enough to let some retarded students graduate? A majority of you who read this column favor flexibility. Does that surprise you? It does me.

Last month I told you about "Harry," 19, who is a slow learner and now in the 12th grade. He'll never meet the standard requirements for graduation. But he tries hard, is a good citizen. I asked you whether or not Harry should graduate with his class. Many of you answered. Thanks for your letters, friends.

About 40 per cent of you said standards were standards, and should be maintained. You said you were sorry for Harry. You thought that he might well get some sort of a certificate of attendance but that he shouldn't get a diploma or take part in commencement.

About 60 per cent of you said Harry should graduate. Some suggested that a note be attached to his diploma, saying it isn't a regular one. Many wanted to make sure Harry doesn't try for college. But you definitely disagreed with those who want rigid, inflexible standards

I've forwarded your letters to the principal of Harry's school. It is located in another state, not here. The principal will make the final decision. My personal recommendation? I suggest Harry be given a certitficate of attendance, and be allowed to take part in the commencement exercises. I do not think that he should get a regular diploma. Standards should be maintained. But I think Harry should be spared the heartbreak of being denied his commencement ceremony.

READERS' FORUM

(Q) "Our son is in sixth grade. He has several friends, but does not belong to a gang. He does well in school. He is not a sissy but has just never been interested in organized groups. Is something wrong?"

Mrs. R.

(A) Probably not. Some children aren't joiners. Usually if they have a few friends and are doing well there is nothing to worry about.

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

New Administration Plans Fewer Stamps

WASHINGTON (AP) — With a new administration running the postal service, the outlook is for substantially fewer issues of special commemorative stamps.

This is in line with personal views of J. Edward Day, who became postmaster general in January, succeeding Arthur E. Summerfield.

Under existing law, the postmaster general has the final say on the subjects to be honored with special stamps, where and when they will be issued and what the design should be.

Day has no criticism for the liberal special stamp policies of some of his predecessors, but he does have some emphatic opinions in this field.

James F. Kelleher, Day's special assistant for public information and the postmaster general's closest adviser on special stamp issues, puts it this way:

"We are going to have a commemorative 'stamp program. The postmaster general believes such stamps, properly used, are a singularly appropriate way to memorialize events and people of the past and present.

"On the other hand, we believe any wholesale, indiscriminate issue of commemorative stamps somewhat lowers or lessens the value of each given one.

"There is no question about the special stamp being one of the few money-makers the department has, but we are going to issue fewer each year, hoping to produce items of real significance in each instance."

The new administration has announced its first proposed commemorative issues—a modest program of five stamps marking the centennial of the Civil War.

They will be issued over a five-year period at the rate of one a year, commemorating the great landmarks of the war, starting with Fort Sumpter (April 12, 1961) and running through Appomattox (April 9, 1965).

Under Postmaster General Summerfied, the Post Office Department put out 128 special stamp issues in eight years, 20 of them in 1959 and 34 last year. None of the Summerfield years matched the 1940 record of 44 "specials" issued when stamp collector Franklin D. Roosevelt was in the White House.

Summerfield aides estimated to Congress that special stamp profits were running to around 30 million dollars a year, since so many were picked up by collectors for their albums.

On the other hand, Kelleher says many a stamp clerks feel large stocks of a wide variety of special issues tend to slow down the efficiency of stamp window operations and stamp collectors have expressed concern over the frequency of the special issues.

Summerfield maintained a special citizen's stamp advisory committee to screen scores of requests received each year for special stamps and make recommendations to him.

The advisory group included three representatives of philatelic organizations, three artists from the major associations in their field and the deputy director of the U.S. Information Agency.

Postmaster General Day says he expects eventually to set up a new advisory group

Law Limiting Parking Gets Sausalito Nod

Parking restrictions with strict penalties are contained in an ordinance adopted by the Sausalito City Council Tuesday night.

The ordinance restricts parking on portion of both sides of Rodeo Avenue, from Woodward Avenue to Highway 101; on Woodward Avenue from Testa Street to Marin Avenue; on Sausalito Boulevard from Fourth Street to Highway 101. Vehicles parked in violation will be towed away; Violators are liable to a $50 fine or five days imprisonment or both. The council also

1. Set for April 18 a public hearing on rezoning from duplex to apartment category a portion of the J. Willma Weber property at South Street and Alexander Avenue.

2. Expressed appreciation to the Sausalito zoning advisory committee on recommended changes for residential zoning. Among proposed changes, read by Bruce Bernhard, was one to ask for two parking places for each single family dwelling in place of the present one.

3. Introduced an ordinance to exclude hotels from Bulkley Avenue, Harrison Street, Santa Rosa between Bulkley and Harrison, and Princess Street.

4. Approved payment of $24,350 to Harry Braun for the lot adjacent to the fire station.

5. Heard an opinion from Ehlen interpreting the ordinance to read a minimum of three offstreet parking spaces in a commercial zone for the first 1,000 square feet of land. Prior to this the city has interpreted the ordinance to read four parking spaces.

$500 Watch Reported Missing From Home

A woman's watch, worth $500, is missing from a home on San Pedro Road outside San Rafael, the owner reported to the sheriff Tuesday afternoon. Mrs. Eugene F. Sweeney of 761 San Pedro Road, reported the theft to Sheriff George Congdon. He said there was no evidence of a break-in.

'The Sound Of Miles Davis' May Liven Your Jazz Concept

Mention jazz to the uninitiated or the only casually interested and he is likely to think of Louis Armstrong, Benny Goodman, Stan Kenton and the "concert hall" artists such as George Shearing and Andre Previn. For the real jazz addict, however, the name that usually comes first to mind is that of Miles Davis.

The former Juilliard School of Music student produces from his trumpet music that is both beautifully lyrical and stimulatingly experimental. You can hear "The Sound of Miles Davis" for yourself tonight at 8:30 on KQED during a special one-hour "The Robert Herridge Theater" program devoted to jazz.

Davis and his quintet will be featured in the first half-hour. The fivesome includes in tenor sax player John Coltrane a musician even less restrained and further from the jazz mainstream than leader Davis. They'll play a Davis original to open the show, and then will be joined by Gil Evans, a talented arranger-conductor, and his 19-piece orchestra in three more numbers.

New York critic Jack O'Brian has described the performance as being "as close to pure popular art as TV can be."

But if you find Davis, Coltrane and colleagues a little "far out," stay tuned to Channel 9. The second half of the show will be divided between saxophonist Ben Webster and his group, jazz traditionalists, and young pianist Ahmad Jamal and his trio playing with a Shearing - Previn - Garner - like ballad touch.

Miles Davis, incidentally, currently is performing in San Francisco's Blackhawk Club.

TOMORROW NIGHT at 8:30 KQED will take a close look at a different kind of musician—the brilliant young classical pianist Glenn Gould.

The special one-hour show will focus on Gould both "Off The Record" (relaxing at his cottage retreat on Lake Simcoe in Ontario, Canada) and "On The Record" (en route to and at work in a New York recording studio playing Brahms' "Italian Concerto"). The two half-hour films were produced by the National Film Board of Canada.

BACK IN 1923 Hollywood spent the astronomical figure of a million dollars to make a motion picture of Victor Hugo's "The Hunchback of Notre Dame." Lon Chaney Sr. was cast in the title role, and it rocketed him to stardom. Since then five other versions of the Hugo classic have been filmed, but Chaney's pre-talkie portrayal of Quasimodo is still generally considered the best. You can see it tonight at 10:30 on KGO in "Silents Please," the ABC showcase for vintage films.

KPIX has scheduled for 7:30 tonight a look into "The Issue of Fraternities" with John Weston presiding. It's the result of the recent controversy at Stanford.

Also tonight, at 10:30 on KPIX, Rt. Rev. James A. Pike, Episcopal bishop of California, one of our most articulate clergymen, will answer queries on controversial issues of the day on the program, "Question!"

And if you are one of those who enjoy taking the invitation "Sing Along With Mitch" literally, you can start running over "Meet Me in St. Louis," "The Good Old Summer Time," "When Irish Eyes Are Smiling" and "When the Saints Go Marching In," all to be included on Mitch Miller's bi-weekly songfest tomorrow night at 9 on KRON.

SPACE GAL — Svelte Jean Hale is a regular dancer on the "Sing Along With Mitch" show, seen Fridays at 9 p.m. on KRON (Channel 4).

A LETTER TO THE PEOPLE OF SAN RAFAEL

I must tell you now that in my entire 53 years, I do not recall having done anything that has been as gratifying (except when marrying my wonderful wife!) as this election campaign that is now behind me.

I never before realized how many good people lived in our city. Reaching you through one medium or another has been a priceless experience. I am sorry that I didn't get to meet each of you face to face in my door to door campaign. Many of you were not at home when I called.

The many kindnesses shown me, the friends I've made, the open, honest expressions made to me! Well, — I just didn't know people could be so kind. I am grateful beyond words.

And you may be sure, should you entrust me with your vote Monday, I will not fail you. Because I want nothing more than to make you proud you voted for me.

Most Sincerely yours,

JOE FILIPPO
